

Australian Government

BUILDING OUR FUTURE

January 2017

Night work and extended Saturday working hours on Tourle Street and Cormorant Road at Kooragang from Wednesday 1 February 2017

The Australian and NSW governments have each committed funding for this project to improve traffic flow and cater for future traffic growth.

Roads and Maritime Services has engaged WBHO McIlwain Joint Venture to duplicate 3.8 kilometres of Tourle Street and Cormorant Road between Industrial Drive, Mayfield West and Egret Street, Kooragang, including the construction of a second bridge over the Hunter River.

Upcoming work involves:

- Removing existing line markings and concrete islands on the road and replacing with new line markings and barriers
- Installing new signage to improve safety
- Bridge construction including excavation and concrete works at the Hunter River
- Delivery of large equipment and materials on Tourle Street and Cormorant Road
- Asphalt activities on Tourle Street and Cormorant Road
- Utilities, drainage and concreting activities on Tourle Street and Cormorant Road.

To minimise traffic disruptions, some of the work will be carried out at night and outside standard working hours.

Intermittent night work will be carried out within the project area from **Wednesday 1 February to Friday 31 March 2017**, weather permitting. The work will be carried out **Sunday to Friday** between **6pm** and **7am**.

We will also be working extended Saturday hours from **Saturday 4 February to Saturday 25 March** between **7am** and **6pm**, weather permitting.

We will continue to work **Monday to Friday** between **7am** and **6pm**, weather permitting.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise noise by:

- Arranging the work in stages at different locations
- Using the minimum amount of machinery necessary and turning off the machinery when not in use
- Monitoring worker behaviour to ensure noise is kept to a minimum.

Traffic changes

Temporary traffic changes will continue to be in place to ensure the work zone is safe.

Lane closures may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our construction partner on 1800 471 488 (24 hours) or email community@ts-jv.com.au. For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.
