WORK ON RAYMOND TERRACE ROAD MILLERS FOREST NEARS COMPLETION

Member for Maitland Robyn Parker has welcomed advice from Roads and Maritime Services (RMS) that work is almost complete to rebuild part of Raymond Terrace Road at Millers Forest.

The guardrail at the intersection of Monkeleys and Nalleys Creek roads and final line marking will be completed this month, weather permitting.

"The NSW Government has provided $2.7 million to upgrade a 1.8 kilometre section of the road between Nalleys Creek Road and the Irrawang Bridge," Ms Parker said.

"It aims to improve road safety and provide a smoother road surface for all motorists, resulting in reduced ongoing maintenance costs."

The project has involved strengthening the road surface, drainage improvements, shoulder widening and improvements to intersections at Monkeleys, Nalleys Creek and Prices roads.

"The final resurfacing of the road upgrade will be carried out in the warmer months and completed by the end of the year," Ms Parker said.

"I would like to join with RMS and thank motorists for their patience while this important work has been carried out especially when detours have been in place so night roadwork could be carried out."

Until the rebuild is finished motorists are advised to be roadwork aware, slow down and take care — roadwork speed limits are enforceable.
