(f) The Contractor must not appoint or engage another party in relation to the Contractor's Work where that appointment or engagement would breach a sanction imposed on the other party in relation to the NSW Code or NSW Guidelines.

B. take them into account in the evaluation of future procurement processes and responses that may be submitted by the Contractor, or its related
entities, in respect of work to which the NSW Code and NSW Guidelines apply.

(m) The Contractor bears the cost of ensuring its compliance with the NSW Code and NSW Guidelines, including in respect of any positive steps it is obliged to take to meet its obligations under the NSW Code and NSW Guidelines. The Contractor is not entitled to make a claim for reimbursement or an extension of time from RMS or the State of NSW for such costs.

(o) Where a change in this deed or the Contractor's Work is proposed, and that change may, or may be likely to, affect compliance with the NSW Code and NSW Guidelines:

For this purpose a special event is a local or regional event which generates increased traffic volumes, reduces traffic speed or lowers the capacity of the existing road. (i) the Construction Site; and

(ii) any structures or other thing on, above or adjacent to, or under the surface of, the Construction Site,

in their present condition subject to all defects including all sub-surface conditions.

(c) The Contractor must investigate, design and construct the Project Works and
Temporary Works in accordance with this deed, whatever may be the condition or characteristics (including all sub-surface conditions) of:

(i) the Construction Site, the Environment or their surroundings; or
(ii) any structure or other thing on, above or adjacent to, or under the surface of, the Construction Site, the Environment or their surroundings,

and irrespective of any assumptions, projections, estimates, contingencies or otherwise that the Contractor may have made in relation to the characteristics of any of the matters referred to in clauses 10.3(c)(i) or 10.3(c)(ii) above.

10.4 Things of value found

and the Contractor must:

(iii) dispose of, or otherwise deal with, such Contamination in accordance with Law and the Environmental Documents;
(iv) remediate the Construction Site to the extent it is in any way degraded by such Contamination; and
(v) subject to clause 10.5(b), indemnify RMS against any claim, damage, expense, loss, liability, fine or penalty suffered or incurred by RMS arising out of or in any way in connection with such Contamination, but the Contractor's liability shall be reduced proportionately to the extent that the act or omission of RMS, RMS Representative or another agent, contractor or consultant engaged by RMS (but excluding the Project Verifier) contributed to the claim, damage, expense, loss, liability, fine or penalty.

(b) If any Contamination constitutes or involves a Site Condition under clause 10.6, then the Contractor's rights and entitlements in complying with clause 10.5(a) in respect of that Contamination will be determined in accordance with clause 10.6.

10.6 Site Conditions

(a) Site Conditions are physical conditions or characteristics of the Site, the Local Road Works Areas and the Temporary Works Areas at the date of this deed:

(i) which consist of one or more objects or substances that:

A. it is reasonable to conclude were introduced and positioned by deliberate human intervention to the Site, the Local Road Works Areas or the Temporary Works Areas; and

B. are specified in Item 25 of Schedule 1 as constituting a Site Condition, subject to satisfaction of the other requirements of this clause 10.6(a); and

(ii) which were in existence on the Site, the Local Road Works Areas or the
Temporary Works Areas; and
(iii) which were not known, or substantially known, to the Contractor; and
(iv) which differ materially in nature or scope from the physical conditions or characteristics that could have been reasonably anticipated by a prudent and competent contractor in the position of the Contractor, who had examined:
A. all information made available in writing by RMS or by anyone on behalf of RMS to the Contractor for the purpose of tendering and up to the date of this deed; and
B. all information relevant to the risks, contingencies and other circumstances having an effect on the Tender and obtainable by the making of reasonable enquiries; and
C. the Construction Site; and
(v) which unavoidably necessitate a Variation and/or delays achievement of Interface Milestone Completion and/or Construction Completion.

(b) If during the execution of the Contractor's Work the Contractor becomes aware of a Site Condition, the Contractor must:
(i) notify RMS Representative of the existence and possible scope of the Site Condition as soon as practicable and in any event within one day of so becoming aware;
(ii) except to the extent necessary pursuant to clause 5.7, not disturb the Site Condition without the approval of RMS Representative; and
(iii) within five days of so becoming aware, provide a Site Condition Notice to RMS Representative.

(c) A Site Condition Notice is a notice in writing which includes:
(i) detailed particulars of why the Contractor believes the relevant condition or characteristic constitutes or involves a Site Condition;
(ii) the alternative measures that the Contractor considers are necessary and practicable to deal with the Site Condition, including a preliminary estimate of the extent to which each such alternative has a resourcing, cost, disruption or delay impact; and
(iii) any other information that the Contractor considers is relevant in the circumstances.

(d) Following receipt of a Site Condition Notice, RMS Representative may request any additional information it reasonably requires from the Contractor to assess the Site Condition Notice (Additional Contractor Information).

(e) If the condition referred to in the Site Condition Notice constitutes or involves a Site Condition, the provisions of clauses 15.1, 15.2 and 17.5 will be applied except that no regard will be had to the value of, and the Contractor waives any entitlement in respect of, any additional work carried out, constructional plant used or costs incurred in respect of the Site Condition earlier than five days before the date on which the Contractor gives the written notice under clause 10.6(b)(iii).

(f) The entitlements referred to in clause 10.6(e) will be the Contractor's sole remedy, and the Contractor will have no entitlement to and RMS will not be liable for any other Claim arising out of or in connection with a Site Condition.

(g) Within five days of receipt of:
(i) the Site Condition Notice; and
(ii) the Additional Contractor Information (if any),
whichever is later, RMS Representative must state whether it believes the condition referred to in the Site Condition Notice constitutes or involves a Site Condition and notify the Contractor accordingly.

(h) If RMS Representative does not give a notice under clause 10.6(g) within the time period stated in clause 10.6(g), RMS Representative is deemed to have stated that the condition referred to in the Site Condition Notice does not constitute or involve a Site Condition.
11. Quality

11.1 Quality system

reasonable time.
(c) If the Contractor does not comply with the notice referred to in clause 11.4(b), RMS
may employ others to carry out the direction.
(d) The amount of any cost, damage, expense, loss or liability RMS suffers or incurs in
taking the action contemplated in clause 11.4(c) or as a result of the Contractor's failure
to comply with clause 11.4(b) will be a debt due and payable from the Contractor to
RMS upon demand.
(e) Corrective actions implemented under the Contractor's quality system must comply with
the requirements of this deed including the Scope of Works and Technical Criteria.

(c) Where any test that is not otherwise required by this deed is directed by RMS
Representative under clause 11.6(a)(ii), the Contractor must, as soon as practicable and
before carrying out the relevant test, notify RMS Representative if the Contractor is, or
should reasonably be, aware that carrying out the relevant test will, or is likely to, delay
Interface Milestone Completion and/or Construction Completion, giving details of the
estimated delay and how Interface Milestone Completion and/or Construction Completion
and Date of Interface Milestone Completion and/or the Date of
Construction Completion are likely to be affected (if at all).
(d) Despite clause 17.4(b), the requirement to notify RMS Representative in accordance

      B. differences required to ensure that the Project Works will be fit for their intended purposes and satisfy the requirements of this deed, and irrespective of any assumptions, projections, estimates, contingencies or otherwise that the Contractor may have made in relation to any of the matters set out in clauses 12.1(a) to 12.1(c).

12.2 Preparation of Design Documentation

(a) The Contractor must prepare, develop and complete all Design Documentation in accordance with this deed and comply with its design obligations under the WHS Laws.

(b) Throughout the preparation of the Design Documentation, the Contractor must give the Project Verifier and RMS Representative, and where relevant, the Proof Engineer, the opportunity to review, to comment on and to monitor, in accordance with this clause 12.2, the design performance of the Contractor.

(c) The Contractor must arrange regular meetings of the Project Design Group.
Subject to clause 12.2(kb), the Contractor must progressively develop and prepare the Design Documentation, and at each of the Developed Concept Design, Substantial Detailed Design, Final Design Documentation and IFC Design Documentation stages of each discrete design element in the Contractor's Work (including in respect of correction of any Defects) give RMS Representative, the Project Verifier, the Proof Engineer (where relevant) and all relevant Authorities:

(i) for RMS, up to four sets of all Design Documentation as required by RMS Representative, and for the Project Verifier, the Proof Engineer (where relevant) and all relevant Authorities, up to two sets of all Design Documentation; and

(ii) any other information which RMS Representative may reasonably request in order for RMS Representative to review and consider the Design Documentation.

The Contractor must also provide all data, inputs, calculations and outputs in electronic form that enables interrogation, manipulation and re-calculation by RMS Representative, the Project Verifier, and where relevant, the Proof Engineer. The design must be in the electronic form specified in the Scope of Works and Technical Criteria.

The Contractor must submit the Final Design Documentation and IFC Design Documentation on a progressive basis, at a reasonable rate of submission and in sufficient time to allow review and comment as contemplated by this clause 12.2 and prior to commencement of construction.

The Developed Concept Design, Substantial Detailed Design, Final Design Documentation and IFC Design Documentation and the discrete design elements must comply with those shown in the Contractor Documentation Schedule and the Design Plan. The Design Documentation submitted at the Developed Concept Design, Substantial Detailed Design, Final Design Documentation and IFC Design Documentation stages must be supported by a written report and information as specified in the section of the Appendix to the Scope of Works and Technical Criteria identified in Item 29(q) of Schedule 1.

The:

(i) Design Documentation for the Developed Concept Design completion stage of each discrete design element must, subject to changes in accordance with clause 12.1(a)(ii)B and this deed, be as shown in, and in accordance with, and be a logical development of the Concept Design;

(iv) IFC Design Documentation of each discrete design element must, subject to changes in accordance with clause 12.1(a)(ii)B and this deed, be as shown in, and in accordance with, be a finalisation of the relevant Design Documentation provided to RMS Representative at the Final Design Documentation completion stage, and address any comments or conditions noted in the Project Verifier's signed document in the form of Schedule 15.

Subject to clause 12.2(g), RMS may require the Contractor to amend and resubmit any Design Documentation and/or information where that Design Documentation or other
relevant information does not comply with the requirements of clauses 12.1 and 12.2 and the process in clauses 12.2(d) to 12.2(j), as relevant, will re-apply to the amended Design Documentation.

(g) RMS Representative, in his or her absolute discretion, may approve any non-compliance with clause 12.2(e). Such approval may include conditions, including a requirement for the Contractor to resubmit Design Documentation of earlier stages to show the development of the changed design. The Contractor must either fully comply with RMS Representative’s approval conditions or must comply with clause 12.2(e).

(h) The Final Design Documentation provided under clause 12.2(d) must be:

(i) verified by the Project Verifier by providing a signed document in the form of Schedule 15, which attaches a register of the Design Documentation the subject of the verification and by way of notation on each document;

(i) The Contractor must allow 14 days from the date each set of Final Design Documentation and any other information RMS Representative requested under clause 12.2(d)(ii) is submitted to RMS Representative for RMS Representative (if it elects to do so) to consult with the Contractor, comment on that Final Design Documentation and/or reject that Final Design Documentation.

(j) If any Final Design Documentation is rejected by RMS Representative under clause 12.2(i), the Contractor must promptly amend the Final Design Documentation, and the process in clauses 12.2(h) to 12.2(j) will re-apply to the amended Final Design Documentation.

(k) Unless otherwise expressly agreed in writing by RMS Representative or as otherwise expressly permitted in Item 25A of Schedule 1, the Contractor must not use for construction purposes any Design Documentation, including any Design Documentation for Temporary Works, unless the Design Documentation has been prepared, reviewed, certified, verified and not rejected in accordance with clauses 12.2(a) to 12.2(j) and has addressed all issues identified by the Project Verifier.

(ka) If so expressly agreed by RMS Representative under clause 12.2(k) or otherwise expressly permitted in Item 25A of Schedule 1, the Contractor acknowledges and agrees that:

(i) any construction work undertaken by the Contractor using Design Documentation which has not been prepared, reviewed, certified, verified and not rejected in accordance with clauses 12.2(a) to 12.2(j) will be at the sole risk of the Contractor, including all delays and costs that may be suffered or incurred, or re-work required to be performed, by the Contractor as a result;

(ii) it will not be entitled to make, nor will RMS be liable upon any Claim including any Claim for damages, costs, expenses or losses for any delay, disruption or interference arising out of or in connection with the carrying out of such construction work; and

(iii) for the avoidance of doubt, nothing in this clause 12.2(ka) or clause 12.2(k) limits or otherwise qualifies the Contractor's obligation to have all Design Documentation prepared, reviewed, certified, verified and not rejected in
accordance with clauses 12.2(a) to 12.2(j).

(kb) The Design Documentation for the Substantial Detailed Design stage is not required to include the design of:

(i) those elements of the Works set out in Item 25B of Schedule 1; or
(ii) any design element which RMS' Representative, in his or her absolute discretion, nominates as not requiring submission as part of the Substantial Detailed Design stage.

(l) If the Contractor considers that a rejection of:

(i) Design Documentation by RMS Representative under clause 12.2(i); or
(ii) a Design Documentation Minor Amendment Schedule under clause 12.2(m), constitutes or involves a Variation, the Contractor must give notice and submit a claim in accordance with, and otherwise comply with clause 15.3.

(m) If the Contractor wishes to amend Design Documentation that has been prepared in accordance with clauses 12.2(a) to 12.2(k) and:

(i) the Contractor certifies that the proposed amendment is of minor or no consequence; and
(ii) the proposed amendment:
   A. will not cause a non-compliance with this deed, then in that case the Contractor may submit to RMS Representative prior to construction, a Design Documentation Minor Amendment Schedule (in the form of Schedule 46) in respect of the proposed amendment, together with the verifications and certifications required under clause 12.2(h); or
   B. may or will cause a non-compliance with this deed and is a Minor Variation, then in that case the Contractor must follow the process in clause 15.7,

but otherwise amendments to Design Documentation prepared in accordance with clauses 12.2(a) to 12.2(k) will need to be made in accordance with clauses 12.2(a) to 12.2(k).

The Contractor must allow 7 days from the date any Design Documentation Minor Amendment Schedule is submitted to RMS Representative for RMS Representative (if it elects to do so) to consult with the Contractor, comment on that Design Documentation Minor Amendment Schedule and/or reject that Design Documentation Minor Amendment Schedule.

If any Design Documentation Minor Amendment Schedule is rejected by RMS Representative, the Contractor is not entitled to make the amendment proposed in the Design Documentation Minor Amendment Schedule.

(n) The Contractor acknowledges and agrees that:

(i) the Contractor is responsible for carrying out the design obligations under the WHS Laws;
(ii) neither RMS nor RMS Representative has any design obligations in respect of the Project Works, the Temporary Works or the Design Documentation;
(iii) neither RMS nor RMS Representative owes any duty to the Contractor to review the Design Documentation for errors, omissions or compliance with the requirements of this deed or to consult with the Contractor or make any comments regarding any Design Documentation (within any time frames contemplated in this deed or otherwise); and
(iv) neither RMS participation in the Project Design Group, nor any review or rejection of, nor consultation or comments by, nor any approval (including any approval of any non-compliance or approval subject to conditions) by, RMS or RMS Representative, nor any failure by RMS or RMS Representative regarding any Design Documentation or any other Direction by RMS Representative in respect of any Design Documentation will lessen or otherwise affect:
   A. the Contractor's warranties under clause 12.1 or any other of its liabilities or responsibilities under this deed or otherwise according to Law; or
B. RMS rights against the Contractor, whether under this deed or otherwise according to Law.

(o) The Contractor must give RMS Representative four sets and one copy in electronic format of surveys of work as executed and work as executed Design Documentation in accordance with the requirements of the Scope of Works and Technical Criteria.

(p) In considering any Design Documentation submitted under this clause 12.2 RMS Representative is entitled to consult with and take into account any views and requirements of any relevant Authority.

have the meaning set out in the Contractor Documentation Schedule.

12.3 Ownership of Design Documentation

(b) The Contractor has an irrevocable licence to use the Design Documentation for performing the Contractor's Work and performance of its obligations under this deed.

(c) Subject to clause 12.3(g), the Contractor grants to RMS a perpetual, irrevocable, royalty-free licence to use (including to sub-licence) any computer software (including both source code and object code versions) which is required by RMS in order to obtain the full benefit of the Contractor's Work but in which the Intellectual Property Rights are not owned by RMS as a result of clause 12.3(a) (Proprietary Software).

This licence:
(i) will permit RMS to use the Proprietary Software for all purposes associated with the Contractor's Work and the Works or the general performance by RMS of its statutory functions; and
(ii) will survive the termination of this deed on any basis.

(d) The Contractor warrants that:

(e) The Contractor must indemnify RMS against any claim, loss, cost, expense, damage or liability suffered or incurred by RMS arising out of or in connection with Design Documentation, the Project Works (including any plant, equipment or materials forming part of the Project Works) or any method of working used by the Contractor in performing the Contractor's Work infringing or allegedly infringing any Intellectual Property Rights or any author's moral rights.

(f) The Contractor must ensure that it obtains irrevocable written consent, for the benefit of RMS and the Contractor, from the author of any artistic work to be incorporated into, or used during the design or construction or maintenance of, the Project Works, including any necessary consents from its employees and any consultants engaged by it, to:
(i) any non-attribution or false attribution of authorship of the artistic work; and
(ii) any repairs to, maintenance and servicing of, additions, refurbishment or alterations to, changes, relocation, destruction or replacement of the artistic work or the Project Works.

The terms "artistic work" and "attribution" have the meanings in the Copyright Act 1968 (Cth).
(g) The licence in clause 12.3(c) will not extend to a part of the Proprietary Software that is not owned by the Contractor (Third Party Rights) if:
   (i) the Third Party Rights are generally commercially available on reasonably commercial terms; or
   (ii) the Contractor has:
       A. been unable (despite using its best endeavours) to procure from the relevant third party the right to grant the licence in clause 12.3(c) in respect of those Third Party Rights; and
       B. the Contractor has notified RMS:
          1) that it has been unable to procure the necessary licence rights for those Third Party Rights; and

1) waive the requirement for the relevant Property Works to be completed for Interface Milestone Completion and/or Construction Completion to be achieved, in which case those Property Works must otherwise be completed in accordance with this deed and within a reasonable time, and in any event, prior to the expiry of the relevant Defects Correction Period; or

2) use RMS Representative’s discretion under clause 17.5(f) to extend the Date for Interface Milestone Completion and/or Date for Construction Completion to address any delay to Interface Milestone Completion and/or Construction Completion caused by the owner or owners of a property failing to provide the Contractor with sufficient access; or

B. if the Contractor demonstrates to the satisfaction of RMS Representative that:

(i) the effect which the Contractor anticipates the Variation will have on:

A. the Design Contract Sum and the Design Payment Schedule;

B. the net extra Direct Costs that the Contractor anticipates would be incurred by it if a direction was given under clause 17.7 to compress the performance of the Contractor's Work to overcome:

1) any delay in achieving Interface Milestone Completion and/or Construction Completion caused by the Variation; or

2) part of any delay in achieving Interface Milestone Completion and/or Construction Completion caused by the Variation as specified in the Variation Proposal Request.
(b) RMS will:
   (i) consider the details provided under clause 15.1(a)(i) and the information provided under clause 15.1(a)(ii); and
   (ii) not be obliged to proceed with any proposed Variation the subject of a Variation Proposal Request.
(c) RMS Representative may issue a Variation Proposal Request under clause 15.1(a) at any time up to Final Completion.

15.2 Variation Orders
(a) Whether or not RMS Representative has issued a Variation Proposal Request under clause 15.1(a), RMS Representative may, by a written document titled "Variation Order", direct the Contractor to implement a Variation as specified in the Variation Order.
(b) Where the Contractor has provided a notice under clause 15.1(a) with respect to the Variation Proposal Request, the Variation Order issued by RMS Representative will state whether any one or more of the following will be adjusted as set out in the Contractor's notice under clause 15.1(a):
   (i) the Design Contract Sum and the Design Payment Schedule;
   (ii) the Initial Contract Sum, the Construction Contract Sum and the Construction Payment Schedule;

(d) RMS Representative may issue a Variation Order under this clause 15.2 at any time up to Final Completion.

15.3 Notice of Variation
(a) If the Contractor believes any Direction of RMS Representative, other than the issuing of a Variation Order under clause 15.2, constitutes or involves a Variation it must:
   (i) without delay and before complying with the Direction, and in any event within 5 days of the Direction, give notice to RMS Representative:
      A. that it considers the Direction constitutes or involves a Variation; and
      B. which notice must state that it is a notice under this clause 15.3(a)(i); and
   (ii) within 14 days of giving the notice under clause 15.3(a)(i), submit a written claim to RMS Representative which includes detailed particulars of why the Contractor believes the Direction constitutes or involves a Variation and all other details required by clause 19.2(b).
(b) Despite the fact that the Contractor considers that a Direction by RMS Representative constitutes or involves a Variation, the Contractor must continue to perform its work in accordance with this deed including, unless otherwise directed, any work connected with the Direction of RMS Representative in respect of which notice has been given under clause 15.3(a).
(c) If the RMS Data is not correct and the Contractor seeks to assert that reliance on the incorrect RMS Data unavoidably necessitates a Variation, the Contractor must:
   (i) promptly, and in any event within 5 days of becoming aware that the RMS Data is not correct, give notice to RMS Representative:
      A. that the RMS Data is not correct, including details; and
      B. which notice must state it is a notice under this clause 15.3(c)(i); and

      C. the information specified in clause 15.1(a)(i) in respect of the proposed
Variation referred to in clause 15.3(c)(ii)B. (notwithstanding that the claim under this clause 15.3(c)(ii) is not a notice in response to a Variation Proposal Request).

(d) Within 28 days of receipt of a notice under clause 15.3(c)(ii), RMS Representative must state whether it believes the RMS Data referred to in the notice under clause 15.3(c)(ii) is not correct and that the Contractor's reliance on that incorrect RMS Data unavoidably necessitates a Variation, and notify the Contractor accordingly.

(e) If the RMS Data referred to in the notice under clause 15.3(c)(ii) is not correct and the Contractor's reliance on the incorrect RMS Data unavoidably necessitates a Variation, the RMS Representative must issue a Variation Order under clause 15.2(a).

15.4 Valuation

Subject to clauses 15.3, 15.6(g), 15.7(f), 15.8(c)(ii)A, 15.9(d), 16.4 and 19, one or more of the following will be adjusted for all Variations which have been the subject of a Direction by RMS Representative:

(a) the Design Contract Sum and the Design Payment Schedule; and

according to:

(c) where a Variation Order under clause 15.2 specifies any adjustments under clause 15.2(b), those adjustments as specified in the Variation Order;

(d) where a Variation Order under clause 15.2 specifies any adjustments and conditions of adjustment that have been agreed in writing between RMS and the Contractor in respect of the Variation specified in the Variation Order, those adjustments and conditions of adjustment as specified in the Variation Order; or

(e) otherwise for the Initial Contract Sum, the Design Contract Sum and the Construction Contract Sum and the Design Payment Schedule and the Construction Payment Schedule by the cost of the work and materials to be added or omitted as a result of the Variation, valued under clause 15.4(c)(i), clause 15.4(c)(ii) or clause 15.4(c)(iii), or a combination of them, as determined by RMS Representative (including as specified in a Variation Order):

(i) on the basis of the schedules of Contractor's rates and/or prices (if any) set out in the Design Payment Schedule;

(ii) where the Variation Order specifies that the Variation is to be carried out as Daywork, on the basis of the procedure set out in the Construction Payment Schedule, Cost Centre 8; or

(iii) on the basis of a reasonable amount,

such value to be as stated by RMS Representative, including in each case the relevant margin stipulated in the Design Payment Schedule and/or the Construction Payment Schedule. No other amounts are to be included in the RMS Representative's valuation of the Variation.

If the Variation will delay, disrupt or interfere with the Contractor in carrying out the Contractor's Work, any increased costs incurred by the Contractor due to the delay, disruption or interference in carrying out of the Contractor's Work will not be valued under this clause 15.4, and the Contractor's entitlement (if any) for that delay, disruption or interference will be determined under and in accordance with clauses 17.5 and 17.6.

15.5 Omissions

If RMS Representative directs a Variation omitting or deleting any work from the Contractor's Work:

(a) RMS may thereafter either perform this work itself or employ or engage another person or persons to carry out and execute the omitted or deleted work;

(b) RMS will not be liable for any Claim by the Contractor as a result of any work being omitted or deleted from the Contractor's Work whether or not RMS thereafter performs this work itself or employs or engages another person or persons to carry out and execute the omitted or deleted work; and
except for work omitted or deleted by a direction by RMS Representative of a Pre-Agreed Variation made under clause 15.8(a) by the relevant date set out in section 1 of Schedule 44, the work which has been omitted or deleted shall be valued in accordance with clause 15.4.

15.6 The Contractor may propose Variation

(a) RMS and the Contractor acknowledge that:
   (i) the design and construct project delivery method chosen is intended, among other things, to allow the Contractor to identify project cost savings while maintaining or enhancing the quality of the Contractor's Work; and
   (ii) it is their intention that any cost savings should benefit RMS and the Contractor equally.

(b) The Contractor may propose a Variation by giving written notice to RMS Representative:
   (i) with details of the proposed Variation; and
   (ii) which notice must state that it is a notice under this clause 15.6(b).

(c) On receiving a notice under clause 15.6(b), RMS Representative may give written notice to the Contractor requiring it to give RMS Representative:
   (i) written details of:
       A. the proposed Variation in addition to those details provided in accordance with clause 15.6(b);

   (ii) a written statement stating that the proposed Variation:
       A. will not adversely affect the functionality, integrity or aesthetics of any of the elements of the Contractor's Work or the performance standards required by this deed; and
       B. will not adversely affect the quality standards required under this deed; and
   (iii) any other information and supporting documentation RMS Representative requires.

(d) RMS Representative:
   (i) (in his or her absolute discretion) may, by notice in writing, approve or reject any Variation the Contractor proposes; and
   (ii) will be under no obligation to approve any such Variation for the convenience of, or to assist, the Contractor.

Prior to giving any direction under this clause 15.6(d):
   (iii) RMS Representative may seek to negotiate with the Contractor over the level of cost savings arising from the proposed Variation. If the parties agree in writing upon a different level of cost savings the Contractor's notice will be deemed to be amended by the inclusion of this different level of cost savings in place of the original cost savings notified by the Contractor; and
   (iv) the Contractor must proceed with the Contractor's Work.

(e) If RMS Representative gives a direction under clause 15.6(d) approving the Variation, the Contractor must perform its obligations under this deed in accordance with the approved Variation.

(f) With respect to any Variation the subject of a direction under clause 15.6(d), one or more of the following will be adjusted:
   (i) the Design Contract Sum and the Design Payment Schedule; and

(g) The Contractor will:

(i) bear all costs:
   A. associated with proposing a Variation under clause 15.6(b);
   B. associated with providing any details, information, statements or documents under clause 15.6(c);

   D. associated with carrying out the proposed Variation where it is approved by RMS Representative; and

(ii) unless otherwise agreed, not be entitled to make any Claim against RMS arising out of or in connection with the Variation.

(a) RMS may at any time direct a Minor Variation by giving written notice to the Contractor.

(b) The Contractor may propose a Minor Variation by giving written notice to RMS Representative:
   (i) with details of the proposed Minor Variation; and
   (ii) which notice must state that it is a notice under this clause 15.7(b).

(c) On receiving a notice under clause 15.7(b), RMS Representative may give written notice to the Contractor requiring it to give RMS Representative:
   (i) written details of the:
      A. proposed Minor Variation in addition to those details provided in accordance with clause 15.7(b);
      B. reason for the proposed Minor Variation; and
      C. effect of the proposed Minor Variation on the Contractor's Work;
   (ii) a written statement certifying that the proposed Minor Variation:

   (iii) any other information and supporting documentation RMS Representative requires.

(d) Within 7 days of the later of receipt of a notice under clause 15.7(b) and any other information to be provided under clause 15.7(c), RMS Representative:

   (ii) will be under no obligation to approve any such Minor Variation for the convenience of, or to assist, the Contractor.

(e) If RMS Representative gives a direction under clause 15.7(d) approving the Minor Variation, the Contractor must perform its obligations under this deed in accordance with the approved Minor Variation.

(f) The Contractor will:
   (i) bear all costs:
      A. associated with proposing a Minor Variation under clause 15.7(b);
      B. associated with providing any details, information, statements or...
documents under clause 15.7(c);
C. reasonably incurred by RMS (or RMS Representative) in assessing the proposed Minor Variation (such costs to be a debt due and payable from the Contractor to RMS upon demand); and
D. associated with carrying out the proposed Minor Variation where it is approved by RMS Representative; and

(ii) not be entitled to make any Claim against RMS arising out of or in connection with the Minor Variation.

15.8 Pre-Agreed Variations

(a) RMS Representative may, in his or her absolute discretion and without being under any obligation to do so, direct by way of Variation any Pre-Agreed Variation by giving written notice to the Contractor.

(b) RMS and the Contractor agree that if a notice pursuant to clause 15.8(a) is given in respect of a Pre-Agreed Variation by the relevant date specified in the table in section 1 of Schedule 44, this deed, including any relevant components of the Project Contract Sum, will be deemed to be amended in accordance with the relevant amendments set out in section 2 of Schedule 44 from the date the Contractor receives such notice.

(c) Where RMS Representative directs a Pre-Agreed Variation by giving written notice to the Contractor by the relevant date referred to in clause 15.8(b), the Contractor, in respect of that Pre-Agreed Variation:

(i) must carry out its obligations under this deed as amended by clause 15.8(b); and

(ii) acknowledges and agrees that:

A. any adjustment of the components of the Project Contract Sum made pursuant to clause 15.8(b) will be full compensation for all costs and any damage, expense, loss, liability or delay it suffers or incurs arising out of or in connection with the issue of such a notice and no further adjustment will be made to the components of the Project Contract Sum under clause 15.4; and

B. the Contractor is not entitled to make any Claim for:

1) any acceleration to the carrying out of the Contractor's Work which the Contractor must perform at any time in order to achieve Interface Milestone Completion by the Date for Interface Milestone Completion and Construction Completion by the Date for Construction Completion; or

2) any extension of time for any delay to the carrying out of the Contractor's Work,

in connection with the issue of such a notice or the amendment of this deed pursuant to clause 15.8(b).

(d) Nothing in this clause 15.8 prevents RMS Representative from:

(i) issuing a Variation Proposal Request as referred to in clause 15.1(a); or
(ii) directing a Variation by issue of a Variation Order under clause 15.2(a), that involves the same (or similar) changes to the Project Works or the Landscaping Maintenance as a Pre-Agreed Variation after the relevant date for giving notice of the Pre-Agreed Variation specified in section 1 of Schedule 44.

(e) If RMS Representative:

(i) issues a Variation Proposal Request as referred to in clause 15.1(a); or
(ii) directs a Variation by issue of a Variation Order under clause 15.2(a), which involves the same or similar changes to the Project Works or the Landscaping Maintenance as are required by a Pre-Agreed Variation and which is issued or directed (as relevant) after the relevant date in section 1 of Schedule 44 for that Pre-Agreed Variation, RMS and the Contractor agree that the Variation will be valued in accordance with clause 15.4.
15.9 Change in Law

(a) Where there is a Change in Law:

(i) if either RMS or the Contractor wishes clause 15.9(a)(ii) to apply, then that party must within 14 days of the Change in Law, give a written notice to the other party and RMS Representative stating that clause 15.9(a)(ii) applies and containing:

A. details of the Change in Law; and

B. that party's estimate of the increase or decrease (as the case may be) in the Contractor's costs of carrying out the Contractor's Work in compliance with the Change in Law including sufficient information to support the estimate;

(ii) RMS and the Contractor will meet within 28 days of a notice being given under clause 15.9(a)(i) and will negotiate and endeavour to agree any increase or decrease (as the case may be) in the Contractor's costs of carrying out the Contractor's Work in compliance with the Change in Law and where agreement is reached as to the amount of the increase or decrease in costs:

A. in the case of a decrease, the relevant component or components of the Project Contract Sum will be decreased and if either:

1) the Project Contract Sum has been paid in full; or

2) the Project Contract Sum has not been paid in full but the amount of payment due from the Contractor to RMS exceeds the Project Contract Sum less amounts paid under clause 18.4 on account of the Project Contract Sum,

then the amount will be a debt due and payable from the Contractor to RMS upon demand; and

B. in the case of an increase, the relevant component or components of the Project Contract Sum will be increased;

(iii) if no agreement is reached within 28 days (or such other period that RMS and the Contractor agree upon) of a notice being given under clause 15.9(a)(i):

A. in the case of a decrease in the Contractor's costs of carrying out the Contractor's Work in compliance with the Change in Law, the amount of the decrease in the Contractor's costs will be a debt due and payable from the Contractor to RMS upon demand, such amount to be as stated by RMS Representative; and

B. in the case of an increase in the Contractor's costs of carrying out the Contractor's Work in compliance with the Change in Law, the amount of the increased costs actually incurred will, subject to the Contractor having taken all reasonable steps to mitigate those increased costs, increase the relevant component or components of the Project Contract Sum, such amount to be as stated by RMS Representative; and

(iv) the Contractor must comply with the Change in Law.

(b) Subject to clause 15.9(c), the Contractor will have no Claim against RMS arising out of or in any way in connection with:

(i) an Approval obtained or issued or which otherwise takes effect after the date of this deed; or

(ii) a change in an Approval after the date of this deed.

(c) If a requirement, which the Contractor could not reasonably have anticipated, of:

(i) an Approval obtained or issued or which otherwise takes effect after the date of this deed; or

(ii) a change in an Approval after the date of this deed, necessitates a Variation, the Contractor must within 14 days of the new Approval or change taking effect notify RMS Representative in writing with detailed particulars of the reason why the new Approval or change necessitates a Variation. If the Contractor gives such a notice and the new Approval or change does necessitate a Variation, RMS Representative will direct a Variation under clause 15.2(a) after which, subject to clause
15.9(d), relevant adjustments will be made under clause 15.4.

(d) If a requirement necessitating a Variation referred to in clause 15.9(c):

(i) could reasonably have been anticipated by a prudent, competent and experienced contractor in the position of the Contractor, irrespective of any assumptions, projections, estimates, contingencies or otherwise that the Contractor may have made in its Tender; or

(ii) arises out of or in connection with an act or omission of the Contractor, including any design development by the Contractor, or any change in the Contractor's construction methodology,

no adjustments will be made under clause 15.4 and the Contractor will have no entitlement to, and RMS will not be liable for, any Claim arising out of or in connection with that Variation.

16. **Defects**

16.1 **Defects**

(a) The Contractor must promptly give RMS Representative a detailed written report of:

(i) any Defect it detects; and

(ii) all action proposed to correct that Defect, including the estimated time required.

(b) Subject to any direction under clause 16.2(c) and to clause 16.4, the Contractor must correct all Defects whether or not RMS Representative notifies it of them and, in the case of Defects detected:

(i) prior to Construction Completion, those Defects must be corrected prior to and as a condition precedent to achieving Construction Completion; and

(ii) after Construction Completion, those Defects must, subject to any direction under clause 16.3(a), be corrected as soon as practicable after detection.

16.2 **RMS Representative's direction**

If RMS Representative discovers or believes there is a Defect or is given notice of a Defect under clause 16.1(a), RMS Representative may, without prejudice to any other rights which RMS may have under this deed or otherwise at Law, give the Contractor one or more of the following directions specifying the Defect and:

(a) requiring the Contractor to correct the Defect or any part of it and the direction may specify the time within which the rectification work must be carried out and other matters associated with the carrying out of the rectification work;

(b) requiring the Contractor to carry out a Variation to overcome the Defect or any part of it and specifying the time within which this must be carried out and may specify other matters associated with the carrying out of the Variation; or

(c) advising the Contractor that RMS will accept the work or any part of it despite the Defect,

and the Contractor will only be entitled to receive an extension of time (if relevant) or to have any component of the Project Contract Sum adjusted for correcting the Defect (or the part of it) or for carrying out the Variation if:

(d) it complies with clause 17.5 or clause 19 (as the case may be); and

(e) the Defect (or the part of it) is something for which the Contractor is not responsible.

16.3 **Correction of Defect or Variation**

If a direction is given under clause 16.2(a) or clause 16.2(b) prior to the expiration of the Defects Correction Period applicable to the relevant part of the Project Works, or in the case of a Defect in the Landscaping Maintenance, the Landscaping Maintenance Period, the Contractor must correct the Defect (or the part of it) or carry out the Variation:

(a) within any time period specified in RMS Representative's direction, which time must be reasonable; and

(b) if during the Defects Correction Period applicable to the relevant part of the Project
Works, or in the case of a Defect in the Landscaping Maintenance, the Landscaping Maintenance Period:

(i) at times and in the manner agreed with RMS Representative;
(ii) in accordance with the requirements of any relevant Authority;
(iii) so as to minimise the impact on the use of the relevant part of the Project Works or the Works;
(iv) in a manner which causes as little inconvenience as possible to users of the Works, a Local Road, a Service or any access and the adjacent community; and
(v) where the Contractor proposes to perform any work which will or is likely to obstruct or have the effect of restricting, closing, interfering with or obstructing the free flow of traffic on any lane or shoulder of the Works or a Local Road the Contractor must apply for a Road Occupancy Licence under clause 5.14.

16.4 RMS correction of Defects

(a) If RMS Representative discovers or believes there is a Defect or is given notice of a Defect under clause 16.1(a) which RMS Representative reasonably believes:
   (i) involves an event serious enough to cause significant inconvenience and disruption to users of the Works, a Local Road, a Service or any access or to the adjacent community; and
   (ii) the Contractor will be unable to remedy the relevant Defect in the time required by RMS Representative to prevent the event, inconvenience or disruption described in clause 16.4(a)(i) occurring,
    
then, without prejudice to any other rights which RMS may have under this deed or otherwise at Law:

(iii) RMS may correct the Defect at the risk and cost of the Contractor; and
(iv) the Contractor must pay to RMS the costs of the correction work incurred by RMS.

(b) Nothing in this clause 16.4 requires RMS to inspect any part of the Project Works or the Landscaping Maintenance for Defects or to correct any Defect and the Contractor is not relieved from, and remains fully responsible for, its obligations under this deed.

16.5 Acceptance of work

If a direction is given under clause 16.2(c) prior to the expiration of the Defects Correction Period applicable to the relevant part of the Project Works, or in the case of a Defect in the Landscaping Maintenance, the Landscaping Maintenance Period, and the Contractor is responsible for the Defect (or the part of it), the relevant component of the Project Contract Sum will be reduced by the amount which represents the reasonable cost of correcting the Defect (or the part of it), such amount to be as stated by RMS Representative.

16.6 Works

The Works have:

(a) a Defects Correction Period which begins on the Date of Construction Completion and ends on the third anniversary of that date; and
(b) a further Defects Correction Period of 12 months in respect of any work the subject of a direction under clause 16.2(a) or clause 16.2(b) during the Defects Correction Period which begins on the date of the correction of the Defect or completion of the Variation.

16.7 Local Road Works

(a) Each discrete part of the Local Road Works has:

(i) a Defects Correction Period of 12 months, which begins when the relevant works are complete (being the date notified under clause 16.7(e)(i)); and
(ii) a further Defects Correction Period of 12 months in respect of any work the subject of a direction under clause 16.2(a) or clause 16.2(b) (relating to the discrete part of the Local Road Works) during the Defects Correction Period, which begins on the date of the correction of the Defect or completion of the Variation.

(b) The completion of the Local Road Works will be assessed on a road by road basis.
(c) When the Contractor considers that each discrete part of the Local Road Works is complete, subject to clause 16.7(d), it must notify RMS Representative in writing and RMS Representative, the Project Director and the representative of any relevant Authority must jointly inspect the relevant Local Road Works at a mutually convenient time.

(d) In the case of any Local Road Works in respect of the roads referred to in the sections of the Scope of Works and Technical Criteria identified in Item 29(s) of Schedule 1, the Contractor must not give notice under clause 16.7(c) prior to the date which is 14 days before the earlier of the anticipated Date of Opening Completion and the anticipated Date of Construction Completion.

(e) Following the joint inspection under clause 16.7(c), RMS Representative must notify the Contractor in writing:
   (i) if the discrete part is complete, of the date on which the Contractor has completed the discrete part of the Local Road Works in accordance with this deed, which subject to clause 16.7(f)(i), will be the relevant date for the purposes of clause 16.7(a)(i); or
   (ii) if the discrete part is not complete, the items which remain to be completed (after which the procedure in clause 16.7(c) will reapply).

(f) Subject to clause 16.7(g), it is a condition precedent to:
   (i) the commencement of the Defects Correction Period for a discrete part of the Local Road Works that the Contractor provide RMS Representative with a written notice from each Authority with jurisdiction over the discrete part stating that the Authority is satisfied that the discrete part is complete; and
   (ii) Construction Completion that the written notices required under clause 16.7(f)(i) have been provided to RMS Representative for all discrete parts of the Local Road Works.

(g) If the Contractor demonstrates to the satisfaction of RMS Representative that an Authority has failed to provide a written notice required under clause 16.7(f), despite the Contractor using its best endeavours to obtain the written notice, and that failure has prevented:
   (i) the commencement of the Defects Correction Period applicable to a discrete part of the Local Road Works; or
   (ii) the Contractor achieving Construction Completion,
RMS Representative may, in his or her absolute discretion, waive the requirement for the Contractor to obtain the written notice as a condition precedent to the commencement of the relevant Defects Correction Period or Construction Completion (as the case may be).

16.8 Service Works

(a) Each discrete part of the Service Works has:
   (i) a Defects Correction Period of 12 months, which begins when:
      A. the relevant Authority which has jurisdiction in respect of the Service gives written notice that the work is complete; and
      B. RMS Representative has been provided with a copy of the notice; and
   (ii) a further Defects Correction Period of 12 months in respect of any work the subject of a direction under clause 16.2(a) or clause 16.2(b) (relating to the discrete part of the Service Works) during the Defects Correction Period, which begins when:
      A. the relevant Authority gives written notice that the Defect has been corrected or the Variation completed; and
      B. RMS Representative has been provided with a copy of the notice.

(b) Subject to clause 16.8(c), it is a condition precedent to Construction Completion, that:
   (i) a written notice of the kind referred to in clause 16.8(a)(i) has been given for each discrete part of the Service Works; and
   (ii) RMS Representative has been provided with a copy of each such notice.
(c) If the Contractor demonstrates to the satisfaction of RMS Representative that an Authority has failed to provide a written notice required under clauses 16.8(a)(i)A, 16.8(a)(ii)A or 16.8(b), despite the Contractor using its best endeavours to obtain the written notice, and that failure has prevented:
(i) the commencement of the relevant Defects Correction Period applicable to a discrete part of the Service Works; or
(ii) the Contractor achieving Construction Completion,
RMS Representative may, in his or her absolute discretion, waive the requirement for the Contractor to obtain the written notice required for commencement of the relevant Defects Correction Period or as a condition precedent to Construction Completion (as the case may be).

16.9 Property Works
Each discrete part of the Property Works has:
(a) a Defects Correction Period of 12 months, which begins upon:
   (i) the completion of the Property Works; and
   (ii) submission by the Contractor of a deed or signed statement (as the case may be) to RMS Representative under clause 13.2(g), whichever is the later; and
(b) a further Defects Correction Period of 12 months in respect of any work the subject of a direction under clause 16.2(a) or clause 16.2(b) (relating to the discrete part of the Property Works) during the Defects Correction Period, which begins on the date of correction of the Defect or completion of the Variation.

16.10 Failure by the Contractor to comply with direction
(a) Without limiting clause 22.9, if the Contractor does not comply with a direction referred to in clause 16.2(a) or clause 16.2(b), RMS may employ others to carry out that direction.
(b) The costs, losses, expenses, damages and liability suffered or incurred by RMS in taking the action contemplated in clause 16.10(a) or as a result of the Contractor's failure to comply with clause 16.3 will be a debt due and payable from the Contractor to RMS on demand.

16.11 Rights not affected
Neither the RMS rights, nor the Contractor's liability, whether under this deed or otherwise according to Law in respect of Defects, whether before or after the expiration of any relevant Defects Correction Period or the Landscaping Maintenance Period, will be in any way affected or limited by:
(a) the rights conferred upon RMS or RMS Representative by this clause 16 or any other provision of this deed;
(b) the exercise of, or the failure by RMS or RMS Representative to exercise, any such rights; or
(c) any direction of RMS Representative under clause 16.2 or act under clause 16.4.

16.12 Use of defective facilities
The Contractor must not allow the use of any part of the Project Works, Temporary Works or Works which the Contractor knows are defective or unsafe and which threaten the safety of members of the public.

17. Time and Completion

17.1 The Contractor's programming obligations
(a) Within 28 days of the:
   (i) date of this deed, the Contractor must prepare and submit to the Project Verifier and RMS Representative Subsidiary Contract Programs for all activities to be undertaken in carrying out the Contractor's Work (including
procurement of goods and materials) based on the Staged Commencement Date being the Date for Staged Commencement; and

(ii) Staged Commencement Date, the Contractor must prepare and submit to the Project Verifier and RMS Representative updated Subsidiary Contract Programs for all activities to be undertaken in carrying out the Contractor's Work (including procurement of goods and materials) on and from the Staged Commencement Date.

(b) The Subsidiary Contract Programs must be based upon, and be consistent with, the Contract Program.

(c) The Contract Program and the Subsidiary Contract Programs must:

(i) comply with the requirements in the section of the Appendix to the Scope of Works and Technical Criteria identified in Item 29(t) of Schedule 1; and

(ii) be in hard copy form and in an electronic form and include such detail as RMS Representative reasonably requires and be accurate, comprehensive and complete in all respects.

The requirements of this clause 17.1(c) and the underlying program logic must be accessible and clearly shown in the electronic form of the Contract Program and all Subsidiary Contract Programs. The software used by the Contractor must be acceptable to RMS Representative.

(d) The Contract Program and all Subsidiary Contract Programs must be reviewed and updated as reasonably required by RMS Representative and in any event at least:

(i) on a monthly basis and at the same time as the Contractor submits a progress claim under clause 18.2; and

(ii) within 14 days of the granting of each extension of time under clause 17.5(d) and of each direction to compress the Contractor's Work under clause 17.7, to take into account the actual progress of the Contractor's Work and the impact of each extension of time and direction to compress and must disclose the Contractor's proposed changes to activities, sub-activities and events from the previously provided Contract Program or Subsidiary Contract Program. These updated programs must be given to the Project Verifier and RMS Representative with the reports required by the section of the Contractor Documentation Schedule identified in Item 30(b) of Schedule 1.

(e) RMS Representative may reject a program submitted by the Contractor under this clause 17.1 as a Contract Program or a Subsidiary Contract Program within 14 days of that program being given to the RMS Representative if it does not comply with the requirements of clauses 17.1(b), 17.1(c) or 17.1(d). If RMS Representative rejects a program submitted by the Contractor as a Contract Program or a Subsidiary Contract Program the Contractor must submit a corrected program within 7 days. If the RMS Representative raises no objection and the program submitted by the Contractor under this clause 17.1 as a Contract Program or a Subsidiary Contract Program complies with clauses 17.1(b), 17.1(c) and 17.1(d) (as relevant), it becomes the Contract Program or Subsidiary Contract Program, as applicable.

(f) A program submitted by the Contractor under this clause 17.1 as a Contract Program or a Subsidiary Contract Program that is rejected by RMS Representative is not a Contract Program or a Subsidiary Contract Program for the purposes of this deed.

(g) Neither a Direction relating to, nor review of nor comment upon, a program (including the Contract Program and any Subsidiary Contract Program) by RMS or RMS Representative, nor the inclusion of the Contract Program as an exhibit to this deed, will:

(i) relieve the Contractor from or reduce its liabilities or obligations under this deed, especially (without limitation) the obligations under clause 17.2;

(ii) evidence or constitute an extension of time by RMS Representative or a Direction by RMS Representative to compress, accelerate, disrupt, prolong or vary any, or all, of the Contractor's Work; or

(iii) reduce the time for carrying out of RMS or RMS Representative's obligations under this deed, including by obliging RMS or RMS Representative to perform an obligation earlier than it was required to do so at the date of this deed.
(h) Whether or not the Contractor chooses to compress or accelerate the carrying out of the Contractor's Work:

(i) neither RMS nor RMS Representative will be obliged to take or avoid taking any action to assist or enable the Contractor to achieve Interface Milestone Completion by or before the Date for Interface Milestone Completion or Construction Completion by or before the Date for Construction Completion; and

(ii) the time for the carrying out of RMS' or RMS Representative's obligations will not be affected.

(i) Where the Contractor chooses to compress or accelerate the carrying out of the Contractor's Work:

(i) neither RMS nor RMS Representative will be obliged to avoid inhibiting the Contractor from achieving Interface Milestone Completion by or before the Date of Interface Milestone Completion or Construction Completion by or before the Date for Construction Completion; and

(ii) the time for the carrying out of RMS' or RMS Representative's obligations will not be affected.

17.2 Date for Interface Milestone Completion and Date for Construction Completion

Subject to clause 1A, the Contractor must achieve:

(a) Interface Milestone Completion by the Date for Interface Milestone Completion; and

(b) Construction Completion by the Date for Construction Completion.

17.3 Importance of Interface Milestone and Construction Completion on time

The Contractor acknowledges the:

(a) importance of complying with its obligations under clause 17.2; and

(b) Date for Interface Milestone Completion and the Date for Construction Completion will only be extended as set out in clause 17.5.

17.4 Risk and notice of delay

(a) Except as expressly provided for in clause 17.5, the Contractor accepts the risk of all delays in, and disruption to, the carrying out of the Contractor's Work (which, for the avoidance of doubt, includes the Contractor accepting the risk of all delays in, and disruption to, the carrying out of the Provisional Sum Work) and the performance of its obligations under this deed.

(b) Except as provided under clause 11.6(d), within 5 days of when the Contractor first became aware, or should reasonably have first become aware, that an event has caused or will or is likely to cause any delay, the Contractor must give RMS Representative written notice of the event and estimated delay, with details of the event and how Interface Milestone Completion and the Date of Interface Milestone Completion or Construction Completion and the Date of Construction Completion are likely to be affected (if at all).

17.5 Extension of time for Interface Milestone Completion and Construction Completion

(a) If the Contractor has been or will be delayed in achieving Interface Milestone Completion or Construction Completion by an Excusable Cause of Delay, the Contractor may submit a claim for an extension to the Date for Interface Milestone Completion and/or the Date for Construction Completion.

(b) To claim an extension of time the Contractor must:

(i) within 14 days of the earlier of when the Contractor:
   A. became aware; or
   B. should reasonably have become aware,
of the Excusable Cause of Delay that has or will cause delay to achieving Interface Milestone Completion and/or Construction Completion, submit a written claim to RMS Representative for an extension to the Date for Interface Milestone Completion and/or the Date for Construction Completion, which:

C. gives detailed particulars of the Excusable Cause of Delay and the events or circumstances giving rise to the delay and the period of the delay;

D. states the date on which the Excusable Cause of Delay giving rise to the delay first arose; and

E. states the number of days extension of time claimed together with the basis of calculating that period, including evidence that the delay involves an activity which is critical to the maintenance of progress in the execution of the Contractor's Work and which has or will actually delay the Contractor in achieving Interface Milestone Completion and/or Construction Completion in the manner described in clause 17.5(c)(iii); and

(ii) if the delay continues beyond the period referred to in the particulars provided under clause 17.5(b)(i)E and the Contractor wishes to claim an extension of time in respect of the further delay, submit a further written claim to RMS Representative:

A. every 14 days after the first written claim until 7 days after the end of the effects of the delay; and

B. containing the information required by clauses 17.5(b)(i)C and 17.5(b)(i)E.

(c) Without limiting the operation of clause 17.5(f), each of the following is a condition precedent to the Contractor's entitlement to an extension of time:

(i) the Contractor must have given all notices and claims required by clauses 11.6(c), 17.4(b) and 17.5(b) in accordance with the requirements of those clauses, including within the time frames required by those clauses;

(ii) the Excusable Cause of Delay was beyond the reasonable control of the Contractor;

(iii) the Excusable Cause of Delay has or will actually delay the Contractor in achieving Interface Milestone Completion and/or Construction Completion and the delay is evidenced by delay to an activity or activities on the critical path as identified on the Contract Program and any relevant Subsidiary Contract Program; and

(iv) the RMS Representative has not given the Contractor a Direction under clause 17.7 to compress the Contractor's Work in respect of the delay in question.

(d) If the conditions precedent in clause 17.5(c) have been satisfied, RMS Representative must extend the Date for Interface Milestone Completion and/or the Date for Construction Completion by:

(i) if the cause of delay is a Variation, a period consistent with the adjusted Date for Interface Milestone Completion and/or Date for Construction Completion notified in the relevant Variation Order under clause 15.2(b); or

(ii) otherwise, a reasonable period not exceeding the period of delay, as stated by RMS Representative,

in either case having regard to any reduction in accordance with clauses 17.5(e) or 17.7(b).

RMS Representative must notify RMS and the Contractor of the extension of time that has been granted:

(iii) in respect of any claim made prior to the Staged Commencement Date, within 28 days after the Staged Commencement Date; and

(iv) otherwise, within 28 days after the Contractor's last claim under clause 17.5(b), including in respect of claims for continuing delay where the delay is first claimed before and continues after the Staged Commencement Date.

The Contractor acknowledges and agrees that the extension of time under clause 17.5(d)(iii) will be determined following determination of, and having regard to, the
Date for Interface Milestone Completion and Date for Construction Completion determined under clause 1A(f).

e) The Contractor’s entitlement to any extension to the Date for Interface Milestone Completion and/or the Date for Construction Completion under clause 17.5(d)(i) or clause 17.5(d)(ii) will be reduced to the extent:

(i) that the Contractor could have avoided or lessened the delay by taking reasonable steps to avoid or prevent the cause of the delay or to avoid or minimise the delay and its consequences; and

(ii) where more than one event causes delay and the cause of at least one of those delays is not an Excusable Cause of Delay, of any concurrency (regardless of which delay event commenced first or the time of commencement of the respective delay events).

f) RMS Representative may in his or her absolute discretion unilaterally extend the Date for Interface Milestone Completion and/or the Date for Construction Completion by any period specified in a notice to the Contractor, whether or not the Contractor has made, or is entitled to make, a claim for an extension of time under this clause 17.5.

The power to extend the Date for Interface Milestone Completion and/or the Date for Construction Completion under this clause 17.5(f):

(i) may only be exercised by RMS Representative and RMS Representative is not required to exercise his or her discretion under this clause 17.5(f) for the benefit of the Contractor; and

(ii) is not a Direction which can be the subject of a Dispute pursuant to clause 20 or in any other way opened up or reviewed by any other person (including any expert, arbitrator or court).

17.6 Agreed costs

(a) The Contractor will be entitled to be paid:

(i) subject to clauses 17.6(e), 17.6(f) and 17.6(g), delay costs at the rate or rates specified in Item 26 of Schedule 1 for each day by which the Date for Construction Completion is extended due to:

A. a breach of this deed by RMS or clause 9.1(d); or
B. subject to clauses 15.6, 15.7, 16.2 and 17.6(b), a Variation the subject of a Direction by RMS Representative;

(iA) in respect of the cause of delay described in paragraph (e) of the definition of "Excusable Cause of Delay" (inclement weather), delay costs (if any) which are calculated in accordance with Item 26A of Schedule 1; and

(ii) after the Date of Construction Completion, if the Date of Construction Completion occurs after the Date for Construction Completion as at the date of this deed, an amount (A) calculated in accordance with the formula below:

\[
A = \sum \left( B \times C \times D \right) \times \frac{(E - F)}{(G - F)}
\]

where:

A = amount payable by RMS, provided (A) has a positive value. If (A) has a negative value, no amount is payable;

B = number of Project Verifier personnel on the Construction Site during each period of time in respect of which extensions of time have been granted under clause 17.5 during the construction phase, but excluding periods in relation to extensions of time granted in respect of events referred to in clauses 17.6(a)(i)A and 17.6(a)(i)B;

C = the rates applicable to the personnel in B above, as set out in clause 6 of Schedule 12C to the Deed of Appointment of Project Verifier;

D = each period of extension of time granted under clause 17.5 during the construction phase but excluding periods in relation to extensions of time granted in respect of events referred to in clauses 17.6(a)(i)A and 17.6(a)(i)B;

E = total number of days between the Date for Construction Completion as at
the date of this deed and the Date of Construction Completion, provided
no days are counted beyond the Date for Construction Completion as at
Construction Completion;

\[ F = \text{total number of days of extensions of time granted under clause 17.5}
\]
during the construction phase in respect of events referred to in clauses
17.6(a)(i)A and 17.6(a)(i)B; and

\[ G = \text{total number of days of extensions of time granted under clause 17.5}
\]
during the construction phase.

(b) Despite clause 15.9, the Contractor will not be entitled to delay costs under clause
17.6(a) arising out of or in any way in connection with a Change in Law or:

(i) an Approval obtained or issued or which otherwise takes effect after the date of
this deed; or

(ii) a change in an Approval after the date of this deed,
regardless of whether a Change in Law, new Approval or change in an Approval
necessitates a Variation.

(c) The delay costs that the Contractor is entitled to under clause 17.6(a):

(i) are the agreed damages which will be payable by RMS where the Date for
Construction Completion is extended due to a breach of this deed by RMS; and

(ii) will be a limitation upon RMS liability to the Contractor for any delay,
disruption or interference which arises out of or in connection with any breach
of this deed by RMS.

(ca) If RMS Representative has unilaterally extended the Date for Construction Completion
under clause 17.5(f), RMS Representative may in his or her absolute discretion decide
to pay delay costs to the Contractor for such amount as RMS Representative in his or
her absolute discretion sees fit.

The power to pay delay costs to the Contractor under this clause 17.6(ca):

(i) may only be exercised by RMS Representative and RMS Representative is not
required to exercise his or her discretion under this clause 17.6(ca) for the
benefit of the Contractor; and

(ii) is not a Direction which can be the subject of a dispute pursuant to clause 20 or
in any other way opened up or reviewed by any other person (including any
expert, arbitrator or court).

d) The Contractor will not be entitled to make, nor will RMS be liable upon any Claim
including any Claim for damages, costs, expenses or losses for any delay, disruption or
interference arising out of or in connection with the Contractor's Work, other than for
any amount which is paid or payable by RMS under this clause 17.6.

e) The Contractor's entitlement to delay costs under clause 17.6(a)(i) will be reduced to
the extent of any concurrency, for any period when the Contractor is delayed by
multiple causes, where at least one of those causes is not listed in clause 17.6(a)(i)
(regardless of which delay event commenced first or the time of commencement of the
respective delay events).

(f) The Contractor will not be entitled to claim or be paid delay costs under clause
17.6(a)(i), to the extent that the Date for Construction Completion is extended due to a
delay that is concurrent with a day in respect of which the Date for Construction
Completion is extended due to the cause of delay described in paragraph (e) of the
definition of "Excusable Cause of Delay" (inclement weather).

This clause 17.6(f) does not affect the Contractor's entitlement under clause
17.6(a)(iA).

(g) For the avoidance of doubt, the Contractor is not entitled to delay costs under clause
17.6(a) as a result of any delay to the Date for Interface Milestone Completion.

17.7 Compression

(a) Subject to clause 17.7(b), RMS Representative may direct the Contractor to compress
the Contractor's Work by taking those measures which are necessary to overcome or
minimise the extent and effects of some or all of any delay, which may include taking
those measures necessary to achieve Interface Milestone Completion by the Date for
Interface Milestone Completion and/or Construction Completion by the Date for Construction Completion, whether or not the cause of any delay entitles the Contractor to an extension of time to the Date for Interface Milestone Completion and/or the Date for Construction Completion.

RMS Representative may not give a direction under this clause 17.7(a) which requires the Contractor to compress the Contractor's Work so as to achieve Interface Milestone Completion earlier than the Date for Interface Milestone Completion and/or Construction Completion earlier than the Date for Construction Completion.

(b) RMS Representative may only direct the Contractor to compress the Contractor's Work under clause 17.7(a) to the extent that the compression is reasonably capable of being achieved or would be reasonably capable of being achieved by a prudent and competent contractor in the position of the Contractor.

(c) If, following receipt of a claim under clause 17.5(b), RMS Representative gives the Contractor a direction to compress under clause 17.7(a):

(i) and the direction to compress only applies to part of the delay, the Contractor's entitlement to any extension of time to which it may otherwise have been entitled will be reduced to the extent to which the direction to compress requires the Contractor to compress to overcome or minimise the delay, as stated by RMS Representative; and

(ii) RMS Representative may at any time by notice in writing withdraw the direction after which the Contractor will be entitled to any extension of time to which it may have otherwise been entitled to in respect of the claim, such entitlement to an extension of time to be reduced to the extent that any compression of the Contractor's Work pursuant to the direction undertaken by the Contractor prior to the withdrawal of the direction has overcome or minimised the delay the subject of that claim, as stated by RMS Representative.

(d) If RMS Representative gives a direction to the Contractor under clause 17.7(a):

(i) the Contractor must compress the performance of the Contractor's Work to overcome and minimise the delay to the extent to which the direction requires the Contractor to overcome and minimise the delay;

(ii) to the extent that the Contractor would, but for the direction, have been entitled to an extension of time to the Date for Interface Milestone Completion and/or the Date for Construction Completion for the cause of delay in respect of which the Contractor made a claim under clause 17.5(b), the Contractor will be entitled to be paid:

A. if the direction relates to:
   1) all of the delay caused by a Variation; or
   2) part of any delay caused by a Variation as specified in the relevant Variation Proposal Request under clause 15.1,

   any amount notified by the Contractor under clause 15.1(a)(ii)B and approved by RMS Representative; or

B. otherwise, the reasonable net extra Direct Costs incurred by the Contractor (which if RMS Representative gives a notice to withdraw the direction under clause 17.7(a), will be those reasonable net extra Direct Costs incurred prior to the giving of such notice) and directly attributable to compressing the performance of the Contractor's Work as required by RMS Representative's direction under clause 17.7(a) (provided it has incurred them reasonably and has taken all steps reasonably practicable to minimise them) as stated by RMS Representative; and

(iii) the Contractor will have no Claim arising out of or in connection with the cause of delay or the delay or any direction under clause 17.7(a) (whether for an extension of time to the Date for Interface Milestone Completion and/or the Date for Construction Completion which the Contractor might have had but for the direction or otherwise) except for its entitlements under clause 17.7(b) and clause 17.7(d)(ii).

(e) RMS rights to liquidated damages under clause 17.9 for a failure by the Contractor to
achieve Construction Completion by the Date for Construction Completion are not affected by RMS Representative giving the Contractor a Direction to compress under this clause 17.7.

17.8 Suspension

(a) RMS Representative may direct the Contractor to suspend and subsequently to recommence performance of all or any of the Contractor's obligations under this deed.

(b) If the suspension arises as a result of:

(i) the Contractor's failure to carry out its obligations under this deed, the Contractor will not be entitled to make any Claim against RMS arising out of, or in any way in connection with, the suspension; or

(ii) a cause other than the Contractor's failure to perform its obligations under this deed:

A. a direction to suspend under this clause 17.8 will entitle the Contractor to:

1) be paid by RMS the reasonable net extra Direct Costs incurred by it as a result of the suspension as stated by RMS Representative; and

2) an extension of time to the Date for Interface Milestone Completion and/or the Date for Construction Completion where it is otherwise so entitled under clause 17.5;

B. the Contractor must take all steps reasonably practicable to mitigate the net extra Direct Costs incurred by it as a result of the suspension; and

C. the Contractor will not be entitled to make any Claim against RMS arising out of, or in any way in connection with, the suspension other than under this clause 17.8(b)(ii).

17.9 Liquidated damages for delay in reaching Construction Completion

(a) RMS and the Contractor agree and acknowledge that RMS as a statutory body representing the Crown, is pursuing a policy of upgrading the main roads of New South Wales for the purpose of:

(i) improving the efficiency of the New South Wales road network so that the costs of travelling (both in time and money) on New South Wales roads are reduced as well as the cost of freight transport in New South Wales; and

(ii) eliminating dangerous stretches of road in order to reduce damage to property and the number of fatalities and injuries caused by motor accidents.

(b) The Contractor and RMS acknowledge and agree that the Contractor's Work represents a most important element of implementing the policy outlined in clause 17.9(a) and will generally improve travel times, reduce freight costs and improve the local environment whilst reducing accidents and accident costs.

(c) The Contractor acknowledges and agrees that its failure to achieve Construction Completion by the Date for Construction Completion in accordance with this deed, will not only result in direct losses to RMS, but will also lead to the failure of RMS to achieve its policy objectives on behalf of the Crown to the immediate detriment of RMS and of those on whose behalf the policy objectives are pursued. The loss arising from this failure of RMS to achieve its policy objectives is not capable of easy or precise calculation.

(d) Therefore, the Contractor agrees that if it does not achieve Construction Completion by the Date for Construction Completion, it will pay RMS:

(i) the amount specified in Item 27 of Schedule 1 (which is exclusive of GST) for every day after the Date for Construction Completion up to and including:

A. the Date of Opening Completion (if any);  
B. the Date of Construction Completion; or  
C. the date that this deed is validly terminated, whichever first occurs; and

(ii) where Opening Completion has been achieved but Construction Completion has not, and RMS Representative issues a notice under clause 17.12, the
amount specified in Item 28 of Schedule 1 (which is exclusive of GST), for every day after the Date of Opening Completion (if any) up to and including:

A. the Date of Construction Completion; or
B. the date that this deed is validly terminated,

whichever first occurs.

e) The liquidated damages provided by clause 17.9(d) are a genuine pre-estimate of RMS damages if Construction Completion occurs after the Date for Construction Completion and the Contractor has freely agreed that these liquidated damages represent proper, fair and reasonable amounts recoverable by RMS for both its own loss and for its failure to achieve its policy objectives on behalf of the Crown arising from the failure of the Contractor to achieve Construction Completion by the Date for Construction Completion.

f) RMS and the Contractor acknowledge and agree that they are both parties contracting at arms length, have equal bargaining power, possess extensive commercial experience and expertise and are being advised by their own legal, accounting, technical, financial, economic and other commercial professionals in relation to their rights and obligations pursuant to this deed.

g) The Contractor agrees to pay the liquidated damages under clause 17.9(d) without any duress, coercion, undue influence or any other form of unconscionable conduct or impermissible or objectionable persuasion on the part of RMS.

h) The Contractor entered into the obligation to pay the amounts specified in clause 17.9(d) with the intention that it is a legally binding, valid and enforceable contractual provision against the Contractor in accordance with its terms.

i) The Contractor agrees to exclude and expressly waives the right of the benefit of, to the extent permissible, the application or operation of any legal rule or norm, including under statute, equity and common law, relating to the characterisation of liquidated amounts payable under a deed upon a breach occurring as penalties or the enforceability or recoverability of such liquidated amounts.

j) The Contractor agrees that if clause 17.9(d) is found for any reason to be void, invalid or otherwise inoperative so as to disentitle RMS from recovering liquidated damages, RMS will be entitled to recover common law damages as a result of the Contractor failing to achieve Construction Completion by the Date for Construction Completion, but the Contractor's liability for such damages (whether per day or in the aggregate) will not be any greater than the liability which it would have had if clause 17.9(d) had not been void, invalid or otherwise inoperative.

17.10 Construction Completion

(a) The Contractor must give RMS Representative:

(i) 3 months; and

(ii) 1 month,

written notice of the estimated Date of Construction Completion.

(b) RMS Representative and the Project Director must, within 7 days of receipt of the notice referred to in clause 17.10(a)(ii), jointly inspect the Contractor's Work at a mutually convenient time.

(c) Following the joint inspection referred to in clause 17.10(b), RMS Representative must give the Contractor a notice either:

(i) containing a list of items which it believes must be completed before Construction Completion is achieved; or

(ii) stating that it believes the Contractor is so far from achieving Construction Completion that it is not practicable to issue a list as contemplated in clause 17.10(c)(i).

(d) When the Contractor considers it has achieved Construction Completion, the Contractor must notify RMS Representative in writing.

(e) RMS Representative and the Project Director must, within 7 days of receipt of the Contractor's notice referred to in clause 17.10(d), jointly inspect the Contractor's Work at a mutually convenient time.
Following the joint inspection under clause 17.10(e) and in any event within 14 days of receipt of a notice under clause 17.10(d), RMS Representative must state and notify the Contractor of:

(i) if Construction Completion has been achieved, the date on which the Contractor achieved Construction Completion; and

(ii) if Construction Completion has not been achieved:
   A. the items, including any Defects, which remain to be completed before Construction Completion is achieved; or
   B. that the Contractor is so far from achieving Construction Completion that it is not practicable to notify the Contractor of the items which remain to be completed as contemplated by clause 17.10(f)(ii)A.

If RMS Representative issues a notice under clause 17.10(f)(ii) the Contractor must proceed with the Contractor's Work and thereafter when it considers it has achieved Construction Completion it must give RMS Representative a further written notice to that effect under clause 17.10(d) after which clauses 17.10(e) and 17.10(f) will reapply.

The Contractor:

(i) acknowledges that, at the date of this deed, it is anticipated that Construction Completion before the Date for Construction Completion will be of benefit to RMS; and

(ii) must co-operate to ensure that any potential for early Construction Completion is maximised in light of RMS total requirements for the development of the Existing Highway.

### 17.10A Interface Milestone Completion

(a) The Contractor shall give RMS Representative 28 days written notice of the estimated Date of Interface Milestone Completion.

(b) When the Contractor considers it has achieved Interface Milestone Completion, the Contractor must notify RMS Representative in writing.

(c) RMS Representative and the Project Director must, within 7 days of receipt of the Contractor's notice referred to in clause 17.10A(b), jointly inspect the Interface Works at a mutually convenient time.

(d) Following the joint inspection under clause 17.10A(c), RMS Representative must state and notify the Contractor of:

(i) if Interface Milestone Completion has been achieved, the date on which the Contractor achieved Interface Milestone Completion; and

(ii) if Interface Milestone Completion has not been achieved:
   A. the items, including any Defects, which remain to be completed before Interface Milestone Completion is achieved; or
   B. that the Contractor is so far from achieving Interface Milestone Completion that it is not practicable to notify the Contractor of the items which remain to be completed as contemplated by clause 17.10A(d)(ii)A.

If RMS Representative issues a notice under clause 17.10A(d)(ii) the Contractor must proceed with the Interface Works and thereafter when it considers it has achieved Interface Milestone Completion it must give RMS Representative a further written notice to that effect under clause 17.10A(b) after which clauses 17.10A(c) and 17.10A(d) will reapply.

The Contractor:

(i) acknowledges that, at the date of this deed, it is anticipated that achieving Interface Milestone Completion before the Date for Interface Milestone Completion will be of benefit to RMS; and

(ii) must co-operate to ensure that any potential for early Interface Milestone Completion is maximised in light of RMS' total requirements for the development of the Northern Road.
17.11 Part of the works or section
(a) If required by RMS, the Contractor must:
   (i) permit RMS to use; or
   (ii) permit the opening for the use of the public of,
        any parts of the Works and any Local Road, irrespective of whether Opening
        Completion and/or Construction Completion has been achieved.
(b) Such use of a part of the Works or a Local Road prior to Opening Completion and/or
    Construction Completion under clause 17.11(a) will not relieve the Contractor from any
    of its responsibilities, obligations or liabilities under this deed, including its
    responsibility for the care of the Contractor's Work under clauses 6.1, 6.1 and 6.3.

17.12 Opening Completion
(a) If Opening Completion has been achieved, RMS Representative may, in his or her
    absolute discretion, and even though Construction Completion has not been achieved,
    give a written notice to the Contractor stating that it proposes to open the Works to the
    public for the continuous passage of vehicles by a date stated in the notice being no less
    than 5 days after the date of the issue of the notice. RMS will then have the right to
    open the Works for the use of the public from the date stated in RMS Representative's
    notice.
(b) If RMS Representative gives any such notice, this will not limit or otherwise affect the
    obligations of the parties under this deed, including the obligation of the Contractor to
    achieve Construction Completion by the Date for Construction Completion.

17.13 Opening of the Works following Construction Completion
If required by RMS, the Contractor must open the Works to the public for the safe, efficient
and continuous passage of vehicles within 1 day after the date of issue of a notice under
clause 17.10(f)(i).

17.14 Warranties by others
(a) The Contractor must, as a condition precedent to Final Completion, obtain and provide
    RMS with all warranties required by this deed, from the relevant Subcontractors in
    favour of RMS on the terms in Schedule 34.
(b) The provision of those warranties will not derogate from any rights which RMS may
    have against the Contractor in respect of the subject matter of those warranties.

17.15 Final Completion
(a) The Contractor must give RMS Representative two month's written notice of the
    estimated Date of Final Completion.
(b) RMS Representative and the Project Director must, within 21 days of the notice referred
    to in clause 17.15(a), jointly inspect the Works at a mutually convenient time.
(c) Following the joint inspection referred to in clause 17.15(b), RMS Representative must
    give the Contractor a list of items which must be completed before Final Completion is
    achieved.
(d) When the Contractor considers it has achieved Final Completion, the Contractor must
    notify RMS Representative in writing and RMS Representative and the Project Director
    must jointly inspect the Works at a mutually convenient time.
(e) Following the joint inspection under clause 17.15(d) and in any event within 28 days of
    receipt of a notice under clause 17.15(d), RMS Representative must state and notify the
    Contractor:
        (i) if Final Completion has been achieved, of the date on which the Contractor
            achieved Final Completion; or
        (ii) if Final Completion has not been achieved:
            A. of the items which remain to be completed before Final Completion is
                achieved; or
            B. that the Contractor is so far away from achieving Final Completion, it is
                not practicable to specify the items referred to in clause 17.15(e)(ii)A.
(f) If RMS Representative issues a notice under clause 17.15(e)(ii)B, the Contractor must proceed with the Contractor's Work and thereafter when it considers it has achieved Final Completion it must give RMS Representative further written notice to that effect under clause 17.15(d) after which clauses 17.15(e) and 17.15(f) will reapply.

17.16 Effect of notice of Interface Milestone Completion, Construction Completion, Landscaping Maintenance or Final Completion

A notice issued under clause 14.5(b)(i), 17.10(f)(i), 17.10A(d)(i) or 17.15(e)(i) will not:

(a) constitute approval by RMS or RMS Representative of the Contractor's performance of its obligations under this deed;
(b) be taken as an admission or evidence that the Project Works or the Landscaping Maintenance comply with this deed; or
(c) prejudice any rights or powers of RMS or RMS Representative, including the right to correct any Defect that may have existed upon the issue of a notice under clause 17.10(f)(i), whether or not the Defect was known to exist.

18. Payment

18.1 RMS payment obligation for design and construction

(a) Subject to clauses 20.10 and 22.8 and to any other right to set-off which RMS may have, RMS must pay the Contractor the Project Contract Sum in accordance with this clause 18, the Design Payment Schedule and the Construction Payment Schedule for the progressive completion of the Contractor's Work.

(b) Without limiting this clause 18, the Design Payment Schedule and the Construction Payment Schedule set out (among other things):
   (i) those parts of the Contractor's Work which must be completed before the Contractor may claim a progress payment with respect to that part;
   (ii) the payment the Contractor may claim for each progress payment;
   (iii) any limitations or other constraints on the Contractor's ability to make claims for payment; and
   (iv) restrictions on the timing and sequencing of the Contractor's Work with which the Contractor must comply.

(c) The Design Contract Sum is not subject to rise and fall.

(d) The Initial Contract Sum and the Construction Contract Sum are subject to adjustment in accordance with Construction Rise and Fall, except to the extent as otherwise agreed in writing between RMS and the Contractor.

18.2 Payment claims

(a) The Contractor is entitled to give RMS Representative a progress claim, with respect to the Project Contract Sum, on each Reference Date. For the purposes of this clause 18.2(a), a Reference Date is the later to occur of:
   (i) the twenty-fifth day of each month; and
   (ii) the date on which the last of the following occurs:
       A. the Contractor demonstrates to RMS Representative that it has complied with clauses 2.8(g), 8.1(a) and 8.2;
       B. the Contractor demonstrates to RMS Representative that it has effected and is maintaining all insurances required to be effected by the Contractor under clause 7 and has complied with clause 7.9; and
       C. the Contractor provides to RMS Representative a contractor statement and a supporting statement in the form of Schedule 5:
          1) which is executed on or after the twenty-fifth day of the relevant month; and
          2) which has been duly executed by a representative of the Contractor who is in a position to know the facts declared.
(b) The Contractor agrees with RMS that the Reference Date prescribed by clause 18.2(a) is, for the purposes of section 8 of the SOP Act, the "reference date" under this clause 18.

(ba) Without limiting clause 18.2(e), the Contractor agrees that the amount of a progress payment (for the purposes of section 9 of the SOP Act and this clause 18) will be calculated by reference to:

(i) any relevant statement or certificate in relation to the Contractor’s Work by:
   A. the Quality Manager in the form of Schedule 8; and
   B. the Project Verifier in the form of Schedule 13; and

(ii) the Contractor’s Work that has been completed up to and including the date on which the contractor statement and supporting statement in the form of Schedule 5 was executed.

(c) For each claim made under clause 18.2(a) the Contractor must give RMS Representative (at the same time as the claim is made):

(i) a statement in a format required by RMS Representative (including electronic format) showing the amount the Contractor claims, including rise and fall calculations;

(ii) a statement by the Quality Manager in the form of Schedule 8 that the parts of the Contractor's Work claimed for payment comply with the requirements of this deed;

(iii) verification by the Project Verifier in the form of Schedule 13 that the parts of the Contractor's Work claimed for payment comply with the requirements of this deed; and

(iv) evidence of the Contractor’s compliance with any outstanding obligations under clause 2.5(a) and clause 5.3.

(d) RMS Representative must, on behalf of RMS, within 10 Business Days of receipt of the Contractor's claim under clause 18.2(a), issue to the Contractor and RMS, a payment schedule:

(i) identifying the payment claim to which it relates;

(ii) stating the amount of the payment that RMS proposes to make to the Contractor or that is due from the Contractor to RMS (Progress Payment), including details of the calculation of the Progress Payment, noting that if the Contractor has not provided the monthly Contract Program and all Subsidiary Contract Programs as required by clause 17.1(d)(i) the calculation of the Progress Payment may include a retention of 0.5%. This retention amount may be claimed in a subsequent progress claim once the Contractor has provided the documentation required by clause 17.1(d)(i) for the relevant month; and

(iii) if the Progress Payment is less than the amount claimed by the Contractor, setting out why the Progress Payment is less and, if the reason for the difference is that RMS has retained, deducted, withheld or set-off payment for any reason, the reason for the retention, deduction, withholding or setting-off of payment.

(e) In issuing a payment schedule RMS Representative may deduct from the amount which would otherwise be payable to the Contractor, any amount which RMS is entitled to retain, deduct, withhold or set-off under this deed, including any amount which RMS is entitled to set-off or withhold under clause 22.8. Failure by RMS Representative to set out in a payment schedule an amount which RMS is entitled to retain, deduct, withhold or set-off under this deed will not prejudice RMS right to subsequently exercise its right to retain, deduct, withhold or set-off any amount under this deed.

(f) RMS Representative may at any time (but is not obliged to) issue a payment schedule to the Contractor as if a progress claim was made on the twenty-fifth day of a month.

(g) The Contractor agrees with RMS that a progress claim submitted to RMS Representative under this clause 18.2 is received by RMS Representative as agent for RMS and that a payment schedule issued by RMS Representative under this clause 18.2 is issued by RMS Representative as agent for RMS.
18.3 Payment on account
A payment schedule issued under clause 18.2 is not:
(a) evidence of the value of work but is only on account of the relevant component or components of the Project Contract Sum;
(b) an admission of liability; or
(c) approval by RMS or RMS Representative of the Contractor's performance or compliance with this deed.

Despite clause 19.6(a), RMS Representative may modify or amend any payment schedule issued under clause 18.2 (including any amount included in a RMS Representative's Statement made under any of clauses 5.2(e), 10.4, 15.4(e), 15.9(a)(iii), 16.4, 17.7(d), 17.8(b)(ii)A.1, 18.2(d), 18.7(h), 19.6(c)(i) and 21.7).

18.4 Due date for payment
(a) By the due date for payment of a Progress Payment payable to the Contractor, RMS must pay the Progress Payment to the Contractor, subject to RMS rights to retain, deduct, withhold or set off payment of all or some of the progress amount under clauses 18.5, 18.6, 20.10 and 22.8 and, in respect of a Progress Payment under clause 18, the Design Payment Schedule and the Construction Payment Schedule.

The due date for payment for the purposes of this clause 18.4(a) is the date that is 15 Business Days after the day on which the Contractor made the progress claim under clause 18.2(a).

(b) By the due date for payment of a Progress Payment payable to RMS, the Contractor shall pay the Progress Payment to RMS.

18.5 Payment of Subcontractors, workers compensation and payroll tax
(a) If a worker or a Subcontractor obtains a court order in respect of the moneys payable to him, her or it in respect of his, her or its employment on, materials supplied for, or work performed with respect to the Contractor's Work, and produces to RMS the court order and a statutory declaration that it remains unpaid, RMS may (but is not obliged to) pay the amount of the order and costs included in the order to the worker or Subcontractor, and the amount paid shall be a debt due and payable from the Contractor to RMS upon demand.

(b) After the:
   (i) Contractor is placed under administration; or
   (ii) making of a winding up order in respect of the Contractor,
RMS will not make any payment to a worker or Subcontractor without the concurrence of the administrator, provisional liquidator or liquidator, as the case may be.

(c) Nothing in this clause 18.5 limits or otherwise affects RMS rights under section 175B(7) of the *Workers Compensation Act 1987* (NSW), Schedule 2, Part 5 of the *Payroll Tax Act 2007* (NSW) and section 127(5) of the *Industrial Relations Act 1996* (NSW).

18.6 Unfixed goods and materials
(a) The value of unfixed goods and materials must not be included in a progress claim under clause 18.2(a) and RMS Representative will not be required to include this value in a payment schedule under clause 18.2(d) or 18.2(f), and RMS is under no obligation to pay, and RMS and the Contractor are under no obligation to authorise payment, for such value unless:
   (i) the Contractor:
      A. has provided to RMS at the same time as its progress claim under clause 18.2(a) an unconditional undertaking in the form of Schedule 6 in favour of RMS and issued by a financial institution approved by RMS equal to the payment claimed for the goods and materials; and
      B. gives RMS Representative such evidence as may be required by RMS
Representative that title to the unfixed goods and materials will vest in RMS upon payment and that no other person holds a Security Interest in the unfixed goods and materials;

(ii) the goods and materials are clearly marked as the property of RMS and are on, or available for immediate delivery to, the Site, the Local Road Works Areas or the Temporary Works Areas; and

(iii) the goods and materials are properly stored in a place approved by RMS Representative.

(b) Upon payment of a payment schedule under clause 18.2(d) or 18.2(f), which includes unfixed goods and materials, title in the unfixed goods and materials will vest in RMS.

(c) The Contractor agrees that RMS may, but is not obliged to, perfect, for the purposes of the PPS Law, any Security Interest it holds in unfixed goods and materials for which RMS pays.

(d) If the Contractor provides an unconditional undertaking for payment for unfixed goods and materials, RMS must release that unconditional undertaking to the Contractor if those goods and materials are:

(i) incorporated into the Project Works; and

(ii) fit for their purpose.

18.7 Incentive Amount

(Aa) The provisions of this clause 18.7 and any references in this deed to this clause 18.7 will only operate where:

(i) RMS has determined (in its absolute discretion) an amount for the Incentive Amount Pool that is not 'Nil'; and

(ii) the parties have agreed in writing all details required to be entered in Schedule 31.

(a) In addition to the Project Contract Sum, the Contractor may be entitled to be paid the Incentive Amount, up to an amount no more, in aggregate, than the Incentive Amount Pool.

(b) From the Staged Commencement Date, within 5 days of the end of every month, until the Date of Construction Completion, the Contractor must provide RMS Representative with:

(i) a written statement detailing the level of achievement of the Key Result Areas against the relevant Key Performance Indicators for the previous month;

(ii) the Contractor's proposed calculation of the Incentive Amount for the preceding month (Monthly Incentive Estimate), having regard to:

A. the information set out at clauses 18.7(b)(i) and 18.7(b)(iii); and

B. Schedule 31; and

(iii) all relevant supporting information including:

A. all data relied on to calculate the Contractor’s performance in relation to the Key Result Areas against each of the relevant Key Performance Indicators; and

B. all worksheets, spreadsheets, tables and calculations relied upon by the Contractor to substantiate its proposed calculation of the Monthly Incentive Estimate.

(c) RMS Representative and the Project Director will meet on a monthly basis following the Staged Commencement Date to review the Contractor's achievement of the Key Result Areas against each of the relevant Key Performance Indicators for the month ending immediately prior to their meeting having regard to:

(i) the Incentive Data;

(ii) other relevant information available to RMS Representative; and

(iii) Schedule 31.

(d) Following the meeting under clause 18.7(c), RMS Representative must within 5 days:

(i) assess the level of achievement; and
(ii) prepare a report of his or her assessment of the level of achievement (Monthly Key Result Area Report), of the Key Result Areas against the relevant Key Performance Indicators for the month ending immediately prior to their meeting and provide a copy of the Monthly Key Result Area Report to the Project Director.

(e) If the Project Director disagrees with the assessment in the Monthly Key Result Area Report, the Project Director must within 5 days of receipt of the Monthly Key Result Area Report:

(i) notify RMS Representative that he or she does not agree with RMS Representative's assessment in the Monthly Key Result Area Report and in what specific respect he or she does not agree and why;

(ii) separately prepare a report for the Management Review Group which details his or her assessment of the level of achievement of the Key Result Areas against the relevant Key Performance Indicators for the period the subject of the Monthly Key Result Area Report (Separate Monthly Key Result Area Report); and

(iii) provide RMS Representative with the Separate Monthly Key Result Area Report for submission to the Management Review Group.

(f) After the Staged Commencement Date and at least 5 days prior to each meeting of the Management Review Group referred to in clause 3.5(c)(i), RMS Representative must provide the Monthly Key Result Area Reports and Separate Monthly Key Result Area Reports, prepared in the previous quarter under clauses 18.7(d) and 18.7(e) to the Management Review Group.

(g) At the Management Review Group meeting referred to in clause 3.5(c)(i), the Management Review Group must consider the Monthly Key Result Area Reports and the Separate Monthly Key Result Area Reports prepared under clauses 18.7(d) and 18.7(e) and provided under clause 18.7(f).

(h) Within 1 month after:

(i) the Date of Construction Completion; or

(ii) termination of this deed under clause 21.6, whichever is earlier, RMS Representative must:

(iii) state the Incentive Amount by evaluating the Contractor's level of achievement in respect of each Key Result Area against each of the relevant Key Performance Indicators and taking account of:
A. the Incentive Data;
B. other relevant information available to RMS Representative; and
C. Schedule 31; and

(iv) issue to the Contractor an Incentive Amount Assessment Notice.

(i) Subject to:

(i) RMS rights to retain, deduct, withhold or set-off payment under clauses 20.10 and 22.8; and

(ii) the Contractor providing RMS with a tax invoice that complies with the GST law (but except where the parties have agreed that RMS will issue a RCTI in respect of the Contractor's supply to which the payment relates), RMS must pay the Contractor the Incentive Amount set out in the Incentive Amount Assessment Notice within 1 month after issue of the Incentive Amount Assessment Notice.

(j) To the extent that any portion of the Incentive Amount Pool is not earned by the Contractor in accordance with this clause 18.7, it will not be payable under this deed and the Contractor will have no Claim whatsoever to that portion of the Incentive Amount Pool that does not form part of the Incentive Amount.

18.8 GST

(a) Words or expressions used in this clause 18.8 which are defined in the A New Tax System (Goods and Services Tax) Act 1999 (Cth) have the same meaning in this clause.
(b) Any consideration to be paid or provided for a supply made under or in connection with this deed, unless specifically described in this deed as 'GST inclusive', does not include an amount on account of GST.

(c) Despite any other provision in this deed, if a party (Supplier) makes a supply under or in connection with this deed on which GST is imposed (not being a supply the consideration for which is specifically described under this deed as 'GST inclusive'):
   (i) the consideration payable or to be provided for that supply under this deed but for the application of this clause (GST Exclusive Consideration) is increased by, and the recipient of the supply (Recipient) must also pay to the Supplier, an amount equal to the GST payable by the Supplier on the supply (GST Amount); and
   (ii) the GST Amount must be paid to the Supplier by the Recipient without set off, deduction or requirement for demand (subject to clause 22.8 of this deed), at the same time as the GST Exclusive Consideration is payable or to be provided.

(d) If a payment to a party under this deed is a reimbursement or indemnification, calculated by reference to a loss, cost or expense incurred by that party, then the payment will be reduced by the amount of any input tax credit to which that party is entitled for that loss, cost or expense. For the purposes of this clause 18.8(d), the Contractor shall be deemed to be entitled to a full input tax credit in respect of such losses, costs or expenses, unless it can demonstrate to RMS reasonable satisfaction that it is not so entitled.

(e) If a payment is calculated by reference to or as a specified percentage of another amount or revenue stream, that payment shall be calculated by reference to or as a specified percentage of the amount or revenue stream exclusive of GST.

(f) Except in relation to a supply for which RMS will issue a recipient created tax invoice (RCTI) to the Contractor in accordance with clause 18.8(g), the Recipient need not make a payment of a GST Amount in respect of a taxable supply made under or in connection with this deed unless the Supplier has given the Recipient a tax invoice for the supply to which the payment relates.

(g) The parties agree that, unless otherwise agreed in writing, the following will apply to all supplies made by the Contractor to RMS under or in connection with this deed:
   (i) RMS will issue to the Contractor a RCTI for each taxable supply made by the Contractor to RMS under this deed;
   (ii) the Contractor will not issue a tax invoice in respect of any taxable supply it makes to RMS;
   (iii) each party acknowledges and warrants that at the time of entering into this deed, it is registered for GST and will notify the other party if it ceases to be registered; and
   (iv) RMS may notify the Contractor that it will no longer issue a RCTI for each taxable supply made by the Contractor under this deed, in which case, from that point in time, RMS will not be required to issue RCTIs in respect of such supplies and the Contractor will be required to issue tax invoices pursuant to clause 18.8(f).

(h) The Contractor will ensure that it has provided its ABN to RMS prior to the earlier of the date on which RMS is required to:
   (i) issue a payment schedule; or
   (ii) make a payment to the Contractor.

(i) The Contractor acknowledges and agrees that if RMS has not been provided with the Contractor's ABN on or before the time RMS is required to make a payment to the Contractor pursuant to this deed, then RMS will withhold from the amounts due to the Contractor as required by section 12-190 of Schedule 1 to the Tax Administration Act 1953 (Cth), unless the Contractor is able to establish to the reasonable satisfaction of RMS that one of the exceptions outlined in that section applies.

18.9 Security of Payment Act

(a) The Contractor must not at any time, without the written consent of RMS, divulge or
suffer or permit its Subcontractors, servants or agents to divulge to any person any communication, submission or statement made or evidence or information used by or relied upon by RMS or any details thereof in respect of an adjudication application made under Part 3 Division 2 of the SOP Act (in this paragraph, the **Information**). For the avoidance of doubt:

(i) the Contractor's obligation in respect of the Information applies in respect of any subsequent proceedings before a court, arbitrator, expert or tribunal save where the Contractor is unable by requirement of Law to comply with its obligation in respect of Information;

(ii) despite the Contractor's obligation in respect of the Information, RMS has a sole and unfettered discretion to divulge or suffer or permit its Subcontractors, servants or agents to divulge to any person the Information;

(iii) RMS may divulge or suffer or permit its Subcontractors, servants or agents to divulge to any person any communication, submission or statement made or evidence or information used by or relied upon by the Contractor or any details thereof in respect of an adjudication application made under Part 3 Division 2 of the SOP Act; and

(iv) any Information which RMS provides or relies upon in respect of an adjudication application made under Part 3 Division 2 of the SOP Act is made without prejudice to RMS right to vary, modify, supplement or withdraw the Information in any subsequent proceedings before a court, arbitrator, expert or tribunal.

(b) When an adjudication occurs under the SOP Act and RMS has paid an adjudicated amount to the Contractor:

(i) the amount will be taken into account by the RMS Representative in issuing a payment schedule under clause 18.2; and

(ii) if it is subsequently determined pursuant to the Contract that the Contractor was not entitled under the Contract to payment of some or all of the adjudicated amount that was paid by RMS ("overpayment"), the overpayment will be a debt due and payable by the Contractor to RMS which the Contractor must pay to RMS upon demand and in respect of which the Contractor is not entitled to claim or exercise any set-off, counterclaim, deduction or similar right of defence.

(c) For the purposes of section 17(3) of the SOP Act the Contractor irrevocably chooses The Resolution Institute, as the "authorised nominating authority" (as that term is defined in the SOP Act) for any adjudication application it may make under the SOP Act in respect of the subject matter of this deed.

(d) If RMS receives a payment withholding request from a Subcontractor under section 26A of the SOP Act, RMS will be entitled to withhold the amount in the request from any payment due to the Contractor without any obligation on RMS to consider whether the notice is valid and whether section 26B(2) of the SOP Act applies.

### 18.10 Price adjustment for Provisional Sum Work

(a) To the extent to which Provisional Sum Work is specified in the Scope of Works and Technical Criteria as only to be carried out if instructed by RMS or the RMS Representative:

(i) the Contractor must not carry out any of the relevant Provisional Sum Work unless instructed to by RMS or the RMS Representative;

(ii) if and to the extent that RMS or the RMSRepresentative does not instruct the Contractor to carry out the relevant Provisional Sum Work, to the extent to which an amount is allowed for the relevant Provisional Sum Work in the Design Payment Schedule and/or the Construction Payment Schedule (as the case may be), the Design Contract Sum and/or the Construction Contract Sum (as the case may be) must be adjusted to deduct the applicable amount allowed for the relevant Provisional Sum Work; and

(iii) if and to the extent that RMS or the RMS Representative instructs the Contractor to carry out the relevant Provisional Sum Work:
A. the Contractor must comply with the instruction; and
B. the Design Contract Sum and/or the Construction Contract Sum (as the case may be) must be adjusted as allowed for in clause 18.10(b).

(b) To the extent to which:
   (i) Provisional Sum Work is included in the Design Contract Sum and/or the Construction Contract Sum and the Scope of Works and Technical Criteria does not specify that it is only to be carried out if instructed by RMS or the RMS Representative, the Contractor must carry out the relevant Provisional Sum Work; or
   (ii) clause 18.10(a)(iii)B applies to Provisional Sum Work instructed by RMS or the RMS Representative,
the Design Contract Sum and/or the Construction Contract Sum (as the case may be) will be adjusted for the item(s) of Provisional Sum Work by the difference between:
   (iii) the applicable amount allowed for the item(s) of Provisional Sum Work in the Design Payment Schedule and/or the Construction Payment Schedule (as the case may be); and
   (iv) either:
      A. an amount agreed between the Contractor and RMS Representative; or
      B. if they fail to agree, an amount determined by RMS Representative for the actual, necessary and reasonable costs to be incurred by the Contractor in carrying out the Provisional Sum Work by reference to the Payment Constraints applicable to the Provisional Sum Work in the Design Payment Schedule and/or the Construction Payment Schedule (as the case may be).

(c) Except as allowed for in clause 18.10(b), any Service Works which are not Provisional Sum Work are deemed to be covered by the lump sum portions of the Project Contract Sum.

19. **Notification of claims**

**19.1 Notice of Claims**

Except for Claims:
   (a) for a Variation to which clause 15.3 applies;
   (b) with respect to a Change in Law under clause 15.9(a);
   (c) arising out of:
      (i) an Approval obtained or issued or which otherwise takes effect after the date of this deed; or
      (ii) a change in an Approval after the date of this deed, under clause 15.9(c);
   (d) for an extension of time under clause 17.5; or
   (e) for payment under clause 18 of any part of the original Project Contract Sum,
the Contractor must give RMS Representative the notices required by clause 19.2 if it wishes to make a Claim against RMS in respect of any Direction of RMS, RMS Representative, RMS Assistant Representatives with relevant authority or other act, fact, matter or thing (including a breach of this deed by RMS) under, arising out of, or in any way in connection with, this deed or the Contractor's Work including anything in respect of which:
   (f) the Contractor is otherwise given an express entitlement under this deed; or
   (g) this deed expressly provides that:
      (i) costs are to be paid to the Contractor; or
      (ii) the Project Contract Sum, Initial Contract Sum, Design Contract Sum or Construction Contract Sum will be increased or adjusted by an amount stated by RMS Representative.
19.2 Prescribed notices

The notices referred to in clause 19.1 are:

(a) within 21 days of the first occurrence of the Direction or other act, fact, matter or thing upon which the proposed Claim will be based, a written notice by the Contractor that it proposes to make the Claim and the Direction or other act, fact, matter or thing upon which the proposed Claim will be based; and

(b) within 28 days of giving the notice under clause 19.2(a), a written notice by the Contractor which must include:

(iii) the facts relied upon in support of the proposed Claim in sufficient detail to permit verification; and

(iv) details of the amount the Contractor proposes to claim and how it has been calculated.

19.3 Continuing events

If the Direction or act, fact, matter or thing upon which the proposed Claim under clause 19.1 will be based, is continuing, or if the consequences of the Direction or act, fact matter or thing are continuing, the Contractor must continue to give the information required by clause 19.2(b) every 28 days after the written notice under clause 19.2(b) was submitted or given, until after the Direction or act, fact, matter or thing upon which the proposed Claim will be based has, or the consequences thereof have, ceased.

19.4 Bar

If the Contractor fails to comply with clauses 15.3, 15.9(a)(i), 15.9(c), 17.5, 19.1 or 19.3, RMS will not be liable for any Claim by the Contractor, arising out of or in any way in connection with, the relevant Direction or act, fact, matter or thing (as the case may be).

19.5 Other provisions unaffected

Nothing in clauses 19.1 to 19.4 will limit the operation or effect of any other provision of this deed which requires the Contractor to give notice to RMS Representative in order to preserve an entitlement to make a Claim against RMS.

19.6 RMS Representative’s Statements

(a) Without limiting the rights of RMS Representative under clause 18.3, either party may seek to have any RMS Representative’s Statement opened up, reviewed, decided and substituted pursuant to the dispute resolution provisions in clause 20 by giving a Notice of Dispute to the other party in accordance with clause 20.2. If either party wishes to have a RMS Representative's Statement opened up, reviewed, decided and substituted it must give the Notice of Dispute required under clause 20.2 within 21 days of the date of receipt of the RMS Representative's Statement.

(b) Subject to clause 19.6(c) but without limiting the rights of RMS Representative under clause 18.3, each party acknowledges and agrees that its sole means of altering, redressing, replacing or overturning any RMS Representative's Statement (except for typographical errors and errors of mathematical calculation) is by giving a Notice of Dispute in accordance with clause 20.2.

(c) Where the Contractor incurs additional cost arising out of a RMS Representative's Statement and that RMS Representative's Statement is subsequently altered, redressed, replaced or overturned pursuant to clause 20, the Contractor will be entitled to be paid:

(i) where the RMS Representative Statement is one described in paragraphs (c), (d), (e), (i), (j), (k), (n) or (o) of the definition of RMS Representative's Statement the Contractor's reasonable net extra Direct Costs incurred in complying with the relevant RMS Representative's Statement (provided it has incurred them reasonably and has taken all possible steps to minimise them) as
stated by RMS Representative; and

(ii) interest calculated in accordance with clause 22.5(a),

by RMS, but that entitlement will be the Contractor's sole remedy, and the Contractor will have no entitlement to, and RMS will not be liable for, any Claim for any cost, loss, damage, expense, fine, penalty or liability suffered or incurred by the Contractor arising out of or in connection with that RMS Representative's Statement or any action in response to it.

(d) If neither party gives a Notice of Dispute in accordance with clause 20.2 within 21 days of the date of receipt of a RMS Representative's Statement, then, subject to clause 18.3:

(i) the RMS Representative's Statement will be binding upon the parties and will not thereafter be capable of being opened up or reviewed by any person, including any expert, arbitrator, court or tribunal, at the request of or upon any application by either party; and

(ii) neither party will be liable for any Claim by the other party arising out of or in any way in connection with the relevant RMS Representative's Statement (other than in accordance with the RMS Representative's Statement).

20. Dispute resolution

20.1 Dispute

Subject to clause 20.12, if a dispute or difference arises between the Contractor and RMS or between the Contractor and RMS Representative in respect of any fact, matter or thing arising out of, or in any way in connection with, a RMS Representative's Statement, the Contractor's Work or this deed, or either party's conduct before the date of this deed (Dispute), and a party requires the Dispute to be resolved, the Dispute must be determined in accordance with the procedure in this clause 20.

20.2 Notice of Dispute

Where such a Dispute arises, the party requiring the Dispute to be resolved must promptly give a notice in writing to the other party (Notice of Dispute). The Notice of Dispute must:

(a) specify the Dispute;

(b) provide particulars of the party's reasons for being dissatisfied;

(c) set out the position which the party believes is correct; and

(d) in the case of a Dispute in respect of a RMS Representative's Statement, be given within any time periods required by clause 19.6.

20.3 Executive negotiations

(a) Where a Notice of Dispute is given under clause 20.2, the Dispute must be referred to the Chief Executive of RMS (or his or her delegate) and the chief executive officer of the Contractor (or his or her delegate) who must meet and undertake genuine and good faith negotiations with a view to resolving the Dispute.

(b) If the Dispute is not fully resolved within 28 days after a Notice of Dispute is given under clause 20.2, either party may, by giving notice in writing to the other party and the Dispute Avoidance Board in accordance with clause 20.4, require the Dispute, or parts of the Dispute, to be referred to the Dispute Avoidance Board for resolution in accordance with clause 20.5.

20.4 Referral to Dispute Avoidance Board

(a) If a party wishes to refer a Dispute, or parts of the Dispute, to the Dispute Avoidance Board, it must give notice in writing to the other party and the Dispute Avoidance Board (Notice of Referral to DAB).

(b) A Notice of Referral to DAB must:

(i) state that it is a Notice of Referral to DAB under this clause 20.4; and

(ii) include or be accompanied by reasonable particulars of the Dispute referred to the Dispute Avoidance Board for resolution, or those parts of the Dispute which the party requires to be resolved by the Dispute Avoidance Board, as the
20.5 Obtaining Dispute Avoidance Board's Decision

(a) If a Dispute is referred to the Dispute Avoidance Board under clause 20.4, the Dispute Avoidance Board will be deemed to have received such reference on the date when the Notice of Referral to DAB is received by the Dispute Avoidance Board member. The decision of a Dispute by the Dispute Avoidance Board under this clause 20.5 must be made in accordance with the rules in Appendix 2 of the DAB Agreement, or such other rules as are agreed between the parties and the Dispute Avoidance Board.

(b) Both parties must promptly make available to the Dispute Avoidance Board:
   (i) all such additional information;
   (ii) access to the Construction Site and all places at which the Contractor's activities are being undertaken, provided that the Dispute Avoidance Board member complies with the reasonable directions of the Contractor given in its capacity as Principal Contractor; and
   (iii) appropriate facilities,
   as the Dispute Avoidance Board may require for the purposes of making a decision on the Dispute.

(c) The function of the Dispute Avoidance Board is not arbitration and the Dispute Avoidance Board member does not act as an arbitrator.

(d) Despite anything else, to the extent permitted by Law, the Dispute Avoidance Board will have no power to apply or have regard to the provisions of Part 4 of the Civil Liability Act 2002 (NSW).

(e) Within 21 days after the later of close of submissions or conclusion of any conference in relation to a Dispute referred to a Dispute Avoidance Board under clause 20.4, or within such other period as may be proposed by the Dispute Avoidance Board and approved by both parties, the Dispute Avoidance Board must give its decision. The decision of the Dispute Avoidance Board:
   (i) must, without limiting the operation of Appendix 2 to the DAB Agreement, be in writing, must state that it is given under this clause 20.5(e) and must set out reasons for the decision;
   (ii) will be:
      A. to the extent that it decides the subject of an RMS Representative's Statement, substituted for the RMS Representative's Statement 28 days after receipt by RMS of the decision; and
      B. final and binding,
      unless a party gives a notice of its dissatisfaction to the other party in accordance with clause 20.5(f); and
   (iii) subject to clause 20.5(i) and clause 20.10, is to be given effect to by the parties unless and until it is reversed, overturned or otherwise changed under the procedure in the following clauses.

(f) If the Dispute Avoidance Board gives a decision that either party is dissatisfied with, then, subject to clause 20.5(i), the dissatisfied party may give a notice to the other party of its dissatisfaction within 56 days after receipt of the decision.

(g) If the Dispute Avoidance Board fails to give its decision within the period of 21 days (or such other period as is approved by both parties) after the later of close of submissions or conclusion of any conference in relation to a Dispute referred to a Dispute Avoidance Board under clause 20.4, then either party may give notice to the other party of its dissatisfaction.

(h) If a notice of dissatisfaction is given in accordance with either clause 20.5(f) or clause 20.5(g), the notice of dissatisfaction must state that it is given under clause 20.5(f) or clause 20.5(g) (as the case may be), and must set out the matter in dispute and the reason(s) for dissatisfaction. Except as provided under clause 20.7 and clause 20.8, neither party will be entitled to commence arbitration of a Dispute, and a decision (if any) of the Dispute Avoidance Board will be final and binding, unless a notice of dissatisfaction has been given in accordance with clause 20.5(f) or clause 20.5(g).
Where the decision of the Dispute Avoidance Board requires that one party (first party) owes the other (second party) money, the first party must pay the second party the money within 28 days of receipt of the decision, provided that:

(i) if either party has given a notice of dissatisfaction to the other party under clause 20.5(f) within 28 days of receipt of the decision, the first party is not required to pay the money within 28 days of receipt of the decision; and

(ii) neither payment of the money, nor a failure by the first party to give a notice of dissatisfaction, within 28 days of receipt of the decision prejudices the rights of the first party under clause 20.5(f).

Once a decision of the Dispute Avoidance Board has become final and binding under clause 20.5(e), clause 20.5(h) or clause 20.6(b) as the case may be, neither party will be entitled to challenge the decision on the basis that a member of the Dispute Avoidance Board did not, at the time of making the decision, meet the criteria set out in Schedule 39.

20.6 Amicable Settlement

Where a notice of dissatisfaction has been given under clause 20.5(f) or clause 20.5(g), the parties may attempt to settle the Dispute amicably before the commencement of arbitration. However, if no amicable settlement has been reached by the 14th day after the day on which the notice of dissatisfaction was given (or such longer period as the parties agree in writing):

(a) subject to clause 20.6(b), either party may refer the Dispute to arbitration under clause 20.9; or

(b) if neither party has referred the matter to arbitration under clause 20.9 within 56 days after the day on which the notice of dissatisfaction was given, the decision of the Dispute Avoidance Board will be final and binding.

20.7 Failure to Comply with Dispute Avoidance Board's Decision

If in respect of any binding or final and binding decision of the Dispute Avoidance Board a party fails to comply with the decision, then the other party may, without prejudice to any other rights it may have, refer the failure itself as a Dispute to arbitration under clause 20.9. In these circumstances clauses 20.1 to 20.5 will not apply to this reference and in making an award the arbitrator will not be entitled to open up and review the decision of the Dispute Avoidance Board, including any decision in respect of which a notice of dissatisfaction was given in accordance with clause 20.5(f) or clause 20.5(g).

20.8 No Dispute Avoidance Board in place

If a Dispute arises and there is no Dispute Avoidance Board in place, whether by reason of the expiry of the Dispute Avoidance Board's appointment or otherwise (including the Dispute Avoidance Board not being properly constituted, by reason of unavailability of the Dispute Avoidance Board member), clause 20.3(a) will still apply, and if the Dispute is not resolved within 28 days after a Notice of Dispute is given under clause 20.2:

(a) clauses 20.3(b), 20.4, 20.5, 20.6 and 20.7 will not apply; and

(b) the Dispute may be referred by either party directly to arbitration under clause 20.9.

20.9 Arbitration

(a) Any Dispute which is referred to arbitration will be conducted before a person to be:

(i) agreed between the parties; or

(ii) failing agreement within 21 days after the Dispute has been referred to arbitration, appointed by the President for the time being of The Resolution Institute.

(b) To the extent that they are not inconsistent with this deed, The Resolution Institute – Arbitration Rules will apply to the arbitration.

(c) The seat of the arbitration will be Sydney, Australia.

(d) The arbitrator will have power to grant all legal, equitable and statutory remedies and, subject to clause 20.7, to open up, review and substitute any decision of the Dispute Avoidance Board under clause 20.5 that is not final and binding on the parties pursuant to clause 20.5(e).
(e) Notwithstanding anything else, to the extent permissible by Law, the arbitrator will have no power to apply or to have regard to the provisions of Part 4 of the Civil Liability Act 2002 (NSW).

(f) All aspects of the arbitration, including:
   (i) any proceedings or hearings;
   (ii) any meetings;
   (iii) any submissions;
   (iv) any materials in the proceedings created for the purpose of the arbitration; and
   (v) documents produced in the proceedings which are not otherwise in the public domain,

   must be kept private and confidential except:
   (vi) where the parties expressly agree in writing to the contrary;
   (vii) as required by Law; or
   (viii) as required in order to enforce an arbitration award.

20.10 Payments
RMS may withhold payment of that part of any amount which is the subject of a Dispute.

20.11 Contractor to Continue Performing Obligations
Despite the existence of a Dispute between the parties to this deed, the Contractor must:
   (a) continue to carry out the Contractor's Work; and
   (b) otherwise comply with its obligations under this deed.

20.12 Urgent Relief
Nothing in this clause 20 will prejudice the right of a party to seek urgent injunctive or declaratory relief from a court in respect of a Dispute. In respect of any such proceedings, the parties agree that:
   (a) the Supreme Court of New South Wales shall have exclusive jurisdiction in respect of those proceedings; and
   (b) by agreeing to, or by taking action under this clause 20.12, the parties do not intend to relinquish or otherwise adversely affect their rights to have a Dispute resolved by way of arbitration.

20.13 Disputes under Third Party Agreements
   (a) A Dispute under this deed may be concerned with matters that also arise in respect of the respective rights and obligations of RMS and a Third Party (a Common Dispute), including where:
      (i) RMS is in breach of a provision of this deed to the extent such a breach is caused by a Third Party under its respective Third Party Agreement;
      (ii) RMS is entitled to obtain remedies or benefits under a Third Party Agreement referenced to a Claim by the Contractor under this deed;
      (iii) the Contractor has rights against RMS under a warranty or indemnity or specific right of reimbursement or recovery in this deed, and there is a corresponding warranty or indemnity or specific right of reimbursement or recovery in a Third Party Agreement; or
      (iv) the Contractor has a Claim against RMS and RMS has a Claim against a Third Party based on the same or similar events or circumstances.
   (b) In the event that there is a Common Dispute then:
      (i) clauses 20.1 to 20.9 will not apply to the resolution of that Common Dispute; and
      (ii) the Contractor acknowledges and agrees that the purpose of this clause 20.13 is:
         A. to provide the Contractor with comparable remedies and entitlements in respect of Common Disputes, and to limit the Contractor's rights against RMS in respect of Common Disputes by reference to RMS rights and
entitlements under or in connection with Third Party Agreements; and

B. not to reduce or disentitle or otherwise affect the validity of any Claim by RMS against a Third Party under, arising out of, or in any way in connection with the respective Third Party Agreement.

(c) In respect of all Common Disputes:

(i) the Contractor's entitlement to receive compensation from RMS, and RMS liability to pay compensation to the Contractor, will only arise at the time the relevant Common Dispute is resolved or determined;

(ii) if any compensation is payable by RMS to the Contractor under this deed in respect of a Common Dispute, the Contractor will have the same entitlement to recover compensation under this deed as RMS has to recover that compensation from a Third Party under the respective Third Party Agreement;

(iii) any rights the Contractor has against RMS will not exceed the equivalent relief, benefit or payment to which RMS is entitled under the relevant Third Party Agreement; and

(iv) RMS will pass through to the Contractor the proportion of the damages or other form or relief to which RMS is entitled:

A. to the extent referable to the Contractor, including any liability, Claim or loss of the Contractor; and

B. determined by reference to what is actually compensated or allowed by a Third Party under the respective Third Party Agreement.

(d) RMS agrees to:

(i) request of the relevant Third Party that the Contractor be permitted to directly make representations in respect of the Common Dispute;

(ii) if it is unable to obtain the Third Party's consent as contemplated under clause 20.13(d)(i), make on behalf of the Contractor whatever representations in respect of the Common Dispute that the Contractor reasonably requests; and

(iii) provide:

A. regular updates to the Contractor; and

B. whatever information and documents the Contractor reasonably requests, as to the progress of the Common Dispute.

(e) RMS' liability to pay the Contractor:

(i) is satisfied by payment to the Contractor in accordance with this clause 20.13; or

(ii) if the Third Party is not liable to RMS, is deemed to be satisfied on the determination of that matter (whether by dispute resolution under the respective Third Party Agreement or otherwise), provided that:

A. RMS has complied with its obligations under this clause 20.13 with respect to recovery of RMS and the Contractor's entitlements from the Third Party; and

B. all appeals from such determination have been exhausted.

(f) The Contractor agrees:

(i) to provide all documents, assistance, and co-operation reasonably requested by RMS (and in the time requested by RMS) in connection with the Common Dispute;

(ii) that where a Third Party Agreement contemplates:

A. alternative dispute resolution (including arbitration and expert determination):

1) a like process will apply to the Common Dispute between the parties; and

2) the Contractor consents to the Common Dispute being heard together with (or consolidated with) that alternative dispute resolution process; and

B. litigation, the Contractor consents to the Common Dispute being
consolidated with (or heard together with) that litigation; and

(iii) to be bound by the outcome of the Common Dispute resolution process to the extent it affects the Contractor's rights and obligations under this deed.

(g) The Contractor's entitlement to a remedy will not be reduced to the extent to which RMS' entitlements under a Third Party Agreement are reduced or extinguished due to RMS' breach or failure to comply with the Third Party Agreement or other wrongful, negligent or unlawful act or omission (to the extent not caused by the Contractor).

(h) To the extent the Contractor has recovered compensation in respect of a Common Dispute under another provision of this deed, then the Contractor is not entitled to the same compensation under this clause 20.13.

(i) Any payment to which the Contractor is entitled under this clause 20.13 shall be paid by RMS to the Contractor within 20 Business Days from the date of the settlement or determination of such entitlement under or in connection with the Third Party Agreement.

This clause 21.7 will survive the termination of this deed under clause 21.6.

21.8 Preservation of rights

Nothing in this clause 21 or that RMS does or fails to do pursuant to this clause 21 will prejudice the right of RMS to exercise any right or remedy (including recovering damages or exercising a right of set-off under clause 22.8) which it may have where the Contractor breaches (including repudiates) this deed.

(b) Without limiting the generality of clause 22.7(a) it is further agreed that the rights, obligations and liabilities of RMS and the Contractor (including those relating to proportionate liability) are as specified in this deed and not otherwise whether such rights, obligations and liabilities are sought to be enforced by a claim in contract, tort or otherwise.
(c) The Contractor further agrees that:
   (i) subject to clause 22.7(c)(iii), it will include in each Subcontract it enters into for the carrying out of the Contractor's Work provisions that, to the extent permitted by Law, effectively exclude the operation of Part 4 of the *Civil Liability Act 2002* (NSW) in relation to all rights, obligations or liabilities under each Subcontract whether such rights, obligations or liabilities are sought to be enforced as a breach of contract or a claim in tort or otherwise;
   (ii) where the Subcontract is for design work, it will use its best endeavours to include in each Subcontract it enters into for the carrying out of the Contractor's Work provisions that, to the extent permitted by Law, effectively
exclude the operation of Part 4 of the Civil Liability Act 2002 (NSW) in relation to all rights, obligations or liabilities under each Subcontract whether such rights, obligations or liabilities are sought to be enforced as a breach of contract or a claim in tort or otherwise; and

(iii) it will require and ensure that each Subcontractor will include in any further contract that it enters into with others for the carrying out of the Contractor's Work, provisions that, to the extent permitted by Law, each such further contract will include provisions that effectively exclude the operation of Part 4 of the Civil Liability Act 2002 (NSW) in relation to all rights, obligations or liabilities under such further contract whether such rights, obligations or liabilities are sought to be enforced as a breach of contract or a claim in tort or otherwise.

(b) This clause 22.8 will survive the termination of this deed.

22.9 RMS may act

22.12 All work included

(a) Except to the extent otherwise expressly provided in this deed, the Contractor warrants that it has allowed to, and must, without adjustment to any component of the Initial Contract Sum, Design Contract Sum or Construction Contract Sum, provide all services, work, labour, plant, equipment and materials necessary for the Contractor's Work whether or not they are expressly mentioned in this deed or the Design Documentation prepared by the Contractor.

(b) Such services, work, labour, plant, equipment and materials must be undertaken and provided by the Contractor at its own cost and will not constitute a Variation or otherwise entitle the Contractor to make a Claim.
22.13 **Unlimited discretion**

(a) Except as expressly provided in this deed (including in clause 22.13(c)), no procedural or substantive limitation or requirement (including any which may otherwise be implied by law) is intended to be imposed upon the manner in which RMS or RMS Representative may exercise any discretion, power or entitlement conferred by this deed.

(b) Without limiting clause 22.13(a):

   (i) except as expressly provided in this deed (including in clause 22.13(c)), neither RMS nor RMS Representative will be:

      A. constrained in the manner in which it exercises; or

   (ii) any approval or consent referred to in, or required under, this deed from RMS or RMS Representative may be given or withheld, or may be given subject to any conditions, as RMS or RMS Representative (in their absolute discretion) thinks fit, unless this deed expressly provides otherwise.

(c) Nothing in this clause 22.13 will prevent the implication of a term into this deed where the implication of the term is required to ensure that this deed (or a part of this deed) is not void or voidable due to uncertainty or any other legal principle.

22.14 **Indemnity**

The Contractor must indemnify RMS against:

(a) any liability to or claim by any other person; and

(b) all costs, losses, damages, expenses, liabilities, fines or penalties suffered or incurred by RMS,

caused by, arising out of, or in any way in connection with, the Contractor's breach of a term of this deed, but the Contractor's liability shall be reduced proportionally to the extent that the act or omission of RMS, RMS Representative or another agent, contractor or consultant engaged by RMS (but excluding the Project Verifier) contributed to the costs, losses, damages, expenses, liabilities, fines or penalties.

22.15 **No partnership, joint venture or other fiduciary relationship**

Nothing in this deed will be construed or interpreted as constituting the relationship between RMS on one hand and the Contractor on the other hand as that of partners, joint venturers or any other fiduciary relationship.

22.16 **Waivers and Minor Concessions**

(a) Failure to exercise or enforce or a delay in exercising or enforcing or the partial exercise or enforcement of any right, power or remedy provided by law or under this deed by RMS will not in any way preclude, or operate as a waiver of, any exercise or enforcement, or further exercise or enforcement of that or any other right, power or remedy provided by law or under this deed.

(b) Any waiver or consent given by RMS under this deed will only be effective and binding on RMS if it is given or confirmed in writing by RMS.

(c) No waiver by RMS of a breach of any term of this deed will operate as a waiver of another breach of that term or of a breach of any other term of this deed.

(d) If the waiver or consent is a Minor Concession proposed by the Contractor, it will only be effective and binding on RMS if:

   (i) the Contractor provides RMS Representative with:

(c) Where the Contractor proposes a Minor Concession, within 7 days of the later of receipt of a notice under clause 22.16(d)(i)(d)(i)A and any other information to be provided under clause 22.16(d)(i)(d)(i)B, RMS Representative:

(i) (in his or her absolute discretion) may, by notice in writing, approve or reject any Minor Concession the Contractor proposes; and

(ii) will be under no obligation to approve any such Minor Concession for the convenience of, or to assist, the Contractor.

(f) If RMS Representative approves the Minor Concession under clause 22.16(d)(ii), the Contractor must perform its obligations under this deed in accordance with the approved Minor Concession.

(g) The Contractor will:

(i) bear all costs:

A. associated with proposing a Minor Concession under clause 22.16(d);

B. associated with providing any details, information, statements or documents under clause 22.16(d)(i)B;

C. reasonably incurred by RMS (or RMS Representative) in assessing the proposed Minor Concession (such costs to be a debt due and payable from the Contractor to RMS upon demand); and

D. associated with carrying out the proposed Minor Concession where it is approved by RMS Representative; and

(ii) not be entitled to make any Claim against RMS arising out of or in connection with the Minor Concession.

(h) RMS Representative may at any time direct a Minor Concession by giving written notice to the Contractor.

22.19 Joint and several liability

The obligations of the Contractor, if more than one person, under this deed, are joint and several and each person constituting the Contractor acknowledges and agrees that it will be causally responsible for the acts and omissions (including breaches of this deed) of the other as if those acts or omissions were its own.

22.20 Severability

If at any time any provision of this deed is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, that will not affect or impair:

(a) the legality, validity or enforceability in that jurisdiction of any other provision of this deed; or

(b) the legality, validity or enforceability under the law of any other jurisdiction of that or any other provision of this deed.
