TWO RMS ROAD MAINTENANCE PROJECTS UNDER WAY IN GREYSTANES

Roads and Maritime Services (RMS) has carried out two road maintenance projects at Greystanes to improve the surface of sections of Gipps and Greystanes roads.

"Gipps and Greystanes roads were resurfaced between the Hassall Street roundabout and the Great Western Highway," Andrew Rohan MP said.

"The $316,000 project was funded by the NSW Government and involved laying new asphalt to provide a smoother, more durable road surface, and new line marking.

"These projects complemented resurfacing work which was carried out on Greystanes Road between Merrylands and Old Prospect roads in December 2011."
