Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor’s obligations under the contract or will receive a benefit under the contract

No body corporate details nominated.

A description of any provisions with respect to the renegotiation of the contract

There are no provisions with respect to the renegotiation of the contract.

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

a) Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria:

b) The tender price and the integrity of its structure (after application of applicable Government Purchasing Policies).

c) Individual rates and prices and the integrity of their structure.

d) Your current financial position and commitments on other contracts.

e) Your Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts. (QA contracts only).

f) Suitability of proposed personnel, plant, equipment and subcontractors.

g) Proposals (where requested in the Tender Documents) and previous performance concerning management of safety, chain of responsibility provisions of the HVNL, workplace relations, environmental protection and community relations.

h) Claims history.

i) Record of compliance or otherwise with NSW Government Code of Practice for Procurement and Implementation Guidelines.

j) Records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments.

k) Construction Program detailing construction of all works within a 15 week contract period. Each activity must have a duration of not more than (1) week, otherwise it should be divided into shorter sub-activities.

l) List of Projects completed within the last 5 years that included similar work to that in these Contract Works, ranging in value between $600,000 and $1 million.

m) Your Company’s Schedule of Resources showing Company Resources and Sub-Contract Resources that will be committed to this Contract if awarded to you.

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.
A description of any provisions under which the amount payable to the contractor may be varied

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor’s obligations under the contract or will receive a benefit under the contract

A description of any provisions with respect to the renegotiation of the contract

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

There are no provisions with respect to the renegotiation of the contract.

1. In the case of a contract arising from a tendering process, a summary of the criteria which the various tenders were assessed.
2. Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria:
3. The tender price and the integrity of its structure (after application of applicable Government Purchasing Policies).
4. Individual rates and prices and the integrity of their structure.
5. Your current financial position and commitments on other contracts.
6. Your Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts. (QA contracts only).
7. Suitability of proposed personnel, plant, equipment and subcontractors.
8. Proposals (where requested in the Tender Documents) and previous performance concerning management of safety, chain of responsibility provisions of the HVNL, workplace relations, environmental protection and community relations.
9. Claims history.
10. Record of compliance or otherwise with NSW Government Code of Practice for Procurement and Implementation Guidelines.
11. Records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments.
12. Construction Program detailing construction of all works within a 15 week contract period. Each activity must have a duration of not more than (1) week, otherwise it should be divided into shorter sub-activities.
13. List of Projects completed within the last 5 years that included similar work to that in these Contract Works, ranging in value between $600,000 and $1 million.
14. Your Company’s Schedule of Resources showing Company Resources and Sub-Contract Resources that will be committed to this Contract if awarded to you.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services
A description of any provisions under which the amount payable to the contractor may be varied

The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil

Awarded Value $459,902
Estimated Amount Payable $459,902

The contract was awarded as follows:-
Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina ± Section 5 Pavement Marking
Contract No: 17.0000302544.1421
Contractor Name: Gumbay Holdings Pty Ltd T/as Avante Linemarking

There are no provisions with respect to the renegotiation of the contract.

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria:
1. The tender price and the integrity of its structure (after application of applicable Government Purchasing Policies).
2. Individual rates and prices and the integrity of their structure.
3. Your current financial position and commitments on other contracts.
4. Your Quality System documentation and experience in the carrying out of Quality Assurance contracts. (QA contracts only).
5. Suitability of proposed personnel, plant, equipment and subcontractors.
6. Proposals (where requested in the Tender Documents) and previous performance concerning management of safety, chain of responsibility provisions of the HVNL, workplace relations, environmental protection and community relations.
7. Claims history.
8. Record of compliance or otherwise with NSW Government Code of Practice for Procurement and Implementation Guidelines.
9. Records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments.
10. Other criteria listed in Annexure CT3.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

Contract Description: Wodgoolga to Ballina - At House Noise Treatment Installation - Package No 2

Contract Commencement Date: 26/10/2018

Initial Contract Period: 15 wks

Revised Contract Period: 15 wks

Successful Tenderer: PKN Constructions Pty Ltd

Address: 28 Mawson Close, BOAMTEE VALLEY, NSW, 2450

Method of Tendering: Multi Stage (Prequalified / Registered)

Awarded Value: $605,492

Estimated Amount Payable: $605,492

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract: Not provided.

A description of any provisions with respect to the renegotiation of the contract: There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria:

- The tender price and the integrity of its structure (after application of applicable Government Purchasing Policies).
- Individual rates and prices and the integrity of their structure.
- Your current financial position and commitments on other contracts.
- Your Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts. (QA contracts only).
- Suitability of proposed personnel, plant, equipment and subcontractors.
- Proposals (where requested in the Tender Documents) and previous performance concerning management of safety, chain of responsibility provisions of the HVNL, workplace relations, environmental protection and community relations.
- Claims history.
- Record of compliance or otherwise with NSW Government Code of Practice for Procurement and Implementation Guidelines.
- Records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments.
- Construction Program detailing construction of all works within a 15 week contract period. Each activity must have a duration of not more than (1) week, otherwise it should be divided into shorter sub-activities.
- List of Projects completed within the last 5 years that included similar work to that in these Contract Works, ranging in value between $600,000 and $1 million.
- Your Company’s Schedule of Resources showing Company Resources and Sub-Contract Resources that will be committed to this Contract if awarded to you.
- Schedule of Technical Data for each receiver.
- Your Company’s Identification and Promotional Package to be provided to each Dwelling Owner prior to the commencement of Work on each Premises. (This must include your Company Entity details, contact details, Builders Licence number and details)
- Resumes, including qualifications and list of project experience for your key personnel at a minimum your Contractor’s Representative, Quality Manager, and Site Supervisor(s)

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

There is no related body corporate in respect of the contractor or any private sector entity in which the contractor has an interest that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract.

The pay items are based on schedule of rates/prices and are not negotiable.

Price and assessment based on best value for money considering tenderers program, previous performance history, current financial position and other commitments, Organisational Details/Resources and Subcontracting, quality system, WHS performance, environmental performance, Workplace Relations management, training management, Aboriginal Participation Requirements, Heavy Vehicle Chain of Responsibility (CoR) Management, Project Delivery Methodology, Construction Risk Management and Resources and Personnel.

Contractor is responsible for the maintenance of road within the work zone.

The contract contains clauses which allow the RMS to order and pay for variations necessary to satisfactorily complete the contract. There is a formula for cost adjustments in the contract based on indices published by the Australian Bureau of Statistics and other Government bodies.

Yes
Contract ID: 18.0000303150.1305

**A description of any provisions with respect to the renegotiation of the contract**

**In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed**

The contract was awarded as follows:-

Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina, Section 5 Survey
Contract No: 17.000302544.1412
Contractor Name: Pacific Survey Pty Ltd

There are no provisions with respect to the renegotiation of the contract.

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria:

(a) The Evaluation Criteria are set out in the Details. The Evaluation Criteria are not set out in any order of priority.
(b) We seek to obtain overall best value for money. We may allocate weightings to the Evaluation Criteria at our discretion.
(c) We will not necessarily accept the lowest price offered.
(d) In assessing your Tender we may have regard to information from any source (including reports on your performance under other contracts whether with us or not).
(e) We may also at any time enquire into and assess your financial status and at our discretion determine whether we believe you have sufficient financial capacity. We reserve the right at any time to not proceed further with the consideration of your Tender where your financial capacity is not acceptable to us in our absolute discretion.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

Contract ID 17.000303652.1376
Contract Description Newcastle Bypass Rankin Park to Jesmond Detailed Design - Main Works
Contract Commencement Date 14/09/2018
Initial Contract Period 80 wks
Revised Contract Period 80 wks
Successful Tenderer AURECON AUSTRALASIA PTY LTD
Address 2 Palmer Street North, Parramatta, NSW, 2151
Method of Tendering Multi Stage (Prequalified / Registered)
Awarded Value $9,835,971
Estimated Amount Payable $10,246,032

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract.

A description of any provisions with respect to the renegotiation of the contract.

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed.

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services.

A description of any provisions under which the amount payable to the contractor may be varied.

The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil

The contractor has advised that there are no related bodies that will be involved in which the contractor has an interest that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract.

There are no provisions within the Conditions of Contract with respect to the renegotiation of the contract.

Prequalified invited tenders. Criteria included recent projects, technical skills (personnel), methodology management systems and skills, organisational capacity, price and financial capacity. Assessment was based on value for money after consideration of other criteria.

There are no provisions within the Conditions of Contract where the contractor is to receive payment for providing operational or maintenance services.

The contract contains clauses which allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

**In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed**

Tenders were assessed on the basis of best value for money. This includes but not limited to the following:
- Tender price and the integrity of its structure
- Current financial position
- Quality system documentation and experience
- Suitability of proposed resources
- Previous performance
- Program and methodology

**A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services**

Operational or maintenance services are not included

**A description of any provisions under which the amount payable to the contractor may be varied**

The contract contains clauses which allow the RMS to order and pay variations necessary to satisfactorily complete the contract

**The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil**

Contract ID 17.0000302544.1422
Contract Description Woolgoolga to Ballina - Street Lighting - Section 5
Contract Commencement Date 31/05/2018
Initial Contract Period 62 wks
Revised Contract Period 62 wks
Successful Tenderer NJ Construction Pty Ltd
Address 42 Hincksman Street, QUEANBEYAN, NSW, 2620
Method of Tendering Open Tender
Awarded Value $1,322,546
Estimated Amount Payable $1,350,002

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor’s obligations under the contract or will receive a benefit under the contract

A description of any provisions with respect to the renegotiation of the contract

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

The contract was awarded as follows:-
Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina Section 5 Street Lighting
Contract No: 17.0000302544.1422
Contractor Name: NJ Construction

There are no provisions with respect to the renegotiation of the contract.

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria-
1. The tender price and the integrity of its structure (after application of applicable Government Purchasing Policies).
2. Individual rates and prices and the integrity of their structure.
3. Your current financial position and commitments on other contracts.
4. Your Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts. (QA contracts only).
5. Suitability of proposed personnel, plant, equipment and subcontractors.
6. Proposals (where requested in the Tender Documents) and previous performance concerning management of safety, chain of responsibility provisions of the HVNL, workplace relations, environmental protection and community relations.
7. Claims history.
8. Record of compliance or otherwise with NSW Government Code of Practice for Procurement and Implementation Guidelines.
9. Records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments.
10. Other criteria listed in Annexure CT3

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

not applicable

A description of any provisions with respect to the renegotiation of the contract

"Tenders were assessed in accordance with Engineering Contracts Manual Section 3.6 Assessing Tenders. Tenders were assessed on the basis of which tender provided the best value for money. In doing this, the following items were considered:
- the tender price, their rates and the integrity of its structure
- details and logic of the tender program
- previous contractor performance, financial position and commitments on other contracts
- the Tenderer's quality system documentation and experience and performance in the carrying out of Quality Assurance Contracts
- the Tenderer's WHS performance, experience and suitability of proposed WHS site management plan
- the Tenderer's environmental performance, experience and suitability of proposed environmental management plan
- suitability of proposed personnel and nominated subcontractors and previous performance concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations
- claims history
- record of compliance or otherwise with NSW Government Codes of Tendering and Practice
- records of performance, claims and compliance with codes provided by other Government agencies or departments. "

not applicable

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Stage 1: All Proponents
(a) Membership of the following RMS Professional Services Contractor Panel (mandatory requirement): Road network analysis services (Panel No. 13.2200.0931
(b) Attendance at Industry Briefing on Wednesday 1 November 2017 (mandatory requirement)
(c) Past Performance and Experience, including demonstrated capability and experience of the organisation(s), with a focus on:
   i) Constructing, calibrating and validating an operational traffic model for a highly congested urban traffic street network greater than 20 intersections in size,
   ii) Using calibrated and validated operational traffic models for future scenario testing in an urban traffic street network greater than 20 intersections in size.
   iii) Constructing, calibrating and validating an operational traffic models for a highly congested motorway and trunk road network.
   iv) Using calibrated and validated operational traffic models for future scenario testing of a highly congested motorway and trunk road network.
   v) Customising software or scripts to recreate operational conditions that are not available using off the shelf modelling software settings.
(d) High level Proposed Methodology for undertaking the operational traffic modelling in accordance with the brief provided, including details of proposed joint ventures, business partners and collaborations with software vendors or academic institutions where appropriate.
(e) Experience, Technical Skills and Qualifications of proposed personnel with a focus on:
   i) Operational traffic modelling of highly congested urban traffic street network
   ii) Operational traffic modelling of a highly congested motorway and trunk road network.
   iii) Collaborative working with modelling software vendors and / or academic researchers in the field of traffic analysis modelling.
(f) Appropriate organisational structure including proposed project team structure/composition, resource allocation and availability of proposed and backup personnel.

Stage 2: Shortlisted Proponents Only
(a) Detailed Methodology for undertaking the operational traffic modelling as specified, including proposed model construction, data collection, validation and model calibration. Proposed engagements with third parties and the nature / reason of such engagements.
(b) Stage 2 Test - The shortlisted proponents will be given a simple scenario and asked to provide outputs at future known year with given demand.
   i) Accuracy of predicted travel time in test model year as requested (no metering).
   ii) Accuracy of predicted traffic outcomes in test model year as requested (no metering).
   iii) Quality, transparency and simplicity of implementation of specified ramp metering operation within test model to provide travel time and volume outputs.
(c) Program - including ability to meet milestones for work of a similar nature to that proposed in the project brief and to complete work within the nominated timeframes. Provision of a detailed program complying with RFP requirements.
(d) Price – as set out in Schedule B4

A description of any provisions under which the amount payable to the contractor may be varied

Urgent additional work under the contract which was negotiated at variation rates and requested by the Client.

The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil

Contract ID 17.000303652.0233
Contract Description M1 Weakleys Drive Intersection Upgrade
Contract Commencement Date 15/01/2018
Initial Contract Period 50 wks
Revised Contract Period 58.6 wks
Successful Tenderer Georgiou Group Pty Ltd
Address 10 Browning Street, SOUTH BRISBANE, QLD, 4101
Method of Tendering Open Tender
Awarded Value $14,798,779
Estimated Amount Payable $17,204,359

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor’s obligations under the contract or will receive a benefit under the contract

There is no related body corporate in respect of Georgiou Group Pty Ltd (Georgiou), or any other private sector entity in which Georgiou has an interest that will carry out any works under the contract or will receive a benefit under the contract.

A description of any provisions with respect to the renegotiation of the contract

The contract contains clauses which allow Roads and Maritime Services to order and pay for variations necessary to satisfactorily complete the contract.

There is a formula for cost adjustments in the contract based on indices published by the Australian Bureau of Statistics and other Government bodies.

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

An open ROI was called with 9 respondents. ROI evaluation was weighted according to: Respondent's capability 30%, Proposed Personnel 35%, and Road User Experience 35%.

Daracon and Georgiou were shortlisted and invited to tender based on the outcome of the ROI evaluation.

The Tender Assessment Committee has examined and assessed the tenders in accordance with Sections 3.5 and 3.6 of the Engineering Contracts Manual. Non price related information submitted for both Tenderers was largely consistent with the previous ROI phase, where both companies scored highly and similarly. As a result, the tender assessment has been able to focus on the financial aspects of the tenders, including examination of any unusual pricing, risk allocation and a sensitivity analysis, with a view to recommending a best value for money tender.

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders were assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under the RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
(b) individual rates and prices and the integrity of their structure;
(c) the details and logic of the Tender Program;
(d) previous contractor performance, current financial position and commitments on other contracts;
(e) the Tenderer’s Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only);
(f) the Tenderer’s WHS performance, experience and suitability of proposed WHS Site Scheme;
(g) the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
(h) the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan;
(i) suitability of proposed personnel, plant, equipment and subcontractors;
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations;
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance;
(l) demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance;
(m) claims history;
(n) record of compliance or otherwise with NSW Government Codes of Tendering and Practice;
(o) records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments;
(p) other criteria listed in Annexure RFT2.2. (Section 6 Main Works)

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

A description of any provisions under which the amount payable to the contractor may be varied

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed:

1. Demonstrated capacity to identify, develop, implement and improve necessary project management disciplines, systems, processes, tools and controls
2. Demonstrated leadership skills and experience and high level change management expertise in leading teams delivering a range of projects in a dynamic operating environment and proven ability to build a culture of excellence in project management.
3. Excellent communication skills and a proven capacity for successful negotiation, consultation and stakeholder management at a senior level.
4. Extensive experience in day to day leadership and management of complex project development or delivery in a large and complex/diverse organisation.
5. Strong knowledge and practical experience in activities related to project deliverables, resource allocation/assignment, system integration, change management, and reporting and problem resolution.
6. Strong analytical skills including the ability to analyse and interpret information, prepare written reports, deal with challenges creatively and achieve business focused solutions.
7. Demonstrated organisational skills and experience working in a high volume and demanding professional environment with a capacity to prioritise competing demands and achieve results with a customer focused approach.
8. Proven engagement, collaboration and negotiation skills, working across multi-disciplined teams, and a demonstrated ability to build, maintain and use relationships with customers and stakeholders.
9. Tertiary qualifications in a relevant discipline, or equivalent experience.
10. Experience in Infrastructure Delivery projects managing completions and/or Property

**Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract**

Not applicable

**A description of any provisions with respect to the renegotiation of the contract**

Not applicable

**In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed**

Tenders were assessed on the basis of best value for money. This includes but not limited to the following:
- Tender price and the integrity of its structure
- Current financial position
- Quality system documentation and experience
- Suitability of proposed resources
- Previous performance
- Program and methodology

Operational or maintenance services are not included

Completed - 16/10/2017

The contract contains clauses which allow the RMS to order and pay variations necessary to satisfactorily complete the contract

NA
The contractor has advised that there are no related bodies that will be involved in which the contractor has an interest, that will be involved in carrying our any of the contractors obligations under the contract or will receive a benefit under the contract.

There are no provisions within the Conditions of Contract with respect to the renegotiation of the contract.

Prequalified invited tenders. Criteria included past performance (time, cost) technical skills(personnel), methodology, management systems and skills, organisational capabilities, price and financial capacity. Assessment was based on value for money after consideration of other criteria.

There are no provisions within the Conditions of Contract where the contractor is to receive payment for providing operational or maintenance services.

The contract contains clauses which allow the Roads and Maritime Services to order and pay for variations necessary to satisfactorily complete the contract.

A description of any provisions with respect to the renegotiation of the contract

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

The contract was awarded as follows:-
Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina Koala Monitoring Sections 1-11
Contract No: 17.0000302544.0724
Contractor Name: Sandpiper Ecological Surveys

There are no provisions with respect to the renegotiation of the contract.

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

- Performance
- Record of performance on similar work including demonstrated ability to maintain confidentiality with regard to sensitive project issues, media and the community;
- Record of completion on time including meeting milestones and deadlines; and
- Record of completion within agreed budget.

Price
- Demonstrated value for money.

Proposed Methodology
- Understanding of project and client needs and proposed procedures to achieve project outcomes specified in the Brief.
- The Proposed Methodology will include the physical monitoring requirements as well as the reporting process for all tasks, including the provisional items.
- Provide details of the accredited laboratory and relevant accreditations for the personnel proposed for the genetic analysis.
- Demonstrated experience in undertaking statistical power analysis as part of experimental design of ecological field surveys.

Technical Skills
- Qualifications and competence of proposed key personnel (included technical and project / management skills).

Organisational Capability
- Ability to provide nominated personnel and availability of backup resources;
- Recent and relevant experience in comparable services; and
- Proposals and previous performance concerning workplace relations, the Building Code 2016 and the NSW Code (and all supporting Guidelines).
A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

A description of any provisions under which the amount payable to the contractor may be varied

There are no provisions with respect to the amount payable to the contractor being varied.

The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
(b) individual rates and prices and the integrity of their structure;
(c) the details and logic of the Tender Program;
(d) previous contractor performance, current financial position and commitments on other contracts;
(e) the Tenderer’s Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only);
(f) the Tenderer’s WHS performance, experience and suitability of proposed WHS Site Scheme;
(g) the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
(h) the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan;
(i) suitability of proposed personnel, plant, equipment and subcontractors;
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations;
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance;
(l) demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance;
(m) claims history;
(n) record of compliance or otherwise with NSW Government Codes of Tendering and Practice;
(o) records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments;
(p) other criteria listed in Annexure RFT3.
(q) other criteria listed in Annexure RFT2 (Main Civil Works, Section 3)

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

*In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed*

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);  
(b) individual rates and prices and the integrity of their structure; 
(c) the details and logic of the Tender Program; 
(d) previous contractor performance, current financial position and commitments on other contracts; 
(e) the Tenderer’s Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only); 
(f) the Tenderer’s WSH performance, experience and suitability of proposed WHS Site Scheme;  
(g) the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan; 
(h) the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan; 
(i) suitability of proposed personnel, plant, equipment and subcontractors;  
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection and community relations; 
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance; 
(l) demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance; 
(m) claims history;  
(n) record of compliance or otherwise with NSW Government Codes of Tendering and Practice; 
(o) records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments;  
(p) other criteria listed in Annexure RFT3. 

*Other criteria listed in Annexure RFT2 (Main Civil Works, Section 3)*

*There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.*

*Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.*

*Yes*

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract

A description of any provisions with respect to the renegotiation of the contract

The contract was awarded as follows:-
Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina ï¿½ Main Civils Sections 10 & 11
Contract No: 16.0000302544.1900
Contractor Name: Lend Lease Engineering

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
(b) individual rates and prices and the integrity of their structure;
(c) the details and logic of the Tender Program;
(d) previous contractor performance, current financial position and commitments on other contracts;
(e) the Tenderer’s Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only);
(f) the Tenderer’s WHS performance, experience and suitability of proposed WHS Site Scheme;
(g) the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
(h) the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan;
(i) suitability of proposed personnel, plant, equipment and subcontractors;
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations;
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance;
(l) demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance;
(m) claims history;
(n) record of compliance or otherwise with NSW Government Codes of Tendering and Practice;
(o) records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments;
(p) other criteria listed in Annexure RFT3.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

**Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract**

The contract was awarded as follows:-

- **Contract Name:** HW10 Pacific Highway Upgrade, Woolgoolga to Ballina Bridges
- **Contract No:** 16.0000302544.1699
- **Contractor Name:** Quickway Constructions

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
(b) individual rates and prices and the integrity of their structure;
(c) the details and logic of the Tender Program;
(d) previous contractor performance, current financial position and commitments on other contracts;
(e) the Tenderer’s Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only);
(f) the Tenderer’s WHS performance, experience and suitability of proposed WHS Site Scheme;
(g) the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
(h) the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan;
(i) suitability of proposed personnel, plant, equipment and subcontractors;
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations;
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance;
(l) demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance;
(m) claims history;
(n) record of compliance or otherwise with NSW Government Codes of Tendering and Practice;
(o) records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments;
(p) other criteria listed in Annexure RFT3.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

**Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor’s obligations under the contract or will receive a benefit under the contract**

The contract was awarded as follows:-

**Contract Name:** HW10 Pacific Highway Upgrade, Woolgoolga to Ballina Section 3 Bridges

**Contract No:** 16.000302544.1697

**Contractor Name:** Seymour Whyte Constructions Pty Ltd

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
(b) individual rates and prices and the integrity of their structure, this includes a review of rates provided in the Schedule of Prices and the Rate Only Items;
(c) the details and logic of the Tender Program;
(d) previous contractor performance, current financial position and commitments on other contracts;
(e) the Tenderer's Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only);
(f) the Tenderer's WHS performance, experience and suitability of proposed WHS Site Scheme;
(g) the Tenderer's Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
(h) the Tenderer's environmental management performance, experience and suitability of proposed environmental management plan;
(i) suitability of proposed personnel, plant, equipment and subcontractors;
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection and community relations;
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance;
(l) demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance;
(m) claims history;
(n) record of compliance or otherwise with NSW Government Codes of Tendering and Practice;
(o) records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments;
(p) other criteria listed in Annexure RFT3.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

**A description of any provisions with respect to the renegotiation of the contract**

The contract was awarded as follows:-

Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina - Section 8, 9 & Mororo Bridges

Contract No: 16.000302544.1546

Contractor Name: Bielby Hull Album JV

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed.

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

(a) the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
(b) individual rates and prices and the integrity of their structure, this includes a review of rates provided in the Schedule of Prices and the Rate Only Items;
(c) the details and logic of the Tender Program;
(d) previous contractor performance, current financial position and commitments on other contracts;
(e) the Tenderer’s Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only);
(f) the Tenderer’s WHS performance, experience and suitability of proposed WHS Site Scheme;
(g) the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
(h) the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan;
(i) suitability of proposed personnel, plant, equipment and subcontractors;
(j) proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection and community relations;
(k) demonstrated capacity to meet the obligations of the NSW Government Procurement Guideline Skills and Training in the Construction Industry, including evidence of previous performance.

Contract ID 16.0000302544.1929
Contract Description Woolgoolga to Ballina, Minor Demolition Works - Richmond River to Coolgardie Road
Contract Commencement Date 5/05/2017
Initial Contract Period 12 wks
Revised Contract Period 12 wks
Successful Tenderer JNC GROUP AUSTRALIA PTY LTD
Address 12 Wright Place, ARMIDALE, NSW, 2350
Method of Tendering Open Tender
Awarded Value $152,395
Estimated Amount Payable $152,395

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor’s obligations under the contract or will receive a benefit under the contract.

A description of any provisions with respect to the renegotiation of the contract.

The contract was awarded as follows:-
Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina & Minor Demolition Works Richmond River to Coolgardie Rd
Contract No: 16.0000002544.1929
Contractor Name: JNC Group

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

1. Record of performance on similar work, outlining recent projects undertaken which are similar to the proposed works;
2. Provide details around safety and environmental past performance;
3. Record of completion on time including meeting milestones and deadlines; and
4. Record of completion within agreed budget.

Proposed Methodology
1. Understanding of Project and client needs and proposed procedures to achieve project outcomes.
2. The Tenderer's proposed draft Program of Work, including demonstrated capacity to efficiently sequence the works required to complete this contract.
3. Technical Skills and Qualifications and competencies of proposed key personnel (including technical and project management skills) in respect of:
   - Hazardous Material (incl. Asbestos) removal; and
   - House removal experience in operation projects with not less than 2 years experience in similar role.
4. Organisational Capability
   - Ability to provide nominated personnel and availability of backup resources;
   - Listed experienced staff and company-owned specialised equipment specifically committed to the work under this contract;
   - Recent and relevant experience in comparable services; and
   - Current and live projects;
5. Financial Capability - Balance sheet showing working capital availability, produced by the Tenderer's accountant.
6. Proposals and previous performance concerning workplace relations, the Building Code 2013 and the NSW Code (and all supporting Guidelines)

Price

In accordance with Section 8.3, you must provide pricing information in the format set out in the attached Schedule of Prices (W2B-PC0-D-TE-SCH-00004). You must provide individual prices on a GST exclusive basis and include all other taxes. GST is to be included as a separate item and added to form the contract sum. All amounts must be in Australian dollars.

Additional Information

1. Building Code 2013
   - The Tenderer must demonstrate their commitment and capacity to comply with the Building Code. Complete and return this Attachment CT4
2. NSW Government's Code of Practice for Procurement and Implementation Guidelines
   - The Tenderer must demonstrate their commitment and capacity to comply with the NSW Government's Code of Practice for Procurement and the NSW Government's Implementation Guidelines to the NSW Code of Practice for Procurement: Construction Industry. Complete and return this Attachment CT5.
3. Industrial Relations Management
   - The Tenderer must provide the workplace relations management details as required by the Employee and Industrial Relations Management Questionnaire at Attachment CT6. Where a contract is to be valued at under $10 million, the Tenderer may choose to adopt the Pacific Complete Workplace Relations Management Plan by completing Attachment CT7.
4. Supply Chain WHS Evaluation
   - The Tenderer must complete and return this W2B-PC0-0-AX-TMP-00008 Supply Chain WHS Evaluation at Attachment CT8.

A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services

Register as at 13-Mar-19 7:57:14 AM
A description of any provisions under which the amount payable to the contractor may be varied

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract.

A description of any provisions with respect to the renegotiation of the contract.

The contract was awarded as follows:
Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina Precast Bridge Elements, Parapets
Contract No: 17.0000302544.0414
Contractor Name: Holcim (Australia) Pty Ltd trading as Humes

There are no provisions with respect to the renegotiation of the contract.
In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders will be assessed on the basis of best value for money. This includes consideration of the following criteria, to the extent that such criteria is required to be provided by the Tenderer under this RFT:

- the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies);
- individual prices and rates and the integrity of their structure;
- the details and logic of the Tender Program, if any;
- previous contractor performance, current financial position and commitments on other contracts;
- the Tenderer’s Quality System documentation;
- the Tenderer’s WHS performance, experience and suitability of proposed WHS Site Scheme;
- the Tenderer’s Chain of Responsibility (CoR) management performance, experience and suitability of proposed CoR management plan;
- the Tenderer’s environmental management performance, experience and suitability of proposed environmental management plan;
- suitability of proposed personnel, plant, equipment and subcontractors;
- proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection and community relations;
- demonstrated capacity to meet the obligations of the NSW Government Procurement guideline Skills and Training in Construction May 2015 including evidence of previous performance;
- demonstrated capacity to meet the obligations of the NSW Government Policy on Aboriginal Participation in Construction, May 2015, including evidence of previous performance;
- Claims history
- record of compliance or otherwise with NSW Government Codes of Tendering and Practice;
- records of performance, claims and compliance with Codes provided by other NSW Government agencies or departments
- Other criteria listed in Annexure RFT3

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Clauses have been incorporated into the contract that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

*“Tenders were assessed in accordance with Engineering Contracts Manual Section 3.6 Assessing Tenders. Tenders were assessed on the basis of which tender provided the best value for money. In doing this, the following items were considered:*
- the tender price, their rates and the integrity of its structure
- details and logic of the tender program
- previous contractor performance, financial position and commitments on other contracts
- the Tenderer's quality system documentation and experience and performance in the carrying out of Quality Assurance Contracts
- the Tenderer's WHS performance, experience and suitability of proposed WHS site management plan
- the Tenderer's environmental performance, experience and suitability of proposed environmental management plan
- suitability of proposed personnel and nominated subcontractors and previous performance concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations
- claims history
- record of compliance or otherwise with NSW Government Codes of Tendering and Practice
- records of performance, claims and compliance with codes provided by other Government agencies or departments."

Not applicable. The Contractor does not intend to sublet any part of its tendered works to another subcontractor and/or supplier.

**A description of any provisions with respect to the renegotiation of the contract**

Refer Schedule 2 Fees of the PSC (Pay Item R272P4 | Access and Fencing). Rate for access is yet to be determined and agreed as there was no costing for construction of access roads due to limited information available at the time of tender to adequately price the required scope.

- Currently, there are 3 options for Fencing. Final rates and prices to be confirmed by Package Manager and Contract Administrator via a Variation Order.

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed:

The assessment process was based on the tender assessment guidelines given in RMS ECM Section 6.

- Non Price Criteria: The rating scale of 1 to 10 for allocation of the points for each criterion as outlined in ECM 6 Appendix 6-J. Non price criteria ratings.
- Price Criteria: The rating scale of 1 to 10 for allocation of points for each criterion as outlined in ECM 6, Appendix 6-K. Rating of Prices

**Criteria Weighting**

- Technical Skills (6.8.3.2) 20%
- Proposed Methodology (6.8.3.3) 15%
- Past Performance (Time, Cost, Quality) (6.8.3.4) 15%
- Organisational Capability (6.8.3.6) 20%
- Price 30%

Total 100%

**A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services**

The Schedule of Rates (refer Pay Item R272P2) include the operation and maintenance of the AWS under PSC.
A description of any provisions under which the amount payable to the contractor may be varied

As noted in Schedule 2 Fees of the PSC:
\( \downarrow \) All the quantities are estimated and none are guaranteed;
\( \downarrow \) Some of the items maybe provisional (that is, they may not be required at all); and
\( \downarrow \) The Contractor will be paid at the applicable rate stated in the Schedule of Rates for the measured quantity of work actually carried out in accordance with the Contract.

\( \downarrow \) Cost adjustment to be applied over a period of greater than 12 months after the Start Date. Cost adjustment to be applied monthly.

**Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract**

**A description of any provisions with respect to the renegotiation of the contract**

**In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed**

The contract was awarded as follows:-

Contract Name: HW10 Pacific Highway Upgrade, Woolgoolga to Ballina, Precast Concrete Bridge Component Supply - Planks, Headstocks & Abutments

Contract No: 15.2544.2416

Contractor Name: Lendlease Engineering Pty Limited

Parent Company Guarantor: Lendlease Construction Australia Holdings Pty Limited

Pre-approved Subcontractor: Australia Precast Solutions

There are no provisions with respect to the renegotiation of the contract.

**A description of any provisions under which it is agreed that the contractor is to receive payment for providing operational or maintenance services**

**A description of any provisions under which the amount payable to the contractor may be varied**

The evaluation criteria included:

- Weighting non-priced elements (post ROI close 14 January 2016) of each tenderer's submission and scoring them accordingly. Four tenderers shortlisted for the ETI Stage.
- Weighting the priced elements (post RFT Close 01 November 2016) of each tenderer's submission and scoring them accordingly.

Unassessed ETI process was undertaken (Between the ROI and RFT). ETI Kick Off held 3 March 2016 which comprised workshops with each of the tenderers individually to discuss key elements (design, logistics, program, contract etc.) associated with the package.

This three stage process (ROI, ETI, RFT) attempted to ensure the best overall tenderer was selected for the package of works, considering value for money and certainty of delivery as key.

There are no provisions with respect to the contractor receiving payment for providing operational and maintenance services.

Whilst the Price has been agreed as lump sum, RMS C61 Major Supply Agreement W2B Revision A, which this package has been awarded upon, allows for variations under clause 11 of the contract and extensions of time under clause 10 in accordance with SC8 of the Special Conditions to the contract. There are also clauses that deal with termination (cl.30 and 31) which, dependent upon the outcome, may also vary the contract.

Not applicable. The Contractor does not intend to sublet any part of its tendered works to another subcontractor and/or supplier

N/A

The assessment process was based on the tender assessment guidelines given in RMS ECM Section 6.

- Non Price Criteria: The rating scale of 1 of 10 for allocation of the points for each criterion as outlined in ECM 6 Appendix 6-J - Non price criteria ratings.
  - Technical Skills 15%
  - Proposed Methodology 10%
  - Past Performance (Time, Cost, Quality) 15%
  - Organisational Capability (6.8.3.6) 20%
  - Price 40%
  - Total 100%

Not applicable. This is purely provision of contaminated sites consultancy services.

-As noted in PSC Conditions of Contract Clause 12:
  - RMS may:
    - direct the contractor in writing to provide additional or varied Services and the Contractor must comply with any such direction; and
    - amend the amounts payable for any services.

NA
The contractor has advised that there are no related bodies that will be involved in which the contractor has an interest that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract.

There are no provisions within the Conditions of Contract with respect to the renegotiation of the contract.

Prequalified invited tenders. Criteria included recent projects, technical skills (personnel), methodology management systems and skills, organisational capacity, price and financial capacity. Assessment was based on value for money after consideration of other criteria.

There are no provisions within the Conditions of Contract where the contractor is to receive payment for providing operational or maintenance services.

The contract contains clauses which allow RMS to order and pay for variations necessary to satisfactorily complete the contract.

Address | 17 De-Havilland Cres, Ballina, NSW, 2478
Method of Tendering | Open Tender
Awarded Value | $1
Estimated Amount Payable | $434,904

Particulars of any related body corporate (within the meaning of the Corporations Act 2001 of the Commonwealth) in respect of the contractor, or any other private sector entity in which the contractor has an interest, that will be involved in carrying out any of the contractor's obligations under the contract or will receive a benefit under the contract

A description of any provisions with respect to the renegotiation of the contract

In the case of a contract arising from a tendering process, a summary of the criteria against which the various tenders were assessed

Tenders have been assessed on the basis of Best Value for Money. This includes;

- the tender price and the integrity of its structure (after application of applicable Government Purchasing Policies)
- individual rates and prices and the integrity of their structure
- the details and logic of the Tender Program
- previous contractor performance, current financial position and commitments on other contracts
- the Tenderer's Quality System documentation and experience and performance in the carrying out of Quality Assurance contracts (QA contracts only)
- the Tenderer's WHS performance, experience and suitability of proposed WHS Site Scheme
- the Tenderer's environmental management performance, experience and suitability of proposed environmental management plan
- proposals (where requested in the Tender Request Documents) and previous performance, concerning safety, workplace relations, environmental protection, Aboriginal participation in construction and community relations
- claims history
- records of compliance or otherwise with NSW Government Codes of Tendering and Practice
- Other criteria listed in Annexure RFT3.

Clauses have been incorporated into the Contract "GC21" that allow RMS to order and pay for variations necessary to satisfactorily complete the contract.
The reason why the contract has provisions which exclude or modify application of Part 4 Proportionate liability of the Civil
