

Work continuing on Boundary Street, Roseville (between the Pacific Highway and Melnotte Avenue) from Sunday 12 June

The NSW Government is funding this \$20 million project as part of its \$246 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney's major roads, particularly during weekday peak periods.

Roads and Maritime is continuing to deliver this project, which includes:

- Widening Boundary Street on the northern side from the Pacific Highway to Melnotte Avenue
- Installing traffic lights on Corona Avenue at the intersection of the Pacific Highway
- Providing two dedicated left turn lanes from Boundary Street onto the Pacific Highway
- Providing one dedicated right turn lane from Boundary Street onto the Pacific Highway, as well as one shared right turn and through lane from Boundary Street to allow access into Corona Avenue
- Providing two dedicated eastbound lanes on Boundary Street between the Pacific Highway and Archer Street
- Providing a dedicated right turn lane from Boundary Street into Archer Street
- Making the Hill Street intersection left turn in and left turn out only

We have included a map to help explain the project.

Work completed so far includes utility adjustments, stormwater drainage improvements and road widening on Boundary Street east of Archer Street. The next stage of work includes further utility adjustments, stormwater drainage improvements and road widening on Boundary Street east of the railway bridge. It also includes starting utility adjustments west of the railway bridge.

We will continue working up to **five nights a week** until **late August**, including some **weekends** and **public holidays**. Our **night work** hours will be from **8pm** to **5am**, with less noisy construction work between **midnight** and **5am**. We will also be working from **7am** to **6pm** between **Mondays** and **Fridays** and from **8am** to **1pm** on **Saturdays**.

How will the work affect you?

There will be some noise associated with this work but we will make every effort to minimise noise by completing noisiest work by **midnight**.

Temporary traffic and pedestrian changes

There will be some temporary traffic changes to ensure the work zone is safe. The changes to traffic and pedestrian access include:

- No access into Hill Street from Boundary Street
-

- Hill Street will remain one way southbound between Victoria Street and Boundary Street, allowing vehicles to turn left into Boundary Street
- Temporary pedestrian diversions along Boundary Street.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner DownerMouchel on 1800 332 660 or email enquiries_nsw@downermouchel.com
