

Test method T209

Particle density and water absorption of
coarse aggregate (weighing-in-water
method)

OCTOBER 2012

Revision Summary

Ed/Rev Number	Clause Number	Description of Revision	Authorisation	Date
		Reformatted and Revision Summary Added. A.S. No Revised.	D Dash	May 1999
Ed 2/Rev 0	All	New Issue. Conforms to AS 1141.6.1	J Friedrich	June 2010
Ed 3/ Rev 0	All	Reformatted RMS template	J Friedrich	October 2012

Note that Roads and Maritime Services is hereafter referred to as 'RMS'.

The most recent revision to Test method T209 (other than minor editorial changes) are indicated by a vertical line in the margin as shown here.

Test method T209

Particle density and water absorption of coarse aggregate (weighing-in-water method)

1. Scope

This test method sets out the procedure for determining the particle density and water absorption of coarse aggregate.

2. General

The method uses weighing-in-water.

3. Apparatus, Preparation, Procedure, Calculations and Reporting

This test method is identical to AS 1141.6.1 “Methods for Sampling and testing Aggregates – Particle density and water absorption of coarse aggregate - Weighing-in-water method” with the following amendment:

- (a) Include reference to this test method in the report.
