Great Western Highway and Pages Road, St Marys

Project update

Roads and Maritime Services | July 2018

The NSW Government is funding this project as part of its $225 million Pinch Point Program which aims to reduce delays, manage congestion and improve travel times on Sydney’s major roads.

Roads and Maritime Services is upgrading the intersection of the Great Western Highway, Pages Road and Charles Hackett Drive, St Marys.

This project aims to improve efficiency, safety and congestion on Sydney’s road network.

We have included a map to show the location of the work.

Open to traffic

This intersection is now open to traffic.

The completed work includes:

- adjusted approaches of Pages Road to improve line of sight for right turning vehicles on Pages Road and Charles Hackett Drive
- extended right turn bays on the north and south approaches
- changed left only lanes to through and left turning lanes for the north and south approaches
- added lane on the southern exit of Pages Road
- adjusted and lengthened median on Pages Road
- adjusted traffic lights and utilities on Pages Road
- extended “No Parking” zones by 165 metres on each side of Pages Road and Charles Hackett Drive from Sainsbury Street to Gabriels Lane

Next steps

We will need to return to site in September to install permanent street lighting along Pages Road and Charles Hackett Drive. We will write to you again before returning to complete the project.

Contact

If you have any questions, please contact our delivery partner DM Roads on 1800 332 660 or enquiries_nsw@dmroads.com.au.
