Airport West precinct, Marsh Street, Arncliffe

The NSW Government is funding this project to improve traffic flow on Marsh Street, Arncliffe.

Roads and Maritime Services is continuing to deliver this project which involves widening Marsh Street to three lanes westbound. Work started in late February 2016 and is expected to be completed by 2017, weather permitting.

Hydro-demolition work

We will be on site between Monday 30 October and Monday 20 November to complete the installation of the concrete barriers along Marsh Street. As part of this work we will carry out hydro-demolition.

Hydro-demolition is noisy work involving high pressured jets used to break up asphalt. We will carry out hydro-demolition for up six shifts between 7am and midnight each day. This activity will stop daily between 6pm and 8pm to offer local residents respite.

Other activities associated with this work will include:

- jackhammering
- steel fixing
- forming and pouring concrete
- finishing work.

Our day working hours will be between 7am and 6pm from Monday to Friday. We will also work a reduced shift on Saturday between 8am and 1pm. Our night working hours will be between 8pm and 5am from Sunday to Thursday. We may occasionally work on Friday but will not exceed a maximum of five night shifts per week.

Traffic changes

To carry out this planned work, we will close a single westbound lane on Marsh Street between Flora Street and the M5 Motorway between Sunday 29 October and Sunday 19 November. Electronic message signs will be in place to advise motorists about the lane closure and traffic changes in the area.

The Marsh Street westbound shared pathway will be closed for this period and a detour route will be in place for pedestrians. There will be signs and traffic controllers on hand to advise the public of the detour.

We have included a map to show the location of the lane closure and the pedestrian detour.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.
Contact

If you have any questions, please contact our delivery partner Ventia Boral Amey Joint Venture, on 1800 677 700 or nswenquiries@vbajv.com.au.

Thank you for your patience while we carry out this important work. For more information on our projects, visit rms.nsw.gov.au.
