Important information

You or your representative must fill in the application form before seeing your medical doctor. The medical information in this application will be used for the administration of the MPS and where appropriate for the Driver Licensing Scheme. Your doctor must complete Section 2 of the MPS form (Medical Certificate) unless you are applying for a replacement MPS permit or you have a clinically recognisable disability on Roads and Maritime Services records. Roads and Maritime has a responsibility to ensure that all NSW licence holders are medically fit to drive. If you hold a driver licence and Roads and Maritime needs to be notified of any medical condition, you will need to have your doctor complete Section 3 (Medical Report) of this application. The medical information will be used to verify your medical fitness to drive. In the event that any medical practitioner recommends restrictions in respect of your driver licence or certifies that you are medically unfit to drive, this may result in restrictions being placed on your driver licence or the suspension of your driver licence. Section 3 is not required to be completed if the application is for a temporary permit issued for the first time or where a previously held temporary permit has already expired.

Who is eligible?

To be eligible for a MPS permit, a person must be unable to walk because of permanent or temporary loss of the use of one or both legs or other permanent medical or physical condition, or whose physical condition is detrimentally affected as a result of walking 100 metres, or who requires the use of crutches, a walking frame, callipers, scooter, wheelchair, or other similar mobility aid. Permits are also available to people who meet the permanently blind criteria defined <http://www.rms.nsw.gov.au/roads/using-roads/mobility-parking/index.html>. Applicants that do not meet the eligibility criteria will not be issued a permit.

If you are required to have your doctor complete both medical sections of this form it may be necessary to arrange an extra consultation or an extended consultation. Please note that you are responsible for any fees payable to the doctor for the consultation.

Photo requirements

Mobility Parking Scheme permits are similar to driver licences, with security features such as holograms and a photo of the card holder. These security features help prevent possible misuse of cards. From August 2018 you may have the option of using an existing valid photo stored in the Roads and Maritime system when you are applying for, renewing or replacing a Mobility Parking Scheme permit. If you do not want to use this existing photo a new photograph can also be taken.

Photo exemption requirements

Nearly all registries and Service Centres have disabled access and if necessary an appointment can be made with your local registry or Service Centre for a convenient time to have a photograph taken. Individual and Temporary MPS permits include a photo of the permit holder, with the exception of permits for people younger than 16 years of age. In other cases, exemptions from having a photo will be granted only if the applicant:

- has a significant facial disfigurement, or
- cannot meet standard Roads and Maritime photo requirements of full frontal face image due to inadequate muscular control, or

- is mostly bedridden because of advanced age or terminal illness, or
- has a severe disability that prevents them from attending a registry or Service Centre without significant inconvenience and/or embarrassment, **or**
- has their mobility severely restricted by medical equipment.

Applying for a photo exemption

Applications for a photo exemption must be in writing, and accompanied by a completed application form with a supporting letter from a medical doctor and sent to:

Team Leader Drives Assurance

Roads and Maritime, P.O. Box 3035, Parramatta, NSW 2124.

If approved, a letter of photo exemption will be issued for presentation at a registry or Service Centre.

Proof of identity

A person applying for, renewing or replacing a MPS permit is required to produce acceptable proof of their identity, such as a driver licence. Other acceptable identification documents are shown in List 1 and List 2 available on our website at <http://www.rms.nsw.gov.au/roads/licence/identity/index.html>.

Applicants may show one document each from List 1 and List 2. Alternatively, two List 2 documents, such as a current Medicare card or Pensioner Concession card, are acceptable.

Further information can also be obtained from our Contact Centre on 13 22 13 or our website at rms.nsw.gov.au.

Fees

A fee is required for the issue of an Individual or Temporary MPS permit to non-pensioners. Permits are free for eligible pensioners. Proof of the concession is required and must be validated online. For further information on current fees payable please visit rms.nsw.gov.au or call us on 13 22 13.

Medical Certificate

Please ensure that the applicant has filled in all personal details in Section 1 before signing the declaration below.

The MPS is designed to maintain the independence of people with a mobility disability. Applicants that do not meet the eligibility criteria on page 1 must not be certified as eligible for a permit. It is important that only people with medical conditions that severely affect their mobility are certified as meeting the scheme's eligibility criteria. To be eligible for an MPS card under the legislation, a person:

1. must be unable to walk because of permanent or temporary loss of use of one or both legs or another permanent medical or physical condition, or
2. whose physical condition is detrimentally affected as a result of walking 100 metres, or
3. who requires the use of crutches, a walking frame, callipers, scooter, wheelchair or other similar mobility aid.

Cards are also available to people who are permanently blind. People with behavioural or social issues do not meet the eligibility criteria.

SECTION 3

Medical Report

Complete this section if the applicant has ticked the appropriate boxes for **Question 3 in Section 1**. See Important Information shown on front page of this form.

This section is required to determine if the applicant is medically fit to drive.

Please complete this Medical Report in accordance with the published national medical standards and guidelines 'Assessing Fitness to Drive' for commercial and private vehicle drivers published by Austroads. Where medical fitness cannot be determined, you should refer the patient to an appropriate specialist. **All commercial drivers will require a specialist opinion for any serious medical condition.**

Please note that any information that is not relevant to the patient's fitness to drive should not be included in the form.

The completed medical form can be returned to the patient.

Treating Doctor or Medical Specialist's Certification

Please confirm with your patient what class of licence they hold or wish to apply for, and refer to the appropriate medical standards as indicated in the national 'Assessing Fitness to Drive' medical standards. (i.e. private or commercial vehicle standards)

How long have you treated the patient: years months

Did you have knowledge of the patient's medical history before undertaking this examination: No Yes

In my opinion the person subject to the report:

- Option 1 - Meets the relevant medical criteria for an unconditional driver licence and requires no further periodic medical reviews**
- Option 2 - Does not meet the relevant medical criteria for an unconditional or conditional driver licence**
- Option 3 - Meets the relevant medical criteria for a conditional licence, subject to a periodic medical review:**

Please indicate if any other conditional licence options are recommended:

- Downgrade to a lower class of licence (please indicate recommended class):
- Roads and Maritime driving assessment.
- Review by appropriate specialist and/or further assessment.

(please nominate type of specialist and/or assessment: e.g. neurologist, cardiologist, geriatrician, occupational therapist driving assessment, etc)

- Daylight hours only.
- Modified vehicle - (please specify)

Displaying your permit

From September 2010, Mobility Parking Scheme (MPS) permits must be displayed in an Australian Disability Parking permit, as provided to you by Roads and Maritime. As a courtesy, Roads and Maritime can supply a suction cup to attach the permit to the vehicle window. You are not required to use this device and may use other methods that do not obscure the permit details or the driver's vision.

If you choose to use the suction cup, the manufacturer advises that the suction cup's effectiveness is improved when used on a clean windscreen. Use of an alcohol wipe is recommended as some window cleaners may leave a residue.

Conditions of Use

A MPS permit is issued subject to the following conditions and heavy penalties may apply for failing to adhere to these conditions:

- a) The permit must be inserted and displayed in the plastic sleeve on the Australian Disability Parking permit provided to you by Roads and Maritime.
- b) The permit must only be displayed when the vehicle is being used to transport the individual to whom the permit was issued. It must not be used to visit or run errands for an eligible person when that person is not being transported in the vehicle.
- c) The permit should be displayed unobscured on the left hand (passenger) side of the vehicle on either the vehicle's windscreen, or on any window. If this is not practicable, it should be placed in an area where the whole of the permit may be viewed from outside the vehicle. The sides marked 'THIS SIDE UP' or 'DISPLAY THIS SIDE' must face out. The permit may be attached to the vehicle by any method that does not obscure any of the permit details or the vision of the driver when the vehicle is in motion.
- d) Parking concessions available under the MPS are only valid at on-street or council operated car parks. To park in a designated disability parking space in a private car park, you must display your valid MPS permit and pay any applicable fees required.
- e) The permit is valid until the date of expiry, unless it is revoked.
- f) The permit can no longer be used once it expires. It must be renewed and a current permit displayed for any disability parking concessions.
- g) The permit must be returned to our registry or a Service Centre on expiry, if it is revoked by Roads and Maritime or as soon as its use is no longer required eg. the person no longer suffers from the disability that made them eligible for the permit.
- h) The permit must not be reproduced, copied, defaced, altered or destroyed.
- i) The permit is not valid if reproduced, copied, defaced or otherwise altered or where one or more of the details on the permit (e.g. card number or expiry date) are illegible.
- j) If the permit is used in another State or Territory, it may be used in accordance with their prevailing parking concessions.
- k) The permit may be confiscated by an authorised officer and/or revoked by Roads and Maritime for misuse or breach of any of these Conditions of Use.
- l) The permit is subject to other such conditions that may be imposed by Roads and Maritime.

Parking concessions

The MPS permit entitles you to park in spaces marked with a symbol for people with disabilities. The permit also provides parking concessions in other spaces:

- Where parking is limited by a sign to more than 30 minutes, the vehicle can park for an unlimited time.
- Where parking is limited by a sign to 30 minutes, the vehicle can park for 2 hours.
- Where parking is limited by a sign to less than 30 minutes, the vehicle can park for a maximum of 30 minutes.
- At a 'No Parking' sign you may park up to 5 minutes, and the driver must remain within the vehicle or within 3 metres of the vehicle to drop off or pick up passengers or goods.
- When parking in metered, coupon or ticket parking areas operated by councils, no charge is applied. Charges may apply in privately operated parking areas.

All other parking rules apply.

When do the concessions apply?

The parking concessions apply when the MPS permit is displayed on the vehicle and it is being used to transport the individual to whom the permit is issued. Parking concessions available under the MPS are only valid of on-street or council operated car parks.

Car parking areas operating behind boom gates are privately operated and no concessions are afforded in these areas. To park in a designated disability parking space in a private car park, you must display your valid MPS permit and pay any applicable fees required.

Replacement MPS permits

When applying for a replacement MPS permit, you must indicate the reason in the relevant area on page 2 of this form. If you are unable to return the permit you are replacing, you must complete the declaration at Question 6.

Once a replacement MPS permit is issued, the previous MPS permit is revoked and can no longer be displayed in a vehicle. Displaying a revoked MPS permit can result in a heavy fine being issued. If your old MPS permit is found, you must post it to Roads and Maritime, Team Leader Drives Assurance, PO Box 3035, Parramatta NSW 2124 as soon as possible.

Invalid MPS permits

A MPS permit becomes invalid if it expires, is revoked by Roads and Maritime or the permit holder is deceased. Display of a MPS permit that is invalid can result in a heavy fine being issued. Invalid permits should be posted to Roads and Maritime, Team Leader Drives Assurance, PO Box 3035, Parramatta NSW 2124.

Changes in your Medical Condition

If your medical condition improves and you no longer require the use of your MPS permit, you are required to return your MPS permit to your nearest registry, Service Centre or post it to Roads and Maritime, Team Leader Drives Assurance, PO Box 3035, Parramatta NSW 2124.

Penalties

Failure to comply with these conditions can constitute an offence under the Road Transport (*General*) Regulation 2013 and you can be fined up to \$2,200.00.

Hotline

Abuse of the MPS can be reported by phoning 1300 884 899 or emailing Customer_Service_Centre@rms.nsw.gov.au.
