

## Night work and extended weekend hours on Tourle Street and Cormorant Road, Kooragang, from Friday 1 June

The Australian and NSW governments have each committed funding for this project to improve traffic flow and cater for future traffic growth.

Roads and Maritime Services has engaged WBHO McIlwain Joint Venture to duplicate 3.8 kilometres of Tourle Street and Cormorant Road between Industrial Drive, Mayfield West and Egret Street, Kooragang, including construction of the second bridge over the Hunter River.

Upcoming work includes:

- installing final asphalt pavement on Tourle Street and Cormorant Road
- removing temporary line marking and installing permanent line marking for final traffic arrangements
- completing new safety barriers on Cormorant Road
- signage and landscaping activities on Tourle Street and Cormorant Road.

To minimise traffic disruptions, some of the work will be carried out at night and outside standard working hours.

Night work will be carried out occasionally between **6pm** and **7am** from **Friday 1 June** and **continue for one month**, weather permitting.

We will be working extended weekend hours between **7am** and **6pm** from **Saturday 2 June** to **Sunday 1 July**, weather permitting.

We will continue to deliver the majority of work between **7am** and **6pm**, from **Monday** to **Friday**.

**No work will be carried out during the long weekend between Saturday 9 June and Monday 11 June inclusive.**

### How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by:

- arranging the work at different locations
- using the minimum amount of machinery necessary and turning the machinery off when not in use
- monitoring worker behaviour to ensure noise is kept to a minimum.

## Traffic changes

Temporary traffic changes will continue to be in place to ensure the work area is safe.

Lane closures may affect travel times. Please keep to speed limits and follow the direction of traffic controllers, traffic lights and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Contact

If you have any questions, please contact our construction partner, WBHO McIlwain Joint Venture, on 1800 471 488 (24 hours) or email [Community@ts-jv.com.au](mailto:Community@ts-jv.com.au).

For more information on our projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au).

Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 471 488.
