Field investigation work on Pennant Hills Road, Pennant Hills from Monday 16 January

The NSW Government is funding this project as part of its $246 million Pinch Points and Clearways Program, which aims to reduce congestion and improve travel times on Sydney’s busiest road corridors.

In December 2016, Roads and Maritime Services sought feedback on proposed intersection improvements on Pennant Hills Road at The Crescent. We are currently in the process of reviewing the community feedback and will keep you updated as the proposal progresses.

In order further inform the design process we will be carrying out utility survey and geotechnical investigation work. The work will take place in the median on Pennant Hills Road at the intersections of Yarrara Road and Fisher Avenue.

We have included a map to help explain the location of the work.

The investigation work may take four night shifts to be carried out from Monday 16 January to Monday 13 February, weather permitting. Our night working hours will be from 9:30pm to 4am.

How will the work affect you?

There may be some noise associated with this work, but we will complete it as quickly as possible to minimise any disruptions.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures may be in place and will affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call the project manager Maziar Neyakivi on 0407 451 100 (during business hours) or email pinchpoints@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
