WORK STARTS ON MENDOORAN ROAD NEAR BROCKLEHURST

Work will this week start to widen Mendooran Road, seven kilometres from Brocklehurst.

The Member for Dubbo Troy Grant said Roads and Maritime Services (RMS) has provided $125,000 towards the upgrade, funded under the Regional Roads REPAIR program, in addition to funding provided by Dubbo City Council.

“The work involves widening Mendooran Road (Regional Road 7519) for around three kilometres and includes the widening of drains underneath the road,” Mr Grant said.

“This project will improve road safety for all motorists using this road and reduce ongoing maintenance costs.

“Work will be carried out weekdays between 7am and 5pm, weather permitting.

“There will be a reduced speed limit of 40km/h through the worksite and traffic control will be in place.

“Motorists are advised to expect some delays and to obey all signs while travelling through the work site.

“This project is part of the ongoing upgrade of the road and work is expected to be completed in June, weather permitting,” Mr Grant said.

Be roadwork aware, slow down and take care – roadwork speed limits are enforceable.
