MEDIA RELEASE

TRAFFIC LIGHTS SWITCHED ON AT CENTRAL COAST HIGHWAY, ERINA HEIGHTS

Member for Terrigal, Chris Hartcher said Roads and Maritime Services (RMS) is working towards completion of the Central Coast upgrade between Carlton and Serpentine roads at Erina Heights.

“Since restarting work on the project RMS has been concentrating on finishing the new traffic lights at the Arundel Road intersection as quickly as possible,” Mr Hartcher said.

“I am pleased to say work has now been completed, allowing the lights to be switched on today.

“This important work will improve safety for motorists turning into and out of Arundel Road and improve access to the Central Coast Grammar School.”

The changed traffic conditions are clearly signposted and motorists are asked to obey all signs at the site as well as the direction of traffic controllers.

Motorists may experience minor delays while work continues on the Central Coast Highway.

RMS thanks motorists and residents for their patience while this important upgrade is being completed.
