The NSW Government is funding this project as part of its $225 million Pinch Point Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney’s major roads.

The upgrade was opened to traffic in September 2017 and included improvements to the intersection of Boundary Street with the Pacific Highway and Corona Avenue. The project has helped to improve traffic flow and safety for road users.

We have included a map to show the location of the work.

The next stage
We have secured access to critical utilities and will return to site to complete the final stages of the work, including:

- connecting the new and existing water mains
- finishing footpath construction
- asphalting and road marking
- final traffic signal upgrade work
- landscaping and final restoration work.

Our work schedule
We will be onsite to complete the final stage of work for **30 day shifts** and **70 night shifts**, over **sixteen weeks**, between **Friday, 2 February, 2018** and **Friday, 25 May, 2018**, weather permitting.

Our day shift hours will be between **7am** and **5pm** from **Monday** to **Friday** and between **8am** and **1pm** on **Saturdays**. Our night shift hours will be between **9pm** and **5am** from **Sunday to Friday**. We will not be working on public holidays.

How will the work affect you?
Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by **midnight**.

Traffic changes
There will again be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures will be in place and may affect travel times.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact us
If you have any questions or would like more information on this project please contact our project team:
