MEDIA RELEASE

2 July 2012

CHANGED TRAFFIC CONDITIONS ON CULCAIRN ROAD AT HOLBROOK

Member for Albury, Greg Aplin advises motorists of changed traffic conditions on Culcairn Road as part of work on the Holbrook bypass.

Support beams for the new twin bridges over Culcairn Road will be installed by crane on Monday 9 and Tuesday 10 July, weather permitting.

Work may also continue on Wednesday 11 July if delays occur during installation.

Traffic will be stopped for up to 30 minutes on Culcairn Road at various times between 9.30am and 7pm.

Motorists travelling between Holbrook and Culcairn can detour via Morven and Cookardinia, adding about 14 minutes to the trip.

Traffic will be reduced to one lane on Culcairn Road when it is open to traffic.

Temporary traffic control and speed limits will be in place.

Motorists are advised to plan their journey, allow extra travel time and obey all signs.

For more information on traffic conditions contact the Transport Management Centre on 132 701 or visit www.livetraffic.com.

The $247 million Holbrook Bypass will provide 9.5 kilometres of upgraded highway, improving safety and convenience for motorists and local residents by removing many cars and heavy vehicles from the streets of Holbrook.

ENDS.
