NEW ELECTRONIC MESSAGE SIGN ON TAREN POINT ROAD

I welcome the installation of the new electronic message sign on Taren Point Road, north of Box Road which I inspected today with the Parliamentary Secretary for Transport and Roads, Ray Williams. I understand the sign will be operational in the next couple of weeks.

I expect that it will help motorists plan their journey by providing upcoming traffic condition information such as the location of crashes, events, delays, and detours.

The sign will advise northbound motorists of incidents and potential delays on Rocky Point Road, Princes Highway, President Avenue, General Holmes Drive, Southern Cross Drive and Sydney CBD.
