ICAC1 - ICAC
What will happen if you are caught cheating on the knowledge test?

- You will not be allowed to take another test for 6 weeks.
- You will never be allowed to take another test.
- Nothing, there is no penalty.

ICAC2 - ICAC
What will happen if you offer a testing officer a bribe to pass your driving test?

- Action will be taken against you. The penalties are severe and include fines and imprisonment.
- Only the testing officer will be investigated.
- Nothing, there is no penalty.

ICAC3 - ICAC
What will happen if a testing officer asks you for a bribe to pass your driving test and you give it to him or her?

- Action will be taken against all involved. The penalties are severe and include fines and imprisonment.
- Nothing, there is no penalty.
- Only the testing officer will be investigated.
CG013 - General Knowledge
What is meant by this sign on or near a bridge?

- Slow down and be prepared to give way to vehicles travelling in the opposite direction.
  - Stop at all times before crossing the bridge and only give way to pedestrians who may be crossing.
  - Do not overtake a vehicle travelling in the same direction.

CG017 - General Knowledge
Where there is parallel kerbside parking, are you allowed to double-park alongside a parked vehicle?

- No, not at any time.
  - Yes, if delivering goods.
  - Yes, if not obstructing traffic.

CG030 - General Knowledge
You are driving at night with your headlights on high beam. When should you dip your headlights?

- When within 200 metres of the vehicle ahead or an oncoming one.
  - When within 200 metres of an oncoming vehicle only.
  - Never, you are allowed to drive with your lights on high beam at all times.

CG031 – General Knowledge
You are driving in a 60 km/h zone, with only one lane for traffic in your direction. You see a bus ahead (with this sign displayed on the rear) signalling its intention to pull out from a bus stop, you should:

- Slow down, and give way to the bus as it has priority.
  - Sound your horn to stop the bus from pulling out.
  - Continue at your normal speed as the bus does not have priority.
CG043 - General Knowledge
If an oncoming vehicle crosses the centre line and is coming straight at you and you cannot stop, you should -

- Brake, look for room to the left, sound your horn and flash your lights.
- Slow down and hope that the driver will turn away.
- Drive onto the wrong side of the road and hope the other vehicle does not do the same.

CG044 - General Knowledge
If you are involved in an accident where your vehicle needs to be towed away and the Police does not attend the crash scene, you -

- Must report the accident to the Police Station nearest to where the accident happened within 24 hours.
- Do not need to report the accident to the Police.
- Only need to report the accident to the Police if someone was injured.

CG045 - General Knowledge
If your vehicle is involved in an accident (regardless of the damage), what details must you give, to the other driver(s), if asked?

- You must let them see your licence, take details, and give the name and address of the vehicle’s owner.
- No details at all until you have contacted your insurance company.
- Only your name and address details if a Policeman asks for them.

CG046 - General Knowledge
If a vehicle you are driving is involved in an accident and a person is injured, what must you do after stopping?

- Render every assistance and take immediate steps to have an ambulance notified. Then call the Police.
- Only call the Police if the accident also resulted in over $500 worth of property damage.
- Report the accident to Police within seven days.
You should use your right-hand indicator when -

- You intend to move to the right, at any time.
- You intend to slow down.
- You are about to stop.

When merging onto the freeway from the entrance, you should-

- Look for a large enough break in the traffic and adjust your speed so as to fit into the traffic flow.
- Sound your horn, turn on your indicator lights and move onto the freeway.
- Stop and check the traffic behind you on the entrance.

If you see a sign indicating road repairs are going on, you should -

- Slow down and watch for traffic controllers and instructions.
- Stop immediately and wait for instructions.
- Maintain the same speed.

You see a broken yellow line painted on the roadway adjacent to the kerb. What does it mean?

- Clearway restrictions apply - you must not stop during the clearway hours.
- You may at any time, park along this part of the road for 1 hour only.
- Bicycle riders must ride along the yellow line.

If you see a horse and rider on the road what should you do?

- Slow down and give them plenty of room.
- Sound your horn to warn the rider.
- Speed up to pass the horse.
CG090 - General Knowledge
You hear the siren of an ambulance approaching you from behind. You should -

- Move into the left lane.
- Slow down to the speed of other traffic.
- Continue at the same speed.

CG094 - General Knowledge
Generally, if you hear the siren of an emergency vehicle you should -

- Pull over to the left until the emergency vehicle passes.
- Immediately come to a stop.
- Let the emergency vehicle pass and follow it closely behind.

CG102 - General Knowledge
You want to park your vehicle for a short time. It is night time. You should -

- Pick a visible position or leave the parking or hazard lights on.
- Park on the footpath.
- Leave your headlights on high beam.

CG113 - General Knowledge
Looking at the diagrams, how far from the approach side of a bus stop or a railway crossing are you allowed to stand or park your vehicle?

- At least 20 metres.
- At least 50 metres.
- At least 5 metres.
CG116 - General Knowledge
Bicycle and motorcycle riders have the same rights to use the road as other motor vehicle drivers. They are, however, more at risk in traffic because -

- They are harder to see in traffic and do not have the same protection as many drivers.
- They are careless and do not obey road rules.
- They ride too fast and do not turn their lights on.

CG118 - General Knowledge
If you are driving towards a road works zone and a traffic controller displays a stop sign you must -

- Stop your vehicle and follow the directions of the traffic controller.
- Stop and then proceed if you think it is safe.
- Slow down and continue through the road works zone.

CG119 - General Knowledge
If you are driving through a road work zone in the left hand lane and you see this sign you should -

- Merge to the right and give way to other traffic.
- Speed up to get in front of any cars traveling in the right hand lane.
- Stop and wait for directions.

CG122 - General Knowledge
Do bicycle riders have the same rights and responsibilities as drivers and motorcycle riders?

- Yes.
- No, they must always ride on the footpath.
- No, they must give way to cars at all times when riding on the road.
**MG002 - General Knowledge**
When is a motorcycle rider allowed to ride without an approved helmet?

- **Never.**
- When the rider has a medical certificate.
- Only during daylight hours.

**MG004 - General Knowledge**
What equipment must be fitted to a motorcycle if pillion passengers are to be carried?

- **Separate footrests and a pillion seat.**
- Heavy duty shock absorbers.
- An engine of more than 250ml capacity.

**MG007 - General Knowledge**
You need to stop quickly, you should use -

- **Both brakes together.**
- The front brake only.
- The rear brake only.

**MG008 - General Knowledge**
To make a normal stop, you should use -

- **Both front and rear brakes.**
- The rear brake only.
- The front brake only.

**MG010 - General Knowledge**
You are going to make a turn. When should you apply the brakes?

- **Before you start the turn.**
- As you come out of the turn.
- While you are in the turn.
MG011 - General Knowledge
If you have to downshift for a turn, you should do it -

- **Before you start the turn.**
- Just as you begin the turn.
- While you are in the turn.

MG012 - General Knowledge
If you wear regular spectacles while you ride -

- **You should also wear a face shield or visor.**
- You need no other eye protection.
- You must not ride at night.

MG015 - General Knowledge
Every time before you ride you should check -

- **That the headlight and stop light are working.**
- Your fuel tap is not on ‘reserve’.
- The expiry date of your licence.

MG016 - General Knowledge
What should you be able to see in each mirror fitted to your motorcycle?

- **About half of the lane behind you and as much as possible of the lane next to you.**
- The lane behind.
- Your shoulder and the lane behind.

MG017 - General Knowledge
When you slow down for a stop, you should -

- **Downshift before stopping.**
- Downshift only if there is traffic ahead of you.
- Downshift after stopping.
**MG018 - General Knowledge**  
On a wet road how do you make an emergency stop?

- Apply the front and rear brakes together.
- Apply the rear brake only.
- Apply the front brake only if the rear wheel begins to slide.

**MG020 - General Knowledge**  
Where should you look when following a car?

- Over or through the car you are following as well as watching its brake lights.
- At the car's brake lights.
- To the right-hand side of the car you are following.

**MG021 - General Knowledge**  
In what part of the lane should you ride when being passed by on-coming vehicles?

- The centre or left of your lane.
- No special part of your lane.
- As close to the centre line as possible.

**MG023 - General Knowledge**  
A turn signal that keeps flashing after a turn is very likely to -

- Confuse other drivers and cause them to turn into your path.
- Damage the electrical system.
- Keep other drivers from seeing your brake light.

**MG026 - General Knowledge**  
You are being overtaken by a car on a two-laned road. In what part of the lane should you ride?

- The centre or left of your lane.
- No special part of your lane.
- The far right of your lane.
MG027 - General Knowledge
If you have not ridden a particular motorcycle before, you should -

- Allow extra stopping distance.
- Use the rear brake only.
- Not go faster than 30 km/h.

MG028 - General Knowledge
When riding on a wet road, what is usually the most slippery part?

- The centre of the lane.
  - The right wheel track.
  - The left wheel track.

MG030 - General Knowledge
You are riding along on a sealed road when you see sand on the road ahead. What should you do?

- Slow down because it takes longer to stop on a slippery road surface.
  - Stay at the same speed.
  - Increase your speed.

MG031 - General Knowledge
When riding over loose gravel or sand, you should -

- Avoid sudden or quick movements.
  - Change up to a higher gear.
  - Slow down by using the front brake only.

MG032 - General Knowledge
When riding on a bumpy road -

- Rise slightly on the footrests so that you can absorb the shock with your knees and elbows.
  - Keep your normal seating position.
  - Take your feet off the footpegs.
MG034 - General Knowledge
What is the first thing to do if you have a blowout?

- Hold the hand grips tightly. Gradually close the throttle and let the motorcycle slow down.

- Brake lightly on the wheel with the good tyre.

- Turn quickly off the road.

MG035 - General Knowledge
At low speeds, if the rear tyre goes flat what is the first thing you will notice?

- The rear of the motorcycle will tend to slide from side to side.

- The steering will feel heavy.

- Your brakes will not work.

MG036 - General Knowledge
At low speeds, if the front tyre goes flat what is the first thing you will notice?

- The steering will feel heavy.

- The motorcycle will tend to slide from side to side.

- The motorcycle will lean heavily to one side.

MG037 - General Knowledge
To handle a high speed wobble, firmly grip the handlebars and -

- Allow the motorcycle to slow down.

- Increase your speed.

- Quickly apply the brakes.

MG038 - General Knowledge
If your throttle sticks while in traffic, what is the first thing you should do?

- Immediately squeeze the clutch lever, turn off the engine at the cut-off switch and apply the brakes.

- Rotate the throttle back and forth several times.

- Sound your horn to warn other vehicles.
MG040 - General Knowledge
When carrying a pillion passenger, the passenger should sit -

- **Behind and as close as possible to the rider.**
- Behind and as far from the rider as possible.
- In front of and as close to the rider as possible.

MG041 - General Knowledge
In a turn you should tell a pillion passenger to -

- **Lean in the same direction as the rider.**
- Stay upright.
- Lean in the opposite direction from the turn.

MG042 - General Knowledge
What should a pillion passenger do when you stop?

- **Keep both feet on the footpegs.**
- Place both feet on the ground.
- Place the same foot on the ground as the rider.

MG043 - General Knowledge
A pillion passenger should hold on to -

- **The rider’s waist, hips or passenger’s handgrip.**
- The rider’s arms.
- The rider’s helmet.

MG045 - General Knowledge
How old must you be to obtain a learner rider licence?

- **16 years and 9 months of age.**
- 16 years of age.
- 16 years and 3 months of age.
If you are stopped by Police while riding a motorcycle on a road or road related area and you are not carrying your rider's licence you could expect to be -

- **Given an on-the-spot fine or summoned to Court by Police.**
- Given twelve hours to produce it at your local Police Station.
- Told to go home and get it.

Police officers may check that you are correctly licensed when -

- **You are stopped for Random Breath Testing.**
- You stop to pay tolls.
- Riding on a freeway or motorway.

Wearing the right protective clothing when riding can -

- **Greatly reduce injury in the event of a crash.**
- Make you very hot and reduce your ability to ride.
- Make no difference to you when you ride.

When are you allowed to ride a motorcycle on roads in NSW without wearing a helmet?

- **Never.**
- When you have a doctor's certificate.
- When the temperature reaches 32 degrees in summer.

What should be displayed upon an approved helmet?

- **An Australian Standards AS1698 sticker.**
- Bright stickers to make the helmet more visible to vehicle drivers.
- A manufacturer's approval and checked by sticker.
MG053 - General Knowledge
To ensure a helmet is in good condition you should -

- Only purchase a new one. Never buy a second hand helmet.
- Only buy a helmet that someone else has tried out first.
- Check to make sure it has not been dropped.

MG055 - General Knowledge
If you have a crash whilst wearing your helmet you should -

- Replace it.
- Check to make sure it is not damaged.
- If it is scratched or chipped get it repainted.

MG056 - General Knowledge
If you find cracks or loose padding in your helmet you should -

- Replace it.
- Have it repaired by an authorised person.
- Use high speed duct tape to hold it together as it is waterproof.

MG057 - General Knowledge
Wearing a helmet visor or goggles when riding will -

- Protect your eyes from the wind, dust, rain, insects or stones thrown up by other vehicles.
- Reduce your vision and should only be worn in the rain.
- Not make much difference to your riding on a fine day when there is no wind.
MG058 - General Knowledge
The best type of footwear when riding are -

- **Boots which provide ankle protection.**

- Trainers or Joggers.

- Steel toe capped boots.

MG059 - General Knowledge
Protective clothing should be -

- **Comfortable without being loose.**

- Very tight so they won't move if you fall off your bike.

- Loose to allow air flow to keep you cool in summer.

MG060 - General Knowledge
Other protective options to wear when riding include -

- **Back protectors to protect your spine and kidney belts.**

- Nylon jacket and pants.

- Light cotton shirt and pants.

MG061 - General Knowledge
When learning to ride you should -

- **Start in quiet streets that you know well.**

- Ride in groups so that you are protected from cars.

- Gain experience in complex traffic situations to build your skills quickly.

MG062 - General Knowledge
Any passenger carried on a motorcycle (not in a sidecar) must -

- **Be eight years of age or older.**

- Be at least six years of age.

- Be a holder of a rider licence.
MG063 - General Knowledge
Your ability to concentrate can be affected by -

- Fatigue, alcohol, drugs and the clothing you wear.
- The type of motorcycle you ride.
- Whether you are familiar with the road you are riding on.

MG064 - General Knowledge
Correct riding posture -

- Reduces fatigue and improves control.
- Is whatever position you are most comfortable in.
- Will make you more visible to other road users.
AD004 - Alcohol and Drugs
To reduce the effect of alcohol before driving or riding you should -

- Wait. The time depends on how much you have drunk.
  - Drink black coffee.
  - Have a glass of water.

AD009 - Alcohol and Drugs
Before driving a motor vehicle or riding a motor cycle it is safest -

- Not to drink any alcohol.
  - Drink 1 nip of spirits (30 ml or 1 oz).
  - Drink 1 middy (285 ml) of light (low alcohol) beer.

AD012 - Alcohol and Drugs
Is it an offence to refuse to take a POLICE breath test?

- Yes, always.
  - No, if you say you haven't been drinking alcohol.
  - No, if you are a learner driver.

AD013 - Alcohol and Drugs
If you take medicine and then drink alcohol -

- It can have a particularly bad effect on your driving ability.
  - The alcohol will have less effect than if taken alone.
  - Your ability to react to emergencies will improve.

AD015 - Alcohol and Drugs
Having 1 or 2 alcoholic drinks before driving -

- Will affect your reactions and judgement.
  - Improves your driving ability.
  - Has no effect on your driving ability.
AD016 - Alcohol and Drugs
Even if you feel unaffected after drinking alcohol, you should -

- **Be aware that your abilities are decreased.**
- Drive, but avoid using freeways.
- Spend more time than usual looking in the mirrors.

AD025 - Alcohol and Drugs
Alcohol is a depressant. This means -

- **It slows down how quickly your brain works.**
- It speeds your brain up so you can work better.
- It makes you calm down and think more clearly.

AD026 - Alcohol and Drugs
After drinking alcohol you could -

- **Misjudge speed (your own and others).**
- Be able to drive the same as you normally can.
- Be able to pay close attention to details in the traffic.

AD027 - Alcohol and Drugs
Which of the following statements relating to motorcyclists and bicycle riders is correct?

- **Alcohol affects their sense of balance.**
- Alcohol improves their concentration.
- Alcohol improves their reflexes and judgement.

AD037 - Alcohol and Drugs
Consuming even small amounts of alcohol before riding may -

- **Affect your ability to control your motorcycle and make riding dangerous.**
- Help clear your mind by relaxing you.
- Have no effect whatsoever on you.

AD038 - Alcohol and Drugs
What is the safest way to stay under the legal alcohol limit?

- **Not drinking any alcohol.**
- Buying a breathalyser (alcohol measuring instrument).
- Exercising and drinking black coffee.
**DR001 - Alcohol and Drugs**
If you are taking any sort of medicine, you should -

- **Find out from your doctor or chemist whether the medicine or drug will affect your driving and act accordingly.**
- Only drive during the day after taking the medicine or drug.
- Only drive a motor car not a heavy vehicle.

**DR002 - Alcohol and Drugs**
Before taking any drugs and then driving it is most important to -

- **Know what the effects of the drug are.**
  - Plan to have some other person with you.
  - Have some food in your stomach.

**DR004 - Alcohol and Drugs**
If you have used illegal drugs you -

- **Must not drive.**
  - May drive only in light traffic.
  - Should drink coffee before driving.

**DR012 - Alcohol and Drugs**
To ensure prescription drugs will not affect your ability to ride a motorcycle you should -

- **Tell your doctor you ride a motorcycle, check with your pharmacist and read the label on the drugs.**
  - Not ride at all while taking any medication.
  - Not take the medication if you want to ride.
BI001 – Bicycle Safety
You are driving on a road with a speed limit of 60km/h or less. How much space must you leave when passing a bicycle rider?-

- at least 1 metre.
- at least 1.5 metres.
- as much as you think is safe.

BI002 – Bicycle Safety
You are driving on a road with a speed limit above 60km/h. How much space must you leave when passing a bicycle rider?-

- at least 1 metre.
- at least 1.5 metres.
- as much as you think is safe.

BI003 – Bicycle Safety
In order to provide the minimum safe passing distance for bicycle riders, are you permitted to cross single and double continuous lines?

- no.
- yes, always
- yes, but you must have a clear view of any approaching traffic and it must be safe to do so.
**FD001 - Fatigue and Defensive Driving**
Under good conditions, when driving behind any vehicle, at any speed, you should -

- **Stay at least three seconds behind the vehicle in front of you.**
- Drive as close to the vehicle in front as possible.
- Stay one second behind the vehicle in front of you.

**FD002 - Fatigue and Defensive Driving**
When driving in wet weather, your vehicle will -

- **Take longer and further to stop, so slow down.**
- Stop in the same distance as on a dry road.
- Handle better, so you can go faster.

**FD003 - Fatigue and Defensive Driving**
At night, if an oncoming vehicle’s headlights dazzle you, you should -

- **Slow down, until your eyes recover.**
- Watch the centre line of the road.
- Close your eyes for a short time until they recover.

**FD004 - Fatigue and Defensive Driving**
If you get sleepy while driving, it is best to -

- **Stop, rest, and change drivers if possible.**
- Turn on the radio very loud.
- Turn on the air conditioning or open the windows.

**FD005 - Fatigue and Defensive Driving**
In wet weather when it becomes hard for you to see, you should -

- **Turn on your headlights, slow down, and double your following distance behind the vehicle in front.**
- Turn your headlights on high beam.
- Flash your headlights to warn other drivers.
If you are driving and it starts to rain, you should -

- **Slow down using the brake gently, since rain and oil may create a slippery surface.**

- Put your lights on high beam so you can see better.

- Put your hazard warning lights on and increase your speed to avoid the rain.

When driving on a slippery wet road, for example, one covered in early morning dew, your vehicle will -

- **Take longer and further to stop.**

- Be heavier to steer.

- Be easier to steer and handle.

Why should you avoid heavy braking on a wet road?

- **Your wheels may skid and cause a loss of control.**

- If the wheels lock up your handbrake may not work.

- You might wet pedestrians walking along the footpath.

At night you should -

- **Leave a longer gap behind the vehicle in front.**

- Use your hazard warning lights when overtaking another vehicle.

- Drive closer to the vehicle in front so they can see you better.

When going on a long trip, out of the following which is the most important to do?

- **Get plenty of rest before starting out.**

- Make sure your horn is working.

- Have a good meal before driving.
FD014 - Fatigue and Defensive Driving  
At night, when you approach an oncoming vehicle, you should -

- **Not look at its headlights, but keep left and watch the left of the road.**

- Carefully watch the vehicle by looking directly at its headlights.

- Put your lights on high beam, to make your vehicle more easily seen.

---

FD039 - Fatigue and Defensive Driving  
To help prevent fatigue when riding you should -

- **Dress to protect yourself fully from wind, heat, cold and rain and not ride any longer than two hours at a time.**

- Stop and rest at least every four hours.

- Ride in short sleeves shirt with no gloves to allow the wind to keep you awake.

---

FD040 - Fatigue and Defensive Driving  
What should you do if you have difficulty concentrating when riding?

- **Stop immediately and rest.**

- Ride without gloves and in a short sleeves shirt to allow the wind on your body to help you concentrate.

- Constantly change your speed up and down to help you concentrate on what you are doing.
**IN001 - Intersections**
As you approach an intersection, you should check for traffic on your left and right -
- At all times before entering the intersection.
- Only when the traffic is heavy.
- Only when you approach a stop sign.

**IN003 - Intersections**
When making a right-hand turn at the intersection shown, you must give way to -
- An oncoming vehicle going straight ahead or turning left and any vehicle on your right.
  - A vehicle approaching from your left and intending to turn right.
  - Only pedestrians.

**IN004 – Intersections**
If turning right at a T-intersection (as shown) must you give way to vehicles approaching from both the left and right?
- Yes, whether they are turning or not.
- No, only the vehicle on the right.
- No, you have right of way.

**IN005 - Intersections**
If a STOP or GIVE WAY sign has been knocked down, for example, as the result of an accident, does the line marked across the road have any meaning?
- Yes, it has the same meaning as the sign itself.
- No, but you must give way if turning.
- No, you only need to give way to the vehicle on your right.
IN006 - Intersections
If turning at an intersection are you required to give way to pedestrians?

- Yes, a driver turning right or left must give way to pedestrians, if there is a danger of a collision
- Yes, only if turning left.
- Yes, only if turning right.

IN007 - Intersections
When you come to an intersection and the road beyond is choked with vehicles going in the same direction, what should you do?

- Wait until there is room for you to completely cross the intersection.
- Proceed if there is no traffic on your right.
- Travel into the intersection and wait until traffic ahead moves.

IN008 - Intersections
Right-turns must be made from which lanes when travelling on a laned roadway?

- The far right-hand lane or any other lane having an arrow pointing right.
- The lane carrying the least amount of traffic.
- The far left-hand lane.
IN010 - Intersections
In this diagram both vehicles O and P must pass through GIVE WAY signs before entering the intersection. Which vehicle goes first?

- Vehicle P.
- Vehicle O.
- It depends on who moves first.

IN011 - Intersections
Vehicle O is at a STOP sign -

- Vehicle O must give way to vehicles P, Q and R.
- Vehicle O must give way only to vehicle R.
- All vehicles must give way to vehicle O.

IN012 - Intersections
If both vehicles P and O in the diagram are turning right, which vehicle is in the best position to turn left into the street marked 'X'?

- Vehicle O.
- Vehicle P.
- Neither vehicle.

IN013 - Intersections
The diagram shows a marked pedestrian crossing at an intersection. There is also a STOP sign at the intersection. You have already stopped for a pedestrian. Must you stop again at the STOP line?

- Yes, at all times.
- Yes, if there is traffic on your right only.
- No, if the intersection is clear.
IN014 - Intersections
A GIVE WAY sign at an intersection means that you must -

- Be ready to stop and give way to all other traffic if there is danger of a collision.
- Stop completely at all times and have no right of way.
- Slow down and only give way to traffic on your right.

IN016 - Intersections
Which vehicle in the diagram must give way?

- Vehicle J.
- Vehicle K.
- Vehicle L.

IN018 - Intersections
You want to make a left turn. You must use your left-hand indicator -

- At all times.
- Only when there is traffic behind you.
- Only when arrows are marked on the roadway.

IN019 - Intersections
At the T-intersection shown in the diagram which vehicle should give way?

- Vehicle R.
- Vehicle Q.
- Whichever vehicle got there last.
IN020 - Intersections
You wish to make a right-hand turn from a ONE WAY STREET with no arrows marked on the roadway. You should position your vehicle -

- On the right-hand side of the street.
  - In the middle of the street.
  - On the left-hand side of the street.

IN023 - Intersections
When there are no arrows marked on the road, left turns must be made from -

- The far left-hand side of the road.
  - The middle of the road.
  - Either side of the road.

IN026 - Intersections
What should you do on approaching a railway level crossing displaying a STOP sign?

- Stop at all times and proceed when safe to do so.
  - Slow down to 10 km/h, then proceed through the crossing.
  - Stop, only if a train is at the crossing.
IN027 - Intersections
You are driving the car in the diagram. You must stop -

- **Even when there is no other traffic.**
- Only if there is a car on your right or left.
- Only if there is danger of a collision with another vehicle.

IN028 - Intersections
If the boomgates are down and the signals are flashing, at a railway level crossing, you may begin to cross -

- **Only when the gate is up and the lights stop flashing.**
- If you cannot see a train approaching.
- If you can safely go around the closed gate.

IN029 - Intersections
When approaching a railway level crossing displaying this sign, you must -

- **Slow down, look both ways for trains and be prepared to stop if necessary.**
- Increase your speed to avoid any approaching trains.
- Continue across at normal speed, do not slow down.

IN030 - Intersections
Even if the signal at a railway level crossing does not indicate that a train is coming, you should -

- **Slow down, be ready to stop and give way if there is danger of collision.**
- Speed up and cross the tracks quickly.
- Stop completely at all times.
IN035 - Intersections
You approach an intersection in busy traffic and want to go straight ahead. The traffic lights turn green. When are you permitted to enter the intersection?

- Only when there is room for your vehicle on the other side.
- Immediately after the traffic lights turn green.
- When the vehicle behind signals you to go.

IN039 - Intersections
Which statement is correct?

- Red light cameras take photographs of vehicles that enter intersections when the lights are red.
- Red light cameras take photographs of vehicles that speed through intersections.
- Red light cameras take photographs of vehicles that cross intersections when the lights are yellow.

IN040 - Intersections
As you drive into an intersection, the lights turn to yellow. You should -

- Continue through the intersection.
- Accelerate as hard as you can.
- Brake immediately to a stop.

IN044 - Intersections
You drive up to an intersection with a stop sign. There is no painted stop line. Where should you stop?

- Before coming to and as near to the intersection as possible.
- At least five metres before the intersection.
- At the point where you can see clearly in both directions.
IN051 – Intersections
When police officers are at intersections giving directions you must -

- **Always follow any instruction they give you.**

- Drive through the intersection as you normally would.

- Wait for the traffic lights to start working again.

IN056 - Intersections
You wish to turn left at this roundabout. Which lane may you use?

- **Left lane.**

- Right lane.

- Either lane.

IN057 - Intersections
You are in the right hand lane and are planning to go straight ahead through this roundabout. When should you signal left to exit the roundabout?

- **After point O.**

- After point N.

- After point M.

IN058 - Intersections
When you wish to turn left at a roundabout you indicate -

- **Left from start to finish.**

- Only if you think it necessary.

- Left only after you enter the roundabout.
IN059 - Intersections
You wish to go straight ahead at this roundabout. Which statement is true?

- You must leave the roundabout in the same lane as you entered.
- You must enter in the right lane and leave in the left.
- You must always leave the roundabout in the left lane.

IN060 - Intersections
You want to turn left at this roundabout. Which lane must you use?

- Lane A.
- Lane B.
- Either lane.

IN061 - Intersections
When you wish to drive straight ahead at a roundabout you may enter from either the left or right lane. As you continue around you should -

- Keep in the lane you entered the roundabout.
- Move into another lane with least traffic.
- Change lanes to get through quickly.

IN062 - Intersections
When turning left at a roundabout you should enter and leave the roundabout -

- In the left lane.
- In the right lane.
- In the lane with least traffic.
**IN063 - Intersections**
You wish to go straight ahead on this roundabout with two lanes. Which lane may you use?

- Either lane.
- Left lane only.
- Right lane only.

**IN064 - Intersections**
The motorcyclist wants to travel straight ahead through this roundabout. The rider should watch out for the marked car because the car -

- **May be leaving the roundabout.**
  - Could be going too fast.
  - May stop suddenly.

**IN065 - Intersections**
To turn back into the same road from which you joined this roundabout you must -

- **Stay in the right lane all the way round.**
  - Move into the left lane to leave the roundabout.
  - Use the left lane all the way round.

**IN067 - Intersections**
The red car wants to turn right and exit the roundabout in the street indicated by an arrow. Is the car positioned in the correct lane to do this?

- **No, the car should enter the roundabout only from the right hand lane.**
  - Yes, the car can make the turn only from this lane.
  - Yes, the car can make the turn from either the left hand or the right hand lane.
IN068 - Intersections
If you enter an intersection that is under the control of a traffic controller -

- **Follow the directions of the controller.**

- Sound your horn at the traffic controller and hope they get out of your way.

- Stop at the intersection and then proceed slowly.

IN069 – Intersections
You are at an intersection and see a pedestrian crossing the road into which you are turning. You must -

- **Give way to the pedestrian.**

- Sound your horn to warn the pedestrian to get out of the way.

- Swerve around the pedestrian to avoid hitting them.
**LD001 - Traffic Lights / Lanes**
How should you merge with traffic when entering a freeway?

- **Watch for a gap and merge with the traffic at the speed it is travelling.**
- Speed up and force your way into the traffic.
- Stop, then enter the traffic quickly.

**LD002 - Traffic Lights / Lanes**
Which movements shown in the diagram can legally be made by the driver of the purple car?

- **O and P only.**
- **P only.**
- **O, P and Q.**

**LD003 - Traffic Lights / Lanes**
Which movements shown in the diagram can legally be made by the driver of the purple car?

- **O, P and Q.**
- **O and P only.**
- **P only.**

**LD004 - Traffic Lights / Lanes**
Which movements shown in the diagram can legally be made by the driver of the purple car?

- **O and P only.**
- **P only.**
- **O, P and Q.**
LD005 - Traffic Lights / Lanes
Double unbroken dividing lines are marked on a roadway. You may -

- Cross them to turn into a driveway or property, if it is safe to do so.
- Cross them to overtake a car ahead if it is safe to do so.
- Cross them to make a U turn.

LD007 - Traffic Lights / Lanes
A section of road is marked with double unbroken dividing lines as in the diagram. When is a vehicle allowed to cross these lines?

- To enter or leave a street or driveway.
- To overtake a slow vehicle ahead.
- When there is no traffic coming the other way.

LD009 - Traffic Lights / Lanes
When driving in traffic lanes (as shown in the diagram), you may change your lane -

- Only when it is safe to do so.
- Without looking, provided you use your indicator
- Provided you sound your horn to warn other drivers
**LD010 - Traffic Lights / Lanes**
When two lanes merge into one (as shown in the diagram), who should give way?

- **The vehicle which has to cross the lane line.**
- The faster vehicle.
- The vehicle in the right-hand lane because it is overtaking.

**LD011 - Traffic Lights / Lanes**
Looking at the diagram, which vehicle must give way?

- **Vehicle B.**
- Vehicle A.
- Either vehicle, there is no rule on giving way when merging.

**LD013 - Traffic Lights / Lanes**
You must use your indicator lights when

- **Changing lanes or turning left or right.**
- Approaching a curve.
- Double parking.

**LD014 - Traffic Lights / Lanes**
If you hear the siren of an emergency vehicle, you must

- **Take whatever action is necessary (with safety) to make way for the emergency vehicle.**
- Flash your headlights to warn other drivers.
- Increase your speed to avoid the vehicle.
**LD017 - Traffic Lights / Lanes**

When the road is marked this way are you permitted to cross the lines and overtake?

- **No.**
- **Yes.**
- **Yes, only if the way ahead is clear.**

**LD033 - Traffic Lights / Lanes**

What does this sign mean?

- **There is a lane just for light rail vehicles.**
- You are approaching a lane that is only for buses.
- Slow down and prepare to stop for a train.

**LD041 - Traffic Lights / Lanes**

When driving on a multi-lane road with a speed limit of more than 80 km/h, which lane should you choose?

- **The left lane unless overtaking.**
- The right lane to avoid slow moving vehicles.
- Either left or right lane.

**LD043 - Traffic Lights / Lanes**

Signalling is -

- **Always required before turning or lane changing.**
- Not required when turning at T-intersections.
- Not required when turning at traffic lights with a green arrow.
**LD044 - Traffic Lights / Lanes**
How should you merge with traffic when entering a motorway?

- **Watch for a gap and increase your speed to safely merge with the traffic.**
- Slow down and force your way into the traffic.
- Stop, then enter the traffic quickly.

A poorly loaded vehicle is unsafe to drive. To avoid loss of steering and loss of traction under power, you should -

**ND002 - Negligent Driving**
When driving near parked vehicles, you should -

- **Check for parked vehicles with turn signals on, or children about to step out.**
- Stop, if you see a car with its right-hand indicator on.
- Sound your horn and flash your headlights to warn drivers not to pull out.

**ND004 - Negligent Driving**
You are approaching a hill or curve. You must not cross the centre line to overtake -

- **If you do not have a clear view of any approaching traffic.**
  - If you cannot see clear road ahead for 100 metres.
  - If you cannot see clear road ahead for 75 metres.

**ND005 - Negligent Driving**
You are approaching the crest (top of a hill) on a narrow road, the safest procedure is to -

- **Keep to the left and slow down.**
  - Flash your headlights to warn oncoming traffic.
  - Increase your speed and sound your horn.
**ND007 - Negligent Driving**
On a single laned road (as shown), you must always overtake another vehicle on its right except when:

- The other vehicle is turning right.
- You are travelling at more than 80 km/h.
- The other vehicle is going slower than you.

**ND008 - Negligent Driving**
When overtaking another vehicle you should NOT move back in front of it, unless –

- You can see the overtaken vehicle in your rear vision mirror.
- An oncoming car appears over a hill.
- The driver of the vehicle signals it is safe to do so.

**ND009 - Negligent Driving**
A driver behind you signals their intention to overtake your car. What should you do?

- Keep to the left and let that driver overtake you.
- Speed up so that the driver will not have to overtake.
- Signal the driver to remain behind you if it is travelling too fast.

**ND010 - Negligent Driving**
The faster the vehicle in front of you is travelling, the -

- More distance and time you need to overtake.
- Less time you need to overtake.
- Closer you must get before starting to overtake.
ND011 - Negligent Driving
If you are not sure you have enough distance to overtake a vehicle ahead, you should -

- Wait for a better opportunity with more distance to overtake.
- Put the vehicle in a lower gear and speed up.
- Sound your horn to signal the driver ahead to slow down.

ND012 - Negligent Driving
When being overtaken by another vehicle what should you do to help?

- Keep left and allow plenty of room to let the other vehicle back in.
- Brake quickly to let the other vehicle overtake.
- Move to the left and stop.

ND014 - Negligent Driving
Before beginning to overtake another vehicle, you should -

- Check to see it is safe, change gear if necessary, and signal your intention before moving out.
- Signal and slow down so you will have more room to overtake.
- Sound your horn, move out and overtake.

ND015 - Negligent Driving
You are driving behind a long vehicle (as shown) which has a sign saying DO NOT OVERTAKE TURNING VEHICLE. The long vehicle indicates that it is going to turn left. You -

- Must let the long vehicle turn first.
- May move to the left-hand side of the road and pass the long vehicle.
- May pass the truck because it cannot turn left from the middle lane.

ND019 - Negligent Driving
How should you overtake a pedal cyclist?

- The same as you would another car, with safety.
- Drive as close as possible to the cyclist so he or she will move over and let you pass.
- Sound your horn to warn the cyclist to get off the road.
**ND020 - Negligent Driving**
If an overtaking vehicle signals that it must move in, in front of you, you should -

- **Prepare to slow down to allow room.**
- Speed up and not let the vehicle back in.
- Flash your lights at the overtaking vehicle.

**ND021 - Negligent Driving**
The first thing you should do before overtaking is -

- **Make sure it is safe and the way is clear of oncoming traffic.**
- Sound your horn.
- Increase your speed.

**ND031 - Negligent Driving**
You are travelling in the left lane and wish to turn right at the intersection. You move to the right lane and a driver behind sounds their horn at you. What have you done wrong?

- **Crossed an unbroken lane line.**
- Driven too slowly.
- Changed lanes unnecessarily.
ND032 - Negligent Driving
What is this driver doing that is negligent and illegal?

- Crossing an unbroken line at a curve.
- Not signalling to change lanes.
- Overtaking on the kerb side.

ND033 - Negligent Driving
The speed limit on this road is 90 km/h. You have just overtaken a vehicle in the left lane. What should you do next?

- Move into the left lane.
- Keep your position in this lane.
- Accelerate away from the other vehicle and keep driving in this lane.

ND034 - Negligent Driving
The speed limit on this road is 100 km/h. When can you use the right lane?

- Only when overtaking or turning right.
- Whenever you want to.
- When there is no other traffic around.

ND035 - Negligent Driving
Another vehicle is overtaking you on your right. You commit a traffic offence if you -

- Speed up while the other vehicle is on your right.
- Keep the same speed.
- Slow down while the other vehicle is on your right.
ND044 - Negligent Driving
When you have started to overtake the car, you notice that its right indicator is flashing. You should -

- Check your mirror and move back in behind the car.
- Accelerate quickly to get past.
- Immediately brake to a stop.

ND045 - Negligent Driving
If you are caught speeding through a road work zone you will -

- Be liable for a speeding fine and loss of demerit points.
- Receive a warning letter in the mail.
- Not receive any penalty as road works speed limits are only advisory.

ND046 - Negligent Driving
When driving through temporary road work you should -

- Slow down and look out for hazards.
- Maintain current speed if the road is clear.
- Sound your horn.

ND047 - Negligent Driving
When entering or leaving a driveway you must -

- Give way to bicycles, vehicles and pedestrians.
- Stop and give way only to vehicles.
- Blow your horn to warn other road users.

ND048 - Negligent Driving
Will a P1 licence be suspended for any speeding offence?

- Yes.
- No.
- Only for 10 km/h or more over the speed limit.
**PD001 - Pedestrians**
You must give way to pedestrians on a marked pedestrian crossing -

- **If there is any danger of a collision.**
- When they are crossing from your right only.
- When they are crossing from your left only.

**PD002 - Pedestrians**
When approaching a marked pedestrian crossing and no pedestrians are in sight, you should -

- **Slow down and be ready to make a safe stop.**
- Come to a complete stop before the crossing.
- Go faster, in case a pedestrian steps onto the crossing.

**PD003 - Pedestrians**
If elderly people or children are on a pedestrian crossing you will probably need to –

- **Wait extra time to allow them to cross safely.**
- Sound your horn to hurry them up.
- Drive around them so you don't hold up traffic.

**PD004 - Pedestrians**
Which sign painted on the road tells you there is a pedestrian crossing ahead?

- B
- A
- C
PD005 - Pedestrians
A vehicle ahead of you has stopped at a pedestrian crossing. You -

- **Must not overtake the stopped vehicle.**
- May overtake the vehicle if there are no pedestrians on the crossing.
- May overtake the vehicle provided no cars are coming the other way.

PD006 - Pedestrians
If you see a School Crossing Supervisor holding a sign like this, you must wait until the children -

- Are off the crossing and the hand held sign is taken away.
- Reach the right-hand side of the crossing.
- Are out of sight.

PD007 - Pedestrians
Which one of the following statements is correct? Bicycle riders -

- **Must obey the road rules.**
- May not travel on heavy traffic roads.
- Must ride against the flow of traffic so they can be seen.

PD009 - Pedestrians
When driving near children playing or walking near the edge of the road, you should -

- **Slow down, and be ready to make a safe stop.**
- Sound your horn to warn them of your presence.
- Continue at the same speed and drive around them.

PD010 - Pedestrians
Pedestrians who are affected by alcohol, are -

- **One of the most common groups involved in road accidents.**
- Unlikely to walk near the road and do not require your attention.
- Less dangerous than sober pedestrians because they are more careful after drinking.
PD011 - Pedestrians
When driving near pedestrian crossings, intersections, or school crossings, you should always -

- **Slow down, watch for pedestrians and be ready to make a safe stop.**
- Move into the left lane.
- Keep your eyes on the speedo.

PD012 - Pedestrians
When driving in an area where there are many pedestrians (e.g. a bus stop) it is important to -

- **Slow down and watch for an indication that they will enter the road.**
- Put your headlights on high beam so they can see you better.
- Increase your speed to avoid the chance of hitting them.

PD013 - Pedestrians
When driving past parked vehicles, which of the following is it most important to do –

- **Watch for pedestrians, animals and car doors opening.**
- Drive in the right-hand lane, if there is one.
- Stay as close as possible to the vehicle in front of you.

PD014 - Pedestrians
When driving in wet weather, you should -

- **Watch out for pedestrians, who may hurry and take risks.**
- Drive in the middle of the road to avoid splashing pedestrians on the footpath.
- Stop and help aged pedestrians across the road.

PD015 - Pedestrians
At a pedestrian crossing with traffic lights, when the amber light starts 'flashing' after the red stop signal, it means -

- **You may carefully drive through the crossing, if there is no risk of colliding with pedestrians.**
- The traffic lights are out of order and pedestrians must not use the crossing.
- The green light is due. Do not proceed until the green light appears.
PD016 - Pedestrians
Which statement is true?

- You must give way to pedestrians if there is any danger of hitting them.
- Pedestrians have no special rights on the roads.
- You must give way to pedestrians only at marked crossings.

PD017 - Pedestrians
You drive towards these people on the road. What should you do?

- Stop and give way if there is any danger of hitting them.
- Continue at the same speed and sound the horn.
- Slow down until they are half way through the crossing and drive on.

PD018 - Pedestrians
You see these zig-zag markings on the road in front of you. What do they mean?

- Take care and look out for pedestrians at a crossing.
- Look out for animals on the side of the road.
- Be careful because the road ahead is slippery.

PD019 - Pedestrians
These markings on the road indicate -

- Places where pedestrians have special rights.
- Places where you can park.
- Places where special speed limits apply.
PD021 - Pedestrians
You approach a person crossing the road. You should -

- Slow down or stop to avoid hitting the person.
- Slow down and sound your horn to hurry up the person.
- Maintain your speed and swerve around the person.

PD022 – Pedestrians
You approach a crossing and see the scene in the picture. You should -

- Slow down and stop until the supervisor takes down the sign.
- Slow down and drive through giving way to the children.
- Stop and wait for the children until your lane is clear.

PD023 - Pedestrians
At a pedestrian crossing with traffic lights, when the lights change to red you should -

- Stop, wait for pedestrians to cross and for the green light to come on.
- Slow down and give way to pedestrians.
- Stop and continue after the pedestrians have crossed.

PD024 - Pedestrians
This person is standing on a pedestrian refuge. If he steps out onto your lane you should -

- Give way to the person if there is any danger of colliding.
- Slow down and sound the horn to warn the person to move back.
- Maintain your speed so you do not hold up the traffic.
PD025 - Pedestrians
Which of the following statements is correct?

- You must give way to pedestrians if there is a danger of a collision.
- Pedestrians must cross the road only at marked crossings and intersections.
- You do not have to give way to adults crossing at children’s crossings.

PD026 - Pedestrians
When you see children on or near the road -

- You should slow down and be more careful because they may move suddenly.
- You should reduce your speed by 5 km/h.
- You should ignore them and pay attention to the rear vision mirror.

PD027 - Pedestrians
When you see older people on or near the road, you should -

- Slow down and take extra care because they may not see you until you are very close.
- Drive around them to keep the traffic moving.
- Sound your horn and keep going at the same speed so you do not hold up the traffic.

PD028 - Pedestrians
You must give way to pedestrians if there is a risk of hitting them. When driving in poor light, you should -

- Look more carefully for pedestrians because they are hard to see.
- Keep your headlights on high beam all the time.
- Always drive in the right hand lane so you can be away from pedestrians.
**PD030 - Pedestrians**  
You drive up to a Light Rail vehicle that has just stopped at a tram stop. What is the most important thing you should do?

- **Take extra care, slow down and give way to the pedestrians.**
- Keep a look out for traffic coming in the opposite direction.
- Slow down, but keep moving so you do not delay other drivers.

**RS001 - Rider Safety**  
You are approaching the intersection shown, and an on-coming vehicle is signalling to turn right, you should –

- **Move towards the left of your lane and slow down.**
- Proceed straight ahead at normal speed.
- Stop, and let the car turn right.

**RS003 - Rider Safety**  
In this diagram which light is most likely to make the motorcycle more noticeable to the car driver?

- **The right turn indicator.**
- The tail-light.
- The headlight on high beam.
RS004 - Rider Safety
You are riding the motorcycle shown, what would you need to do to be able to see the car?

- Turn your head.
- Look in the mirror.
- Take off your helmet.

RS005 - Rider Safety
In the diagram shown you are being followed very closely by another vehicle, you should -

- Create more space in front of you by slowing down, until it is safe for the other vehicle to pass.
- Attempt to get the other vehicle to drop back by giving a hand signal.
- Brake hard to force the other vehicle to drop back.

RS011 – Rider Safety
Properly adjusted mirrors will allow you to see -

- About half of the lane behind you and as much as possible of the lane beside you.
- Into the lane beside you.
- Only behind you.

RS012 - Rider Safety
Good control of your motorcycle may be achieved by -

- Adopting a correct relaxed riding position.
- Gripping the handlebars as tightly as possible.
- Sitting as far back on the seat as possible to give the rear tyre more grip.
RS013 - Rider Safety
A good riding position should feel comfortable and allow you to -

- **Have fast effective use of the controls without affecting the balance.**

- Ride faster in all traffic conditions.

- Relax more and enjoy your riding.

RS014 - Rider Safety
Sitting too far back on the seat of your motorcycle will -

- **Affect weight distribution making steering very light.**

- Give your rear tyre more grip for braking at speed.

- Not affect the motorcycle noticeably.

RS016 - Rider Safety
Sticking your knees out when cornering your motorcycle on a road -

- **Is not a good or efficient style of riding on a road.**

- Is a tried and proven method of cornering.

- Will make you corner faster.

RS017 - Rider Safety
When approaching a turn on your motorcycle you should -

- **Slow down before the turn and increase your speed gradually as you come out of the turn.**

- Leave your braking until you are in the turn so you do not lose too much speed.

- Cover your brakes in case you need them while in the turn.

RS019 - Rider Safety
Best braking is achieved when a motorcycle is -

- **Upright and travelling in a straight line.**

- Leaned over whilst cornering.

- Carrying a load and travelling at the sign posted speed limit.
RS020 - Rider Safety
To stop a motorcycle well, you should always use -

- Both brakes together.
- Only the front brake at high speed.
- Only the rear brake at high speed.

RS022 - Rider Safety
Is it best to change gears before, during or after a turn?

- Before.
- After.
- During.

RS024 - Rider Safety
Riders may make themselves more noticeable to car drivers by -

- Wearing bright, fluorescent or contrasting coloured clothing.
- Riding closely behind cars.
- Riding to the side of cars at all times.

RS025 - Rider Safety
To make yourself more visible to oncoming vehicles during the day -

- Ride with your headlight on low beam.
- Ride with your headlight off.
- Flash your brake light every now and then.

RS026 - Rider Safety
When an oncoming vehicle seems ready to turn across your path as you approach it, you should -

- Check your mirrors, slow down and, if possible, move to your left away from the vehicle.
- Keep your speed and lane position constant so the driver knows you want to go straight ahead.
- Increase your speed so you can get clear of the car before it turns.

RS028 - Rider Safety
'Head checks' are what drivers and riders do to -

- See what is in their 'blind spots'.
- See what is behind them.
- See what is to the front side of them.
RS029 - Rider Safety
To allow yourself time to stop when following another vehicle in dry weather you should stay at least -

- Three seconds behind the vehicle in front.
- Two seconds behind the vehicle in front.
- One car length behind the vehicle in front.

RS030 - Rider Safety
When riding past parked cars motorcycle riders should -

- Create sufficient space from the cars to avoid opening doors or people stepping from between the cars.
- Flash the bike's headlight as a warning to anyone in or near the cars.
- Be ready to sound their horn if someone should open a door or step from between the cars.

RS031 - Rider Safety
When riding on a wet or slippery road riders should -

- Reduce speed so that it requires less time if they need to stop.
- Ride at a normal constant speed as sign posted for the area.
- Ride around with their hands on the brake lever and foot on the brake pedal in case they have to stop in a hurry.

RS032 - Rider Safety
When a road is wet the most slippery part is likely to be -

- The centre of your lane.
- The left side of your lane.
- The right side of your lane.

RS033 - Rider Safety
When cornering on a wet or slippery surface riders should -

- Reduce the lean angle of the motorcycle so the tyres will grip better.
- Sit towards the back of the motorcycle to give more grip to the rear wheel.
- Lean as much as normal for the corner only be smoother on the throttle.
RS034 - Rider Safety
When riding a motorcycle at night you should -

- Reduce speed even on roads you know well as you cannot see very far ahead at night.
- Ride at all times with your headlight on high beam to give you better vision.
- Ride as you normally would in daytime.

RS035 - Rider Safety
An important part of observation is -

- Scanning.
  - Constantly performing head checks.
  - Keeping your chin up and look straight at all times.

RS036 - Rider Safety
The amount of time it take to react and respond to a sudden change in traffic is generally -

- Three seconds.
  - Two seconds.
  - Less than a second.

RS038 - Rider Safety
You should check your mirrors -

- Every few seconds so that you always know what is behind you.
  - Before you accelerate or brake so that you do not force people to change their speed.
  - Before every ride.
RS039 - Rider Safety
When riding towards the crest of a hill, it is best to -

- **Slow down and buffer from possible oncoming traffic.**
- Maintain a constant speed so that you do not confuse drivers behind you.
- Change to a lower gear and apply more throttle.

RS040 - Rider Safety
Recommended additional protection for riders includes -

- **Wearing kidney belts and back protectors.**
- Wearing water-proof clothing.
- Wearing sunglasses under your visor.

RS041 - Rider Safety
In addition to wearing a motorcycle helmet you should -

- **Ensure that you always wear motorcycle specific clothing.**
- Make sure that you also wear sunglasses for additional protection.
- Wear a hair-net to help your helmet last longer.

RS042 - Rider Safety
When riding on a single lane road, a motorcycle rider -

- **Can legally use any part of the lane.**
- Must remain in the left of the lane at all times.
- Must remain in the middle of the lane at all times.

RS043 - Rider Safety
When turning you should look -

- **In the direction you wish to go.**
- Down, so you can see the road immediately in front of you.
- At traffic coming from behind.

RS044 - Rider Safety
When you see an oncoming vehicle you should -

- **Create a buffer between you and the other vehicle.**
- Always slow down.
- Swerve to avoid it, while braking.
RS045 - Rider Safety
When taking a left curve you should -

- Plan to finish in the left part of your lane.
- Brake as late as possible to maintain your speed and balance.

SL007 - Speed Limits
Driving faster than the maximum speed limit is -

- Never legally permitted.
- Permitted only when passing another vehicle.
- Only permitted when other vehicles are going faster than the speed limit.

SL015 - Speed Limits
A Shared Traffic Zone, where pedestrians and other road users can share the road safely has a speed limit of -

- 10 Km/h.
- 20 Km/h.
- 50 Km/h.
**SL025 – Speed Limits**

What could be the penalties for driving over the speed limit -

- Fines, demerit points and possibly loss of licence.
- Fines only.
- A letter of warning and a small fine.

**SL028 - Speed Limits**

Where there are no speed limit signs, the speed limit is 100 km/h, unless -

- There are street lights along the road.
  - The road you are driving on is gravel.
  - There’s an emergency, which mean speed limits don’t apply.

**SL030 - Speed Limits**

When you see this sign you must -

- Not exceed 40 km/h and keep a special lookout for bicycle riders, pedestrians and children.
  - Only enter the street if you live in the local zone.
  - Drive at a speed less than 40 km/h if you are not a resident of the local zone.

**SL031 - Speed Limits**

This sign means you must -

- Share this road with other people and vehicles and not exceed 10 km/h.
  - Drive at 10 km/h if there are pedestrians around.
  - Reduce your speed to what you think is safe but never below 10 km/h.

**SL035 - Speed Limits**

If you are driving along the highway and come across road works with a reduced speed zone, you must -

- Slow down to the new speed limit.
