Airport West precinct, Marsh Street, Arncliffe

The NSW Government is funding this project to improve traffic flow on Marsh Street, Arncliffe.

Roads and Maritime Services has been delivering this project to widen Marsh Street to three lanes westbound to relieve congestion and improve traffic flow.

All major work has now been completed and includes:

- widening of Marsh Street to three lanes westbound between Giovanni Brunetti Bridge and the M5 interchange
- providing a new dedicated cycleway on the southern side of Marsh Street to connect the existing path on the bridge to Eve Street cycleway
- providing a new pedestrian crossing at the intersection of Marsh Street and Flora Street

Upcoming work

Following completion of major work, we have recently removed the site compound from Levey Street. There is still some minor work to carry out in the new year which includes the following activities:

- removing and replacement of asphalt on Marsh Street between M5 and Rockwell Avenue
- installing a perimeter fence on Marsh Street approaching the Giovanni Brunetti bridge
- installing a cyclist guard rail on Marsh Street on the shared path westbound

We will carry out this work over 15 night shifts between Monday 8 January 2018 and Monday 29 January 2018, weather permitting. Our working hours will be between 8pm and 5am from Sunday to Thursday excluding public holidays.

We have included a map to show the location of the work.

If there is any further minor finishing work required after completion of this work, we will continue to keep the community informed of this.

How will this work affect you?

There will be some noise associated with this work. However, we will continue to make every effort to minimise its impact by completing the noisiest work by midnight.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

To minimise impact on traffic, lane closures will only be in place after hours, which may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.
