HAVE YOUR SAY ON IMPROVEMENTS TO CUMBERLAND HIGHWAY AT SMITHFIELD

Roads and Maritime Services (RMS) is inviting public feedback on the proposal to improve northbound vehicle flow from Cumberland Highway to Victoria Street at Smithfield.

RMS investigations have found it is difficult for B-Doubles to turn left at this location.

RMS and Fairfield City Council have been working together on a proposal to provide better access for heavy vehicles and make other safety changes at the intersection.

Community feedback is welcome on the proposal to:

- Remove the traffic island at the left turn slip lane from Cumberland Highway into Victoria Street
- Modify line marking at the intersection of Victoria Street and Cumberland Highway
- Modify the pedestrian crossing across the left turn slip lane on Cumberland Highway
- Modify the central median island in Victoria Street west of the Cumberland Highway intersection.

Residents will be invited to provide feedback from 9 October.

Written comments can be sent to Mr Shah Kshitij, Road Network Officer, Roads and Maritime Services, PO Box 973, Parramatta NSW 2124 or email Kshitij.Shah@rms.nsw.gov.au or (02) 8849 2599.

Comments close Friday 19 October 2012.
