The NSW Government is progressing with the development of the F6 Extension Stage 1 between the New M5 Motorway at Arncliffe and President Avenue at Kogarah.

Roads and Maritime Services will be carrying out geotechnical investigations at the corner of West Botany Street and Eve Street, Arncliffe. We have included a map to show the location of the work.

These geotechnical investigations are being carried out to gather information about the ground conditions within the F6 Extension Stage 1 project area. The investigation work will involve drilling a borehole to extract soil samples using borehole drilling equipment. To carry out the work, light vehicles, drilling rigs and a trailer mounted generator will be in use. Heavy vehicles will not be used.

**Our work schedule**

We will be working between Thursday, 6 December and Thursday, 20 December, weather permitting.

Our work hours will be between:

- Monday to Friday, 7am and 6pm
- Saturday, 8am to 1pm (if required).

The work will take around ten days to complete at the corner of West Botany Street and Eve Street, Arncliffe.

**How will the work affect you?**

Our work may be noisy at times but we will do everything we can to minimise its impact.

To ensure the work zone is safe, Roads and Maritime will install temporary fencing and traffic cones around the work area for the duration of the drilling work. Access to private property will be maintained.
Traffic changes
There will not be any traffic changes or changes to pedestrian access to footpaths associated with this work.

For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.
