HAVEN'T YOUR SAY ON PEDESTRIAN IMPROVEMENTS TO KINGSWAY AT CRONULLA

9 November 2012

Mark Speakman has announced that Roads and Maritime Services (RMS) is seeking community feedback to plans for improving pedestrian safety on the Kingsway near Abel Place at Cronulla.

From 2006 to 2011, five crashes including one fatal crash occurred when pedestrians attempted to cross the Kingsway between Abel Place and Croydon Street instead of at the traffic lights.

RMS has worked with the Sutherland Shire Council on ways to improve pedestrian safety and encourage safer crossing including:

• Installing 70m of pedestrian fencing on the centre median of the Kingsway extending from the existing pedestrian crossing to west of Elouera Road.
• Installing 60m of pedestrian fencing on the centre median of the Kingsway extending from the existing pedestrian crossing to east of Croydon Street.
• Installing some short sections of pedestrian fencing on the kerbside of the Kingsway around the existing signalised pedestrian crossing.

The proposed pedestrian fencing would not result in the loss of any kerbside parking on the Kingsway.

To see the proposal, please visit www.rms.nsw.gov.au/roadprojects or to order a hard copy of the proposal call Vic Vigneswaran (02) 8849 2131.

Written feedback is invited until Friday 23 November and to be sent to the Project Manager Vic Vigneswaran, Roads and Maritime Services, PO Box 973, Parramatta NSW 2124 or by email to Vic.Vigneswaran@rms.nsw.gov.au.
