Night work on the Central Coast Highway (The Entrance Road), Long Jetty from Sunday 17 June

The NSW Government is providing $2 million for improvements along The Entrance Road to alleviate traffic congestion and improve pedestrian connections and safety.

Roads and Maritime Services provided information in October 2016 about investigations and traffic studies following the NSW Government announcing $2 million funding to improve traffic flow and pedestrian safety along this busy section of the highway at Long Jetty.

Planning is well advanced on the package of work and we will be providing an update to the community on the intended work in late 2018. Some initial minor work has been identified which will be implemented in the coming weeks.

The initial work will involve improving existing signalised pedestrian crossings, pram ramps and line marking between Stella and Elsiemer streets and between Anzac and Archbold roads.

We will also be installing a traffic monitoring camera at the Swadling Street traffic lights to monitor and adjust traffic light phasing to help improve traffic flow for northbound traffic.

We have provided maps to show the location of work.

We will be working between 7pm and 5am from Sunday to Thursday and expect to complete the work in three weeks, weather permitting. We will let you know in advance if we need to do any work outside these times.

We will return later in the year to carry out additional traffic congestion alleviation work at several locations identified during the investigation and design stage. We will let you know in advance of this work starting.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures, traffic control and a reduced 40 km/h speed limit will be in place during work hours which may affect travel times.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
Contact

If you have any questions, please contact our Project Manager, Josh Alce on 02 4352 5457 during business hours or josh.alce@rms.nsw.gov.au.

Outside of business hours, you can contact our Works Supervisor, Frank Sheldrake on 0438 691 628.

Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 02 4352 5457.

Pedestrian improvements on the Central Coast Highway (The Entrance Road), Long Jetty, between Archbold and Anzac roads

Central Coast Highway (The Entrance Road)

Existing pram ramp access and push button pole will be relocated on the new concrete pedestrian island.

Key:
- New concrete pedestrian island
- New line marking
- Existing pram ramp will be relocated on the new pedestrian island
- New location of existing push button pole
