MEDIA RELEASE

$2.6 MILLION MAINTENANCE STARTS ON THE F3 FREEWAY

Roads and Maritime Services (RMS) has started work on the F3 Freeway between Mt White and the Calga interchange.

Member for Gosford, Chris Holstein, said the NSW Government has provided $2.56 million to resurface 1.7 kilometres of the freeway as part of routine maintenance.

“This project will improve road safety and provide a smoother, quieter road surface for all motorists.

“The work will also reduce ongoing maintenance costs.

“RMS will carry out work Sunday to Thursday nights from 7pm to 6am, weather permitting.

“During these times lane closures will be required and temporary traffic control will be in place.

“The maintenance is expected to be completed by July, weather permitting.

“Motorists may experience minor delays during this work and a 40km/h speed limit will be enforced,” Mr Holstein said.

Be roadwork aware, slow down and take care – roadwork speed limits are enforceable.
