COMMUNITY INFORMATION SESSION FOR HOLBROOK BYPASS

Member for Albury, Greg Aplin invites community members to an information session for the Hume Highway Holbrook bypass project on Tuesday 29 November.

"The information session is an opportunity for the community to speak with the project team to find out about the project’s progress and make comments," Mr Aplin said.

"Members of the public will also be given an opportunity to ask questions about traffic diversions during the work and any impacts on residents and the travelling public.

The community information session will be held at the Holbrook CTC/library between 6pm and 8pm.

A short presentation will be given by the project team at 6.30pm.

The $247 million Holbrook Bypass is jointly funded by the Australian and NSW governments and will be the last major project on the Hume Highway to provide a four-lane divided highway between Sydney and Melbourne.

It is due to be completed by mid 2013.

Work on the 9.5 kilometre upgrade being carried out by Abigroup includes:

• Grade-separated interchanges to the north and south of Holbrook for easy access between the highway and the town, and
• Twin bridges over both Culcairn Road and Ten Mile Creek.

For more information call the Community Information Line on 1800 224 202, visit www.rta.nsw.gov.au/roadprojects or email holbrook@abigroup.com.au
