Start of major construction at Pacific Highway and Wyong Road intersection, Tuggerah from Monday 4 January 2016

The NSW Government is funding this $84 million project to improve traffic flow and safety at the intersection.

Roads and Maritime Services last month awarded a contract to Seymour White Constructions to replace the existing roundabout with traffic lights and build an additional bridge on Wyong Road.

Work is scheduled to start on Monday 4 January 2016, weather permitting.

The first stage of work will involve building retaining walls and bridge foundations along the northern side of Wyong Road.

We will be working Monday to Friday between 7am and 6pm. We will let you know in advance if we need to do any work outside these times.

The project is scheduled to be completed by early 2019, weather permitting.

How will the work affect you?
There will be some noise associated with this work. We will make every effort to minimise noise by arranging the work in stages at different locations. Where possible, we will minimise obstructions to driveways and parking.

Traffic changes
There will be some temporary traffic changes to make sure the work zone is safe. Temporary reduced speed limits will be in place during work hours.

Temporary lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App for iPhone, iPad and Android.

Contact
If you have any questions, please call our delivery partner Brad Binns, Seymour Whyte Constructions on 02 4346 4279 during business hours or 1300 139 249 outside business hours. For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.
