SHOALHAVEN RIVER BRIDGE GETS AN EASTER MAKE OVER

Member for Kiama Gareth Ward today said that essential bridge maintenance and resurfacing work on Shoalhaven River bridge has been completed in time for Easter.

"Roads and Maritime Services (RMS) provided $200,000 for work on the southbound bridge," Mr Ward said.

"The work involved minor repairs to the concrete deck and barriers, repair of bridge joints, strengthening bridge rails, the application of a waterproof membrane and asphalt resurfacing of the bridge deck," he said.

"The work will extend the life of the bridge and improve road safety and ride quality for motorists.

"Motorists heading south on the Princes Highway this Easter will notice a much smoother and quieter ride," he said.

"I would also like to thank local motorists for their patience whilst this important work was carried out," Mr Ward said.
