22 October 2012

WORK COMPLETE ON NEWELL HIGHWAY AND DAVIES LANE INTERSECTION

Member for Murrumbidgee Adrian Piccoli today announced Roads and Maritime Services (RMS) had completed work on the Newell Highway and Davies Lane intersection, about 15 kilometres south of Narrandera.

"The $250,000 state-funding project involved widening the road and shoulder and improving the road surface conditions.

“Not only will the project extend the life of the road, it will also improve traffic flow, reduce future maintenance costs and improve safety for all motorists travelling on this road.

Work started in the first week of October and was carried out by RMS.

The work is part of Roads and Maritime Services’ (RMS) commitment to improving roads in and around the Narrandera area.

“RMS would like to thank local residents and motorists for their patience while the work was carried out,” Mr Piccoli said.
