Final stage of work at the intersection of the Great Western Highway and Ross Street in Glenbrook from Wednesday 12 September

The Australian and NSW governments are jointly upgrading the Great Western Highway and Ross Street intersection at Glenbrook as part of the Western Sydney Infrastructure Plan, a $3.6 billion road investment program.

Roads and Maritime Services is upgrading the intersection of the Great Western Highway and Ross Street in Glenbrook to improve access and safety for pedestrians and motorists.

Upcoming work includes:

- modifying existing traffic lights at the Hare Street intersection
- installing new street lights on both corners of Ross Street
- line marking and asphalting
- landscaping on shoulders of the Great Western Highway
- installing new road signs, pedestrian fencing and footpaths
- closing and modifying the southern side of Hare Street entry/exit to Great Western Highway for emergency vehicle use only.

Our work schedule

Work will be carried out between Wednesday 12 September and Wednesday 10 October during standard construction hours between 7am and 6pm Mondays to Fridays and 8am and 1pm on Saturdays, weather permitting.

Work will also be carried out at night, from 8pm to 5am, between Sunday 16 September and Sunday 30 September, weather permitting, to minimise impact on traffic.

We have included a map overleaf to show the location of work for final stage.
Traffic changes

Traffic changes will be in place to ensure the work zones are safe for road users and workers. The speed limit on the Great Western Highway between Ross Street and Hare Street, Glenbrook will be reduced to 60 km/h, 24 hours a day, seven days a week until project completion at the end of 2018, weather permitting.

These changes may affect travel times. Please be aware of pedestrians and cyclists when travelling through the work area. Please keep to speed limits and follow signs and traffic controllers’ directions.
