WORK STARTS TO IMPROVE SAFETY AT CORRIMAL STREET INTERSECTION

Parliamentary Secretary for Transport and Roads, John Ajaka MLC is advising motorists that work to improve road safety at the intersection of Corrimal and Gipps streets and Georges Place at Wollongong will start today.

Four way traffic lights will be installed on Corrimal Street between Campbell and Kembla streets. The lights will include pedestrian activated crossings aimed at reducing the risk of crashes.

New kerb and gutter, pram ramps and footpath improvements will also be carried out during the work.

Work will be carried out in the northbound lanes weekdays from 7am to 3pm and in the southbound lanes from 9.30am to 5pm.

One lane will be closed during the work and a reduced roadwork speed limit will apply.

Motorists will be guided through the work site by traffic controllers.

No lane closures or reduced speed limits will apply from noon on Friday 8 June to midnight Monday 11 June to ensure the smooth flow of traffic during the long weekend.

Work is expected to be completed in July, weather permitting.
