MEDIA RELEASE

MONDAY 27 MARCH 2012

WORK STARTS ON PEISLEY STREET IN ORANGE

Maintenance will start this weekend on Peisley Street (MR245) in Orange.

Member for Orange Andrew Gee said Roads and Maritime Services (RMS) has provided $102,000 towards the upgrade, funded under the Regional Roads REPAIR program, in addition to funding provided by Orange City Council.

“The work is being carried out by Orange City Council and involves rebuilding the road between Summer and Kite streets,” Mr Gee said.

“The right turn lane on Peisley Street between Summer and Kite streets will be removed as part of this work.

“This project will improve road safety and provide a smoother, quieter road surface for all motorists, resulting in reduced ongoing maintenance costs.

“Work will be carried out on Saturdays between midday and 7pm and on Sundays between 7am and 6pm, weather permitting.

“Traffic control will be in place and a 40km/h roadwork speed limit will be enforced.

“Work is expected to be completed across three weekends, weather permitting. No work will take place during the Easter long weekend,” Mr Gee said.

Motorists may experience minor delays during this work.

Be roadwork aware, slow down and take care – roadwork speed limits are enforceable.
