SPEED LIMIT CHANGES ON COBB HIGHWAY AT MOAMA

Roads and Maritime Services (RMS) is advising motorists of speed limit changes from Wednesday 25 July on the Cobb Highway at Moama.

John Williams The Nationals Member for Murray-Darling said RMS carried out a review of the road as part of the Top 100 audit of speed zones.

“The review assessed a number of factors including road environment, traffic characteristics and crash data.

“As a result, the speed limit along the Cobb Highway from 500 metres south to 300 metres north of Nicholas Drive will be reduced from 80km/h to 50km/h.

“The change will provide a more consistent approach to speed limits along the road and better reflect the road’s increase in development and pedestrian conditions,” Mr Williams said.

Warning signs will be in place to advise motorists of the change and will remain for at least a week after the new speed limit signs have been installed.

Members of the community can sign up at the Safer Roads NSW website to receive updates about changes to permanent speed limits in their nominated area and have their say on speed limits.
