Great Western Highway and Pages Road, St Marys

Project update

Roads and Maritime Services | April 2018

The NSW Government is funding this proposal as part of its $225 million Pinch Point Program which aims to reduce delays, manage congestion and improve travel times on Sydney’s major roads.

Roads and Maritime Services will be upgrading the intersection of the Great Western Highway, Pages Road and Charles Hackett Drive, St Marys. The project involves:

- adjusting the approaches of Pages Road to improve line of sight for right turning vehicles on Pages Road and Charles Hackett Drive
- extending the right turn bays on the north and south approaches
- changing the left only lanes to through and left turning lanes for the north and south approaches
- providing an additional lane on the southern exit of Pages Road
- adjusting the traffic lights and utilities on Pages Road
- adding street lights on Pages Road and Charles Hackett Drive
- adjusting and lengthening the median on Pages Road to improve safety.

This project aims to improve efficiency, safety and congestion on Sydney’s road network.

To achieve the best result for this intersection upgrade, existing “No parking” zones will need to be extended up to 165 metres on each side of Pages Road and Charles Hackett Drive from Sainsbury Street to Gabriels Lane.

Our work schedule

To complete the project, we will be on site for up to five nights a week for up to 60 night shifts, between Sunday, 6 May, 2018 and August 2018, weather permitting. Our night work hours will be between 8pm and 5am from Sunday to Friday. We will not be working public holidays.

If you have any questions about the project, parking changes or night work schedule, please send your comments to our delivery partner by Thursday, 26 April at nsw_projects@dmroads.com.au or:

DM Roads, Great Western Highway, St Marys
PO Box 6465
North Ryde, NSW, 2113

We have included a map to show the location of the work and parking changes.

Investigation Work

To help finalise a construction plan for the project, we need to carry out some investigation work at the site. This includes investigating ground conditions and locating underground utilities.

This will take two night shifts between Wednesday, 18 April and Friday, 4 May, weather permitting, excluding public holidays. Our night work hours will be between 8pm and 5am from Sunday to Friday.
**How will the work affect you?**

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by **midnight.**

---

**Traffic changes**

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to the speed limits and follow signs and traffic controllers’ directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

---

**Intersection upgrade at Great Western Highway and Pages Road**

- Business park
- Convert left only lane to a shared through and left
