

Night work at Empire Bay Drive and The Scenic Road intersection, Kincumber from Sunday 19 August

The NSW Government is providing \$20 million to upgrade the Empire Bay Drive and The Scenic Road intersection to improve traffic flow and safety for road users.

Roads and Maritime Services is upgrading the existing roundabout at Empire Bay Drive, The Scenic Road and Cochrone Street at Kincumber to reduce congestion and improve safety for road users.

The project involves upgrading the roundabout from one lane to two lanes in each direction, building new shared pathways and footpaths, resurfacing the road and improving safety at nearby intersections.

Night work will be carried out north of the roundabout for two nights from **Sunday 19 August**, weather permitting.

Traffic will be diverted from the eastern side of Empire Bay Drive to the western side between Kincumber Creek and The Scenic Road to allow work to be carried out safely.

Work will include:

- Line removal
- Line marking
- Saw cutting of asphalt and concrete.

We will be working between **6pm** and **5am**.

Work will continue to be carried out between **7am** and **6pm** on **weekdays** and between **8am** and **1pm** on **Saturdays**, weather permitting.

How will work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by completing noisier activities earlier in the night and turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures and traffic control will be in place during work hours and may affect travel times.

A permanent 40 km/h reduced speed limit remains in place through the work zone for the safety of motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call 1800 670 016.
