Section 4 – Design

This section of the RTA Sprayed Sealing Guide is under review and will be added to this electronic document when the review has been completed.

For the design of sprayed seal treatments, refer to the following RTA forms:

- Design for Initial Treatments

RTA Form 395A – Cutback Bitumen Prime and Primerseal Design Calculation Sheet

- Design for Seals and Reseals.

RTA Form 395K – Seal or Reseal Design Calculation Sheet.
