ANDREW CORNWELL MP
MEMBER FOR CHARLESTOWN

MEDIA RELEASE

Wednesday 18 May 2011

PEDESTRIAN SAFETY IMPROVEMENTS COMPLETED ON THE ESPLANADE AT WARNERS BAY

Andrew Cornwell, Member for Charlestown welcomes the RTA’s completion of the pedestrian safety improvements on The Esplanade at Warners Bay, between North Creek and King Street.

Mr Cornwell said the NSW Government provided $180,000 to improve the effectiveness of the existing 40km/h High Pedestrian Activity Area.

“The work included installing a raised entry near North Creek, speed humps throughout the 40km/h zone and improvements to pedestrian refuges on The Esplanade and Lake Street.

“Three speed humps have been installed in each direction, designed to minimise effects on buses and trucks.

“This work is designed to improve pedestrian safety in the existing 40km/h zone along The Esplanade, while better managing traffic speeds,” said Mr Cornwell.
