Berry Bypass Environmental Assessment Submissions Closing Soon

Member for Kiama Gareth Ward has today reminded local residents that the environmental assessment for the Foxground and Berry bypass is on display until Monday 17 December 2012.

"You are invited to make a submission to the NSW Department of Planning and Infrastructure during the display period," Mr Ward said.

"To date, the display at RMS project office in Berry has been well attended with an average of 50 people visiting the office per day during the first two weeks.

"Of particular interest are the video representations and 3D model of the concept design.

"Feedback on these has been positive, with the web versions receiving over 870 hits to date.

"There have also been over 1,000 hits on the interactive maps that show flooding and noise information.

"If you have not already viewed the animation or interactive maps, I encourage you to visit the project website at www.rms.nsw.gov.au/fbb or the project office in Berry," he said.

The project office is located in Broughton Court, Shop 3/113 Queen Street, Berry and is open on:

- Monday, Tuesday, Wednesday and Friday 10am to 5pm; and
- Thursday 12pm to 7pm

"I encourage all of those residents who wish to make a contribution but haven't already done so, to enter their submission by Monday 17 December," Mr Ward said.
