BUILDING OUR FUTURE

September 2017

Continuing night work on Narellan Road, from the TAFE/Western Sydney University access road to the Blaxland Road and Gilchrist Drive intersection, Campbelltown, from Saturday 30 September

The Australian and NSW governments are jointly funding the \$114 million Narellan Road Upgrade between Camden Valley Way, Narellan, and Blaxland Road, Campbelltown.

Roads and Maritime Services is delivering this important project to reduce congestion and improve safety and travel times. As part of the project, night work is continuing to upgrade the Blaxland Road and Gilchrist Drive intersection. This work will include:

- road widening and resurfacing
- asphaltting and line marking newly completed road pavements
- upgrading traffic signals
- installing new road barriers and signage
- landscaping.

We have included a map to show the location of the work.

Some of this work will take place at night to minimise impacts on motorists. Night work will be carried out between **8pm** and **5am** from **Saturday 30 September** to **Friday 22 December 2017**, weather permitting. Night work will not be carried out on Sundays or public holidays.

Work will also take place during standard construction hours between **7am** and **6pm, Monday to Friday** and between **8am** and **1pm** on **Saturday**.

How will the work affect you?

Our work may be noisy and include extra lighting, however we will do everything we can to minimise its impact including completing noisier work earlier in the evening, alternating work locations and directing lights away from residential areas.

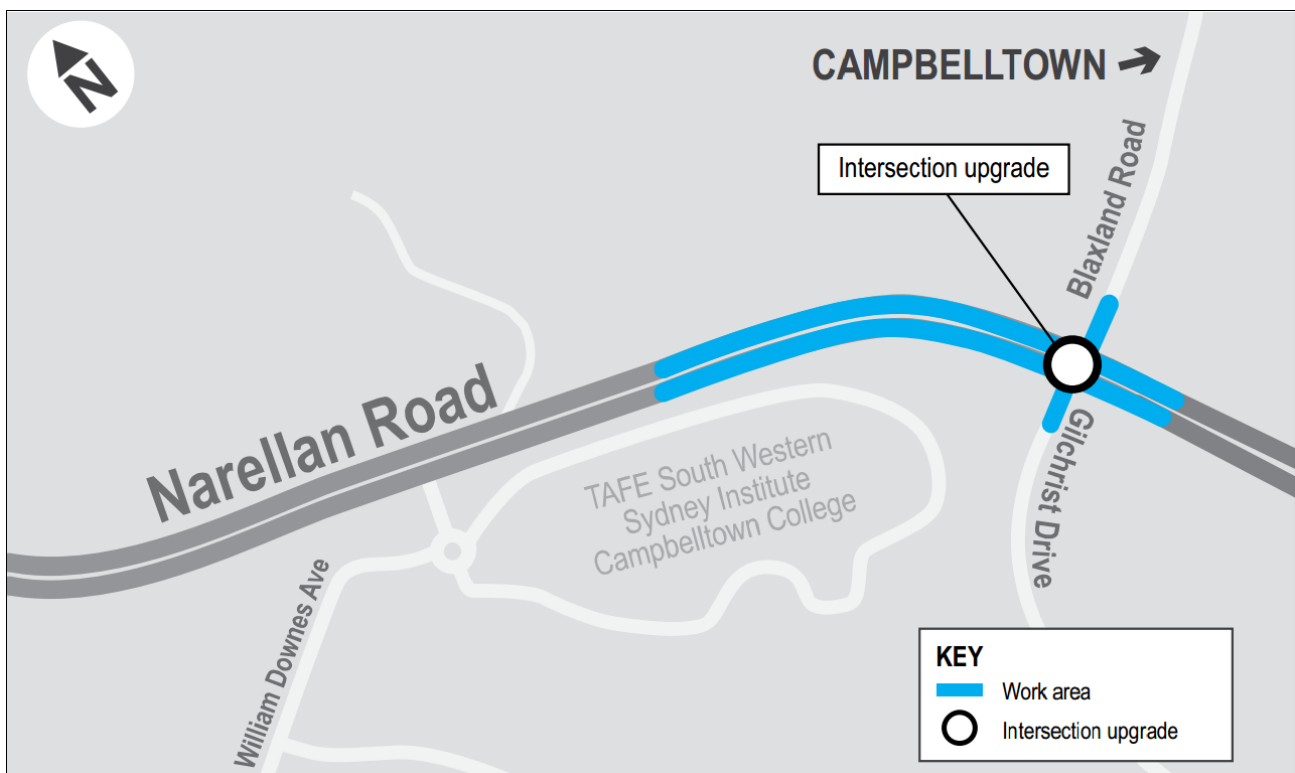

Traffic changes

Temporary traffic changes and lane closures will remain in place to ensure the work zone is safe. Temporary lane closures may affect travel times. On-road cycling routes may also be temporarily affected. Please be aware of pedestrians and cyclists travelling through the work area.

Motorists are asked to take extra care and to observe all traffic signs when travelling through work areas. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner, Seymour Whyte Constructions, on **1800 720 146** or narellan_community@seymourwhyte.com.au For more information on our projects, visit www.rms.nsw.gov.au/roadprojects. Thank you for your patience during this important work.
