UPGRADE STARTS ON DUNGOG ROAD

The Member for Upper Hunter, George Souris, MP said that work will this week start to improve Dungog Road (Main Road 101) at Wirragulla.

Mr Souris said Roads and Maritime Services (RMS) has provided $200,000 towards the upgrade, funded under the Regional Roads REPAIR program, in addition to funding provided by Dungog Shire Council.

“The work is being carried out by Council and involves upgrading one kilometre of the road,” Mr. Souris said.

“The work includes widening the road to provide improved travel lanes and road shoulders.

This project will improve road safety and provide a smoother, quieter road surface for all motorists, resulting in reduced ongoing maintenance costs.

Traffic control will be in place and motorists may experience minor delays during the work.

Work is expected to be completed in June, weather permitting,” Mr. Souris said.

"Be roadwork aware, slow down and take care – roadwork speed limits are enforceable." Mr. Souris concluded
