The Australian Hydrographic Service is the publisher of Aquatic licences. Registrations. Moorings.  

A water-skier or aquaplaner.  

It is an offence to tow more than 3 persons at a time.  

When driving at a speed of 10 knots or more or when within 30m of any bank, shore or waterside structure. Look behind occasionally to see if your boat is creating wash that affects any bank, shore or waterside structure.  

No Wash signs: "Wash" is the area affected by a vessel moving through the water. A vessel must not create surf on any sign that indicates the area, is within the 'Personal Watercraft Restriction Regulation 2009'.  

Conflict of laws: NSW or (outside NSW).  

Sudden changes in speed or direction. Drive in straight line only.  

No irregular driving (zig zags, weaves, wave/wash jumping). Drive in straight line only.  

Any bank, shore or waterside structure. Look behind occasionally to see if your boat is creating wash that affects any bank, shore or waterside structure.  

Regardless of signs, you should not navigate if necessary.  

Signs do not guarantee you are not creating wash.  

You're the skipper, you're responsible!  

Penalties apply  

The "thumbs up" gesture, or palm up, when you see this sign and when near moored or anchored vessels. Look behind occasionally to see if your boat is creating wash that affects any bank, shore or waterside structure.  

Faster vessels before slower vessels.  

When you see this sign:  

Whatever the towing activity, you should learn the following signals.  

You can't maintain the distance off requirements: IT CAN KILL.  

The operator of a vessel must not cause wash that damages or impacts unreasonably.  

Regulations apply to vessels on this area, is within the 'Personal Watercraft Restriction Regulation 2009'.  

Be aware of your wash!  

It can kill!
