Start of work on traffic flow improvements on The Entrance Road, Long Jetty from Sunday 2 June

The NSW Government is providing $2 million for improvements along The Entrance Road to alleviate traffic congestion and improve pedestrian connections and safety.

Stage one involved improving signalised pedestrian crossings, ramps and line marking between Stella and Elsiemer streets and between Anzac and Archbold roads. This work was completed in August 2018.

Stage two involves easing traffic congestion between Graham Street and Stella Street, concentrating around the signalised intersections at Tuggerah Parade and Swadling Street.

Roads and Maritime Services will carry out the Stage two work, which includes redesigning road markings and new parking restrictions. Before these changes are made, we will be replacing sections of concrete kerb along the road. We will complete this work between 6am and 5pm from Monday 27 May.

Our work includes:

- resurfacing the road to provide a smoother ride
- redesigning the northbound and southbound lanes at the Tuggerah Parade intersection to improve traffic flow through the traffic lights. Parking restrictions will be put in place between 6.30-9.30am and 3.30-6pm on weekdays, and 9.30am-12.30pm on Saturdays in the area shown in the map.
- redesigning the southbound lanes at the Swadling Street intersection to improve traffic flow. Parking will be removed between Swadling Street and Oaks Street to improve efficiency through the signalised intersection.

We will be working between 6pm and 5am from Sunday to Thursday and expect to complete the project in four weeks, weather permitting. Some work will also be carried out between 6am and 5pm from Monday to Friday.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures, stop/slow traffic arrangements and a 40km/h speed limit will be in place during work hours and may affect travel times. There will be traffic delays and motorists should allow extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App. Thank you for your patience during this important work.
