Removal of Mooring Apparatus

The former Mooring Licensee* must provide to Transport for NSW within 7 days of cancellation of the Mooring Licence a Statutory Declaration or other written evidence (from a mooring contractor or professional diver) that the mooring apparatus has been removed from the water, unless some other arrangement has been agreed with Transport for NSW.

Failure to provide the required written evidence may result in Transport for NSW conducting a check to establish whether the mooring apparatus has been removed. Any cost associated with such inspection, and any associated removal of the mooring apparatus, if applicable, will be the responsibility of the former Mooring Licensee*.

*Former Mooring Licensee is the Licensee as at the date of mooring cancellation.
