Work continuing on Boundary Street, Roseville (between the Pacific Highway and Melnotte Avenue) until Thursday 13 October

The NSW Government is funding this $20 million project as part of its $246 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney’s major roads, particularly during weekday peak periods.

Roads and Maritime is continuing to deliver this project, which includes:

- Widening Boundary Street on the northern side from the Pacific Highway to Melnotte Avenue
- Installing traffic lights on Corona Avenue at the intersection of the Pacific Highway
- Providing two dedicated left turn lanes from Boundary Street onto the Pacific Highway
- Providing one dedicated right turn lane from Boundary Street onto the Pacific Highway, as well as one shared right turn and through lane from Boundary Street to allow access into Corona Avenue
- Providing two dedicated eastbound lanes on Boundary Street between the Pacific Highway and Archer Street
- Providing a dedicated right turn lane from Boundary Street into Archer Street
- Making the Hill Street intersection left turn in and left turn out only.

Work completed so far includes utility adjustments, stormwater drainage improvements and road widening on Boundary Street east of Archer Street.

What happens next?

The next stage of work includes further utility adjustments, stormwater drainage improvements and road widening on Boundary Street east of the railway bridge. It also includes starting utility adjustments west of the railway bridge.

We will continue working up to five nights a week until 13 October, including some weekends and public holidays. Our night work hours will be from 8pm to 5am, with less noisy construction work between midnight and 5am. We will also be working from 7am to 6pm between Mondays and Fridays and from 8am to 1pm on Saturdays.

How will the work affect you?

There will be some noise associated with this work but we will make every effort to minimise noise by completing noisiest work by midnight.

Are you studying for the Higher School Certificate?
We are planning our future work program and would like to know if there are any students residing near the project area, who are sitting for Higher School Certificate examinations from Thursday 13 October to Friday 4 November 2016.

If a member of your household is studying for the Higher School Certificate, please contact our delivery partner DownerMouchel by Friday 26 August.

**Temporary traffic and pedestrian changes**

There will be some temporary traffic changes to ensure the work zone is safe.

We re-opened Hill Street to the public on Friday 22 July but will need to restrict access again from Tuesday 23 August to Sunday 25 September to complete the next stage of works.

The changes to traffic and pedestrian access include:

- No access into Hill Street from Boundary Street
- Hill Street will remain one way southbound between Victoria Street and Boundary Street, allowing vehicles to turn left into Boundary Street
- Temporary pedestrian diversions along Boundary Street.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

**Contact**

If you have any questions, please contact our delivery partner DownerMouchel on 1800 332 660 or email enquiries_nsw@downermouchel.com
