

June 2017

## **Survey and investigation work for the proposed Denmark Link Road, Riverstone from Monday 19 June 2017**

### **The NSW Government is funding planning work for the proposed Denmark Link Road from the intersection of Garfield Road West and Denmark Road, Riverstone to the Westminster Street Bridge, Schofields.**

The proposed Denmark Link Road would reduce congestion and delays that are currently experienced at the Garfield Road railway crossing at Riverstone and provide an alternative local road connection for light vehicles wanting to use the Westminster Street Bridge.

From **Monday 19 June to Friday 15 September 2017**, weather permitting, Roads and Maritime Services will carry out survey and investigation work to help develop the design for the proposed Denmark Link Road.

We may require access to some private properties in order to carry out this work. If we need to access your property we will contact you in advance to discuss access requirements.

The work, including traffic modelling, service utility and environmental / heritage investigations, will take place along the proposed corridor between **7am** and **6pm**.

#### **How will this work affect you?**

The investigation work will be carried out on the road reserve or on private property along the proposed corridor with minimal impact on the community. Access to properties and businesses will be maintained at all times.

We have included a map to show you where we will be working.

#### **Project update**

Roads and Maritime is continuing planning and field investigation work to inform the concept design and Review of Environmental Factors, which will be displayed for community consultation in 2018. We will keep stakeholders informed of the project's progress during the planning phase.

#### **Contact**

If you have any questions, please contact the project team on **1300 367 561** or [RiverstoneNWGC@rms.nsw.gov.au](mailto:RiverstoneNWGC@rms.nsw.gov.au). For more information on the Denmark Link Road project, visit [www.rms.nsw.gov.au/denmarklinkroad](http://www.rms.nsw.gov.au/denmarklinkroad). Thank you for your patience during this work.
