CALL FOR REGISTRATIONS OF INTEREST TO DESIGN AND BUILD FOXGROUND AND BERRY BYPASS

Member for Kiama Gareth Ward has today called for suitably prequalified contractors to register their interest to carry out the detailed design and construction for the Foxground and Berry bypass.

"Registrations of interest are open for the Foxground and Berry bypass which is the middle third of the Princes Highway upgrade between Gerringong and Bomaderry," Mr Ward said.

"The call for registrations shows the Princes Highway upgrade is moving forward.

"Registrations are now open and will close on 9 January 2013.

"Once planning approval is provided Roads and Maritime Services (RMS) will then consider the registrations and a shortlist of companies will be invited to submit further detailed tenders.

"The shortlist of tenderers is expected to be announced by mid 2013," he said.

For more information on how to register interest visit https://tenders.nsw.gov.au/rms/.

"The proposed Foxground and Berry bypass would provide a four-lane highway, two lanes in each direction, with median separation for 11.6 kilometres of the Princes Highway between Toolijooa Road and Schofields Lane.

"The upgrade would include a bypass of the winding highway alignment at Foxground and a bypass of Berry with access ramps at the north and south of town," Mr Ward said.

Planning for the Foxground and Berry bypass is funded by the New South Wales Government.
