

Vehicle maintenance plan

Introduction

Clause 16 of the *Passenger Transport Regulation 2007* states the operator of a relevant service must have, and adhere to, a public passenger vehicle maintenance plan that is consistent with the maintenance standards of the manufacturer of the bus used to provide the service.

Guideline

Generic type vehicle maintenance plans (such as A, B, C and Ds) are not accepted by Roads and Maritime Services. However, if maintenance schedules exceed the manufacturers' maintenance standards they are acceptable.

Vehicle maintenance plans can be located by contacting bus manufacturers, enthusiasts, bus museum, and other bus operators, or on the Internet.

Manufacturer contacts

The following resource links are available for additional information on vehicle maintenance plans.

Approved supplier	Contact information	Contact email or website
AHG International Pty Ltd	1300 850 206 (02) 8718 8706	info@higer.com.au
