Airport West precinct
Marsh Street, Arncliffe

Project update - Major work finished
February 2018

The NSW Government has funded this project to improve traffic flow on Marsh Street, Arncliffe.

Roads and Maritime Services has delivered this project that provides:

- a third westbound lane on Marsh Street between Giovanni Brunetti Bridge and the M5 interchange
- a new dedicated cycleway on the southern side of Marsh Street to connect the existing path on the bridge to the Eve Street cycleway
- a new pedestrian crossing at the intersection of Marsh Street and Flora Street
- safer lanes for motorists by widening the existing eastbound and westbound lanes.

All major work is now complete and we have removed our site compounds from the area. We would like to thank residents and commuters for their patience during this important work.

Finishing work

To complete this project we need to carry out some finishing work to replace damaged telecommunication cabling.

We have included a map to show the location of the work.

We will be on site for eight night shifts between **Sunday 25 February** and **Monday 5 March**, weather permitting.

Our working hours will be between **8pm** and **5am** from Sunday to Thursday.

How will this work affect you?

There will be some temporary traffic changes to ensure the work zone is safe.

To minimise impact on traffic, lane closures will only be in place after hours, which may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit **www.livetraffic.com** or download the Live Traffic NSW App.
