Start of early work for Wyong Road upgrade at Mingara Drive and Tumbi Road intersections

The NSW Government has provided $2 million in 2014/15 to finish planning for the upgrade and carry out early construction work.

Roads and Maritime Services is in the final stages of planning for the Wyong Road upgrades at the Mingara Drive and Tumbi Road intersections. The upgrades involve replacing the existing roundabouts with traffic lights to improve traffic flow and safety.

Early work activities are scheduled to start in late November and will involve:

- Repair and re-surfacing of the car park at the rear of the Tumbi Umbi shops in Sherlock Lane from Monday 24 November 2014
- Establishment of the site compound on Mingara Drive from December 2014
- Modifications to the Mingara Drive / Hansens Road roundabout from January 2015.

The main construction work is expected to start in the second half of 2015. The upgrades are scheduled for completion in 2017, weather permitting.

Work will be carried out Monday to Friday between 7am and 5pm and Saturday between 8am and 1pm. The car park work is expected to take five weeks to complete, weather permitting. The roundabout modifications are expected to take three months, weather permitting.

There will be some noise impacts associated with this work, however every effort will be made to minimise the impact on nearby residents and businesses.

To ensure the safety of workers, motorists and other road users, changed traffic conditions will be in place while work is carried out. A portion of the car park will be available for use. Traffic controllers and directional signs will be in place to direct motorists. A temporary 40km/h speed limit may also be in place during work hours and some short delays may be experienced.

We apologise for any inconvenience and appreciate your patience during this time.

For early work construction enquiries please contact the work supervisor, Gary Harsh, on 0413 481 466 or the Project Engineer, David Crowley, on 02 4352 5411 during business hours.

For further information about the project, please contact Roads and Maritime Services’ Project Manager, Matt Olle on 4379 7001 during business hours or visit the project web page at www.rms.nsw.gov.au.
