Night investigation work for proposed intersection improvements at Canterbury Road and King Georges Road, Wiley Park, from Monday, 5 February

The NSW Government is funding this proposal as part of its $300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney’s busiest corridors

Roads and Maritime Services will be carrying out investigation work which includes underground utility, stormwater drainage surveying to help inform the design of the project.

We have included a map to show the location of work.

Our work schedule

We will be on site for nine night shifts between Monday, 5 February and Friday 16 March, weather permitting. Our work hours will be between 8pm and 5am from Sunday to Friday.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier activities by 11pm.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our project manager, Henry Mi, on 1800 572 004 during business hours or pinchpoints@rms.com.au.

For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
