## Traffic switch on Kent Road from Wednesday 12 October 2016

**The Australian and NSW governments are funding this work as part of the \$70 million upgrade of Gipps Street and Kent Road (the Werrington Arterial Road). This project is part of the \$3.6 billion Western Sydney Infrastructure Plan.**

Roads and Maritime Services will be changing the traffic layout of an existing section of Kent Road, north of the M4 motorway. From Wednesday 12 October traffic on Kent Road between the M4 Motorway and Caddens Road will be moved onto the newly constructed southbound carriageway. This will allow work to be completed on the northbound carriageway at this location.

Work will continue take place during standard construction hours **7am to 6pm, Monday to Friday** and from **8am to 1pm on Saturdays**.

The attached map helps to better explain the changes.

### How will the work affect you?

There will be some noise associated with the work, but every effort will be made to minimise the impact on residents.

### Traffic changes

Traffic will be moved on to the new section of the southbound carriageway. The existing arrangement of temporary traffic lights and one lane on the existing bridge being closed will remain in place. Electronic message signs will be in place to notify road users of the changes in traffic conditions.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Western Sydney Infrastructure Plan

The Australian and NSW governments are providing \$70 million to build the Werrington Arterial Road as part of the Western Sydney Infrastructure Plan, a \$3.6 billion, 10 year road investment program for western Sydney. The Plan will deliver major road infrastructure upgrades to support an integrated transport solution for the region and capitalise on the economic benefits from developing a western Sydney airport at Badgerys Creek.
